DEAD NUMBER 200

AWFUL RESULTS OF CAMBRIA MINE EXPLOSION.

MANY BODIES BROUGHT OUT

RESCUING PARTY FINDS FEW MEN ALIVE IN MINE.

MANY HARROWING SCENES

THOUSANDS GATHER TO FIND REMAINS OF DEAR ONES.

Johnstown, Pa., July 11.—It is now believed the total number of victims of the explosion in the Cambria company's "Klondike" mine yesterday will not fall far short of 200.

At 5 o'clock this morning eighty-seven bodies had been recovered and the heroic work of rescue had not penetrated near to the seat of the disaster.

All the Johnstown undertakers have been pressed into service and a score of men dressed in blue jumpers is at the temporary morgue to prepare the mutilated bodies of the victims.

The explosion visited horribly on the poor wretches. Heads are missing from many of the bodies, while all are burned and blackened almost beyond recognition. Grief-stricken crowds linger about the mine entrances. Sleep has visited none of them. No attempt at identification was made at the mine. That will have to be left until bodies are put in presentable shape in the morgue here.

The searching party that entered the mines this morning penetrated to the four left headings and which they were unable to reach last night, they found in one group twelve bodies, they believed six of them were living. At 2 o'clock this afternoon they sent out for medical assistance. Drs. Woodruff and Updegraff have just gone in. The names of three of the living men are John Crook, Philip McCann and George Holocyak.

FALSE REPORT.

The report that a rescuing party of twelve, headed by Superintendent Robinson, had met death in a second explosion in the Cambria mine today is pronounced without foundation by the officials of the Cambria company.

Distressing scenes are constant about the temporary morgue and on the side of the river at the foot of the descent from the pit mouth where women and children are awaiting the solution of the awful mystery of the life or death of their relatives, yet unheard from.

Several thousand are congregated at both points. No comfort is extended them by mine officials, as it is now conceded that no living soul who was in the mine after the explosion and not heard from can possibly be alive.

MEN WERE AT LUNCH.

Dr. Lowman said to The Associated Press reporter today that during his stay in the mine last night he counted 65 dead bodies. At that he did not have an opportunity to examine many gas-filled chambers of the big workings.

From the positions of the bodies the miners were evidently eating their lunches when suddenly stricken down by the explosion. They were seated in groups of five and ten, with their buckets and the remains of their lunches scattered over the floor. Evidently their lives were snuffed out quickly and easily.

SIXTEEN LIVING FOUND.

At 3 o'clock this afternoon eight living men were brought out of the West Mont slope. They were found lying face downward. At the Cambria hospital it is thought they may recover.

A little later eight more living men were found, but in a condition that does not permit of their being brought to the surface at once.

THE IDENTIFIED BODIES.

Of the bodies at the morgue, the following have been identified:

John Thomas, mine boss, 60 years old, leaves a wife and child. He escaped but went back to help the others and thus lost his life.

John Whitney, fire boss, 45 years old, survived by wife and family. He also escaped but went back with Thomas and perished with him from the fire-damp.

William Blanch, assistant mine foreman, 32 years old and single.

Mike Siloenec, 45 years old.

Mike Siloenec, aged 18, son of the above.

Emerich Bawista, aged 23.

Mike Sabot, aged 19.

John Borasap, married.

John Huley.

Spase Shinko, aged 42, wife and five children.

John Bartok, wife and two children in the old country.

John Lasko, aged 30, wife and two children.

Mike Prezucki, aged 38, wife and three children.

Stephen Knotz, aged 28, wife and child.

John Novak.

Anton Larzsky, aged 20.

Valentine Plaga, aged 35, leaves wife and two children in Austria.

John Kriger.

Boleslaus Miskabosky, aged 25, wife and two children.

August Struzinsky, aged 35, wife and five children.

John Karasewicz, aged 30, leaves wife and two children in the old country.

Mike Cilenebic, and seven-year-old son.

Ladislaus Durboski, aged 34 and single.

Of the forty-seven bodies at the morgue, twenty-one were identified as Poles by Rev. Father Embinski.

As fast as identification is completed the bodies are being taken to their houses. At noon the charnel house was about cleared of bodies.

THOUSANDS WERE WAITING.

Johnstown, Pa., July 11.—Just as day broke through the pall of fog this morning the grim details of the awful disaster at the rolling mill mine of the Cambria Steel company dawned with renewed force on the thousands waiting for authentic news as to the extent of the explosion. Forty-seven dead bodies, all contorted and many blackened and burned, lay stretched on rough slabs at the improvised morgue in the armory building. Forty more were in cars in the mine, ready to be borne out as fast as room could be made for them. At that time estimates of the number of dead reduced the fatal scope of the calamity. But these, while fixing it at around one hundred, were not conclusive. General Superintendent G. J. Robinson would not say at that time whether he thought there were 100 or 300 dead. He said there was no way of telling until a full investigation of the mine was made. When that would be, he said, he had no means of telling. All rested with the difficulty in clearing the heading of after-damp.

FIRST TRAIN LOAD OF BODIES.

It was 5:55 o'clock when the first train load of victims was brought to the mouth of the main entry. Forty-nine cars were used in bringing out forty-six dead bodies and four living injured. The discovery of the dead bodies was made by a searching party about 10 o'clock last night. They were lying in the main heading two miles in from the main pit mouth. No attempt was made to remove them until certainty was established that no more living remained in the mine. The first official statement of the disaster was given The Associated Press reporter by General Mine Superintendent George Robinson at 7 o'clock this morning.

ROBINSON'S STATEMENT.

He said:

"As to the direct cause of the explosion I cannot exactly say. We know there was an explosion of fire-damp in the sixth right heading of a section of the mine commonly known as the Klondike. So far as I can find out now there were not more than three or four deaths from the explosion itself. The balance was caused by the after-damp.

"Our mine officials, the mine foreman, Henry Rodgers, Fireboss John Retallic, Machine Boss William Robinson, who is my brother, and a Slav whose name I do not know, were back eating lunch when the explosion occurred. They immediately went down to the point of the explosion to put up the slopings in order to carry the air in its proper channel again. These were blown down by the force of the explosion.

They, with the exception of the assistant foreman and one of the fire bosses, were overcome by after-damp. They were found by a rescuing party and the chances are that all will recover with the exception of my brother.

THE RESCUE WORK.

"As to the rescue work I directed it to commence just as soon after the explosion as possible. We started in at 1 p. m. We started working our way down by putting up brattices in order to carry the air with us. I suppose it was 10 o'clock at night before we came across the bodies of the living. Doctors John Lowman and John Hannan went down with us. They carried tanks of oxygen with them which were emptied to good effect on the living.

"We found twenty-five dead on our way to these four living. Twenty more we found later on. They were scattered through that section of the mine. Most of them were on their way out when caught by the fatal after-damp.

MUCH CONCERNED

IS THE PRESIDENT OVER THE FRIAR QUESTION.

HAS THE VATICAN'S REPLY

UNTIL NEGOTIATIONS ISSUE NOTHING WILL BE SAID.

ROOT WILL MAKE STATEMENT

WHEN TIME FOR PUBLICITY HAS ARRIVED.

Oyster Bay, N. Y., July 11.—After a breezy outing in the early morning President Roosevelt and Secretary Cortelyou took up the business which had reached them by wire and in the morning mail.

A question which now is engaging the president's attention and which is giving him no little concern is that respecting the negotiations with the vatican for the withdrawal of the friars from the Philippine archipelago. Mr. Roosevelt has received from Secretary Root the pope's note in reply to Governor Taft's propositions, cabled to the war department from Rome. It is announced that until the negotiations have been brought to an issue successful or otherwise, no formal statement by the administration will be made. When that time shall arrive the statement will be given to the public by Secretary Root in Washington. Nothing will be made public here.

M'LAURIN CALLS.

Senator McLaurin, of South Carolina, accompanied by D. D. Colcock, secretary of the Louisiana Cane Growers' association, arrived here today. Mr. McLaurin took luncheon with the president. Mr. Colcock saw Secretary Cortelyou but did not see the president early in the day. He was desirious of discussing the Cuban reciprocity question with the president, feeling that he could make out a good case for the southern sugar growers. Senator McLaurin said his call was purely social but it is not unlikely that Mr. McLaurin's expected appointment as a judge on the court of claims bench was under discussion.

Father Thomas F. Malone, of Denver, Col., met the president at 12 o'clock today by appointment. They went over together the case of the priest, John H. Cushing, who endeavored to see the president several days ago, but failed.

Secretary Root is expected at Sagamore Hill tomorrow.

WILL NOT FAIL.

Washington, July 11.—The negotiations now in progress at the vatican respecting the Philippine friars and their lands will not fail. Of that the administration officials here feel certain. It was realized at the beginning, when Governor Taft's instructions were framed, that they represented the extreme of our claims and that they did not preclude the idea of reasonable compromise by mutual concessions. The negotiations are proceeding in this spirit. The United States government will not secure everything it desired, because even if the pope were disposed to concede these things, the negotiations have developed the fact that although his power is theoretically unlimited, in actuality the internal politics of the vatican impose conditions even upon the chief prelate of the church which he must observe. Therefore the immediate and complete withdrawal of the Spanish friars from the Philippines is not now expected, but it is believed that the result desired can be accomplished by an arrangement for the substitution of friars of other nationality, and the principal issue at present is as to the time within which this change may be brought about.

HOMES WANTED FOR BOYS.

Humane Officer Schlaudroff is anxious to find homes in the country for three boys ranging in age from 9 to 12 years. Two of the boys are children of parents too poor to properly care for them and the other is the son of a widowed mother who cannot give him support. The boys are bright little fellows, Officer Schlaudroff says, and such as would make useful members of some farm household where they would receive kind treatment and proper rearing. Inquiries addressed to L. C. Schlaudroff, Humane officer, 82 Clinton street, this city, will receive attention.

Master Roger Bailey, son of Mr. and Mrs. L. G. Bailey, of Huestis avenue, celebrated his ninth birthday anniversary entertaining a merry company of his little friends. The time was most delightfully spent by the children and the young host acquitted himself with immense credit. Mrs. Bailey had very pretty favors for the young guests, who will not soon forget Roger Bailey's birthday party.

TO HAVE HEARING LATER.

Mrs. Harriet Davis, mother of the mail wagon driver under charge of stealing from the mails, was taken into custody last evening by Deputy Marshal Scott. After signing a bond for $500 for her appearance at a preliminary hearing next week, Mrs. Davis was released. She is charged with secreting the goods alleged to have been stolen by her son.

Republican Central Committee Figures on Sending the Ohio Man Into the Twelfth District.

(Special to The Sentinel.)

Indianapolis, Ind., July 11.—The republican state central committee will probably send Senator Marcus A. Hanna into the Twelfth district for one day in October. He will be booked for a speech at Fort Wayne.

District Chairman Leonard, when questioned by a Sentinel reporter this afternoon as to Senator Hanna's coming, said he was aware the committee desired to secure him for an address in Fort Wayne, but he had no information as to the progress of the arrangements looking to that end.

Richmond, Ind., July 11.—Emmett Packhouse, who says his home is at Fort Wayne, arrived here yesterday with a fully developed case of smallpox.

WORK ON TREATY

GETTING CANAL PACT READY FOR SIGNATURE.

DISPUTED POINTS IN HAND

COLOMBIAN MINISTER MEETS AMERICAN AGENT.

CANNOT BE SIGNED AT ONCE

DOCUMENT MUST HAVE COLOMBIA'S APPROVAL.

Washington, July 11.—With the expectation of signing the treaty by which Colombia will confer all the necessary rights incident to the building of the Panama canal by the United States government, Senor Concha, the Colombian minister; Mr. Herran, first secretary of the legation, and William Nelson Cromwell, representing the Panama canal and railroad companies, are busily engaged in going over certain points in the treaty which must be modified before the instrument can be signed.

Neither the state department nor the Colombian officials here care to disclose the nature of the modifications which it has now become necessary to make in the treaty, but it is understood that all of them, either directly or indirectly, involve the question of sovereignty.

The close study now in progress of the isthmian canal act and the treaty presented by the Colombian government, develops apparently important differences and obscurities in the letter of the documents, which may not, however, exist in their spirit. For instance, section 2 of the canal act authorizes the president to acquire from Colombia "perpetual control of a strip of land, * * * which control shall include * * * jurisdiction over said strip and the ports at the ends thereof, to make such police and sanitary rules and regulations as shall be necessary to preserve order and preserve the public health thereon, and to establish such judicial tribunals as may be agreed upon thereon as may be necessary to enforce such rules and regulations."

From this portion of the act it would appear that the United States alone is to make police and sanitary regulations for the canal strip and establish judicial tribunals for their enforcement. Yet article 3, of the draft of the canal treaty, provides for the creation of "a joint commission by the governments of Colombia and the United States that shall establish and enforce sanitary and police regulations."

Article 4 of the treaty deals specifically with the question of sovereignty, as follows:

"The rights and privileges granted to the United States by the terms of this convention shall not affect the sovereignty of the republic of Colombia over the territory within whose boundaries such rights and privileges are to be exercised.

"The United States freely acknowledges and recognizes this sovereignty and disavows any intention to impair it in any way whatever, or to increase its territory at the expense of Colombia or of any of the sister republics in Central or South America, but, on the contrary, it desires to strengthen the power of the republics on this continent and to promote, develop and maintain their prosperity and independence."

Briefly summing up, it appears to be the task now before the parties to the proposed convention to define with absolute clarity the extent and limits of the control or joint control to be exercised over the canal strip. For while control is not sovereignty in the common acceptance of the terms, yet in practice the two often merge so closely as to defy identification, and it has all along been recognized that any provision of the treaty which threatens in any measure the sovereignty of the South American republic over the canal land, will not be acceptable to the Colombian congress.

Minister Concha has been in poor health during the spring and summer and contemplates a journey out of town to recuperate in the near future. It is confidently hoped that the treaty may be signed before his departure.

Mr. Cromwell called again at the state department today to confer further with Secretary Hay respecting the proposed treaty. It now appears that, contrary to the first expectation, this treaty cannot be signed before next fall. It was expected that, with his full powers, Minister Concha would be able to quickly adjust the points of difference abo indicated, it it develops that to at any ment with h to what he has accomplished, the minister deems it essential that it shall be made acquainted with the smallest details of the negotiations.

CANADA GREATLY SURPRISED

COMPLAINT OF THE UNITED STATES UNFOUNDED.

Cases of Gaynor and Greene Delayed Only So Far as the Law Makes it Possible.

Toronto, Ont., July 11.—A dispatch to the Globe, government organ, from Ottawa, says:

Surprise is expressed here at the complaint by a legal representative of the United States that vexatious delays have occurred in connection with the extradition of Messrs. Gaynor and Greene, and the reported intention of the Washington authorities to complain to the imperial government is scarcely credited. The case is in the courts, and if counsel for the prisoners take advantage of the technicalities in the interest of their clients delays are unavoidable. But for this, perhaps, the federal authorities are not to be held responsible. The law clearly sets forth the course to be followed in an extradition case. Judgment must be rendered in accordance with the facts brought out. Should the evidence justify a commitment for extradition the judge or extradition commissioner forwards the evidence to the department of justice at Ottawa, together with his report, when the latter issues a warrant for extradition. The department has no right to intervene unless the offence for which extradition is sought is a political one. If sufficient grounds for the extradition of the accused can be established the two men will be handed over in due course.

JUDGE OLDS SAYS IT'S BOSH

QUEER STORY COMES FROM INDIANAPOLIS.

Reply in Lawsuit Says Southwestern is Figuring on Lighting Plant Here.

(Special to The Sentinel.)

Indianapolis, Ind., July 11.—In the plaintiff's reply filed today in the case of Townsend, Reed & Co., vs. the Fort Wayne and Southwestern Traction company, the terms of sale and agreement are given under which the constructing company sold the road to its present owners. It is alleged as a part of the agreement that the Fort Wayne and Southwestern company figures on building lines to Marion and Lafayette, and to also operate an electric lighting plant at Fort Wayne.

General Manager Nelson was out of the city this afternoon, but when a reporter for The Sentinel submitted the above telegram to Judge Walter Olds, one of the attorneys for the Southwestern, Judge Olds pronounced the electric lighting idea all bosh. The suit of Townsend, Reed & Co. is for a sum of money alleged to be due them for completing the line to Huntington after its sale to the McKinley syndicate. The idea of building a line to Marion has long been under consideration.

ACCUSED OF LARCENY.

Robert J. Hillegass filed an affidavit against Leonard Dunten in Tancey's court charging the larceny of $5. The parties live at Huntertown and the arrest was made by Deputy Sheriff Reichelderfer at noon today. The case is supposed to be called for trial late this afternoon.

BASE BALL

That was a right clever game played by Brooklyn and St. Louis yesterday at the later named city. For the second consecutive day the two clubs played twelve innings to a tie and had to stop on account of darkness. In yesterday's game each club made two runs and not an error was charged to either side. Over 3,000 people attended against 300 the day before. Chicago put the blocks to Philadelphia in great shape and New York, the rank tailenders, beat Pittsburg, the leaders, in a well fought game. The total attendance at four cities was 7,113. In the American league Detroit must have been a trifle muddled over Mullin's escapade because they couldn't hit the ball at Cleveland and couldn't make any runs at all. Other American games were rather tame and none presented any features out of the ordinary. The attendance at three cities was 9,707. In the American association no games were scheduled yesterday but in three cities postponed games were played and at Indianapolis a double-header was pulled off with Columbus, the two clubs having been up against a tough wet spell at the previous series. Unfortunately for Columbus, Indianapolis was in good fettle and won both games. St. Paul broke the season's record by making 11 errors and the correspondent says that Minneapolis won simply because she could not make as many errors as St. Paul. The attendance at the three cities averaged very good aggregating 4,156, Milwaukee being low with 450. The results will be found below:

HORSES KILLED BY LIGHTNING.

A fine team of horses, belonging to Henry Dobbins, of Sheldon, was killed by lightning during the severe storm on Wednesday afternoon. When the storm came up Mr. Dobbins made haste to get his team under shelter in the barn and had left the building but a few minutes when a lightning bolt came through the roof, badly damaging the barn and instantly killing the horses. A large barn on the Blackhawk farm, northeast of the city, was also struck during the storm, and a herd of about 100 cows was badly shocked, some of the animals being thrown to the ground. When milked a short time afterward only a few quarts of milk were secured from the entire herd.

REUNION OF COLLEGE CIRCLE.

Six of the original twelve members of the M. E. Circle of Correspondence, organized years ago in the old M. E. college, attended the reunion given yesterday at the Randall hotel. They were W. H. Turner, of Detroit, a son of Harvey K. Turner, of this county; Mrs. Dr. J. W. Cartwright, of Payne, O.; Mrs. D. A. Walmer and J. W. Goodyear, of Bluffton; Dr. J. T. Dickes, of Portland, and Mrs. M. A. Mason, of this city. When the Circle was formed twenty years ago the members adopted a plan to keep in touch with one another in the years to come. One member was to write a letter on one sheet of paper and forward it to another member, who was to add a sheet and send it on and to continue the Circle until the letters came back to the first sender, who detached his sheet and sent the others on until all had read the letters of the others. There are no officers in the Circle, and reunions are held every two years, the next being held in Bluffton. Several members of the Circle were accompanied by members of their family and fourteen sat down to the banquet.

Mrs. Wakeman S. Matthews, wife of a Huntington county farmer, has sued for divorce, alleging among other things that on one occasion as they were driving home from town he stopped the team on a railroad track as a train was approaching, asking her if she were not ready to die, and declined to drive out of harm's way until compelled to do so by men who approached. Other cruelties and drunkenness are also charged.

SUICIDES IN A MILL RACE.

South Bend, Ind., July 11.—Charles G. Hodson, one of the oldest and best known residents of this city, committed suicide yesterday by jumping in what is known as the West race. The deed was committed within sight of the building representing a series of lumber ventures in which he had figured for a generation and in the very stream which had furnished the motive power for these various enterprises. His lifeless body was discovered by Joseph Zeidler, a night watchman. His arms were clutching the bars of a flume belonging to the plow company and his body was standing erect, the upper portion of his head protruding a trifle from the water. Business reverses and a multitude of other troubles are assigned as a cause for the act. Mr. Hodson had been connected with various manufacturing industries of the city since 1855.

A FARMER BURIED ALIVE.

OLD ISSUE AGAIN

COUNCIL RESUMES DEBATE OF FRANCHISE.

TRACTION FARES DISCUSSED

COMPANY REPRESENTED AT A CONFERENCE.

NOTHING DEFINITE IS DONE

ANOTHER MEETING TO TAKE PLACE NEXT WEEK.

The city council met last night as a council and referred the Macbeth garbage ordinance, resolved itself into a committee of the whole, labored until 11 o'clock on the Fort Wayne Traction company's extension franchise, accomplished nothing definite and then took a recess until next Tuesday night to further consider the matter.

When the city clerk called the body to order he announced that Mayor Berghoff was out of the city, whereupon Councilman Bauer was selected as temporary president of the council. The call of the roll showed all the members present excepting Glenn. The pleasure of the council being asked for Clerk Schmidt read the ordinance drafted by the health commissioner and City Attorney Shambaugh, which was signed by Councilmen Hench and Figel; it was read the second time and referred to the committee on health.

FRANCHISE CALLED UP.

President Bauer then stated the object of the meeting, whereupon Councilman Miller moved that the council go into committee of the whole in open session, to consider the franchise as amended by the council, granting to the Fort Wayne Traction company the right to make further extensions and hear the manager and attorney of the company in regard to the same. The motion prevailed and the council was so resolved with Councilman Schoid as chairman and Councilman Hench as secretary.

The communication of Manager Scott, under date of June 12, was then read, after which Lennon moved that the contract be taken up section by section and passed until objection was offered by the company's representatives, when the objectionable features should be discussed.

THE WRONG DOCUMENT.

Secretary Hench then proceeded to read the first section of the franchise when it was discovered that the section read was part of the original franchise submitted by the Traction company and not the amended section. Lennon said that it was all right and that the company's attorney was present and that if there was anything objectionable he would have the privilege of kicking.

Ehrman said he did not doubt that, but that it was ddubtful whether the attorney would kick on a franchise that he had himself drawn; what he wanted was the revised franchise, the one that the council had decided upon and not the one that the company wanted. Then came a pitiable scene. For over half an hour the members of the council and the special committee, assisted by the city attorney and the clerk, floundered around trying to find the amended contract.

A COPY IS FOUND.

Finally a copy interwoven with almost unintelligible interlineations was found and everybody was trying to explain just what this or that insertion or erasure signified. Somebody suggested that with a $2,500 clerk, a $500 stenographer, a $2,000 city attorney and five $150 councilmen on the special committee it would appear as though the time from before the 1st of June to the present should have been sufficient to enable a correct copy of the revision to have been made; if not more assistance should be employed so as to give the salaried officers more rest. The matter was compromised by reading the franchise partly from the original manuscript and partly from the printed report and between the two a pretty fair out was finally made of it.

Miller wanted to take up the direct communication of Manager Scott and Hosey thought the best way to get at it would be to hear from Mr. Scott what concessions he was willing to make.

MR. BARRETT SPOKE.

After debate Attorney Barrett was given the floor. He spoke at some length detailing the motives of the street car company and suggested that a mistake had been made in drawing the franchise in asking to go as far south on Calhoun street as John avenue and looping around to the north to get to the organ factory and said a shorter route would be preferable. He called attention to the fact that the Fleming franchise introduced a competing line in the southeastern part of the city and that therefore the Pontiac and Winter street lines would be impracticable. He objected to striking out a paragraph in paragraph 10 of section ... for ... and ... freight loop on Lafayette street and made some other objections.

THE FREIGHT LOOP.

Sordelet interrupted to inquire whether it was not the understanding that the Traction company was asking for a personal franchise independent of interurbans, and upon being informed that was the case, wanted to know what the company wanted with a freight loop. There was no further discussion about freight loops. Zurbuch wanted to know why Lieth street could not be used to go east into an unexplored territory if Pontiac street was found objectionable, but the question was not pressed.

MR. SCOTT TALKS.

Section 2 was then taken up, being the one relating to fares. Mr. Scott was asked to take the witness stand, which he did standing in front of the secretary's desk, where he could readily hear and see, and for over an hour he dilated upon street car expenses, absence of profits and actual losses as sustained by his company under present conditions, which embrace practically a flat five cent fare, with the exception of the $4 books and the $3.50 limited workingmen's tickets. He showed conclusively that it cost just a fraction less than 5 cents to carry a passenger. He said in answer to questions that 3½ cent tickets had a very limited sale, but that seven tickets for 25c would be universally used, he thought. He said that the reduced fare tickets were an experiment and that they were put on at the solicitation of the Commercial club with the distinct agreement that they should have no influence upon subsequent street car legislation. Asked about school children's tickets at 30 for $1, he said that they were always a failure wherever tried. He said that cheap tickets were used principally during busy hours, when the company could get flat fares if there were no tickets, but immediately afterwards stated that only 20,000 3½ cent tickets were used in 1901, 324,801 4 cent tickets and that 3,587,802 cash fares had been paid. The June receipts for this year showed a decrease of over $4,000 compared with the corresponding month last year. Inferrentially he tried to explain that the cold weather was responsible for this decrease. He continued by saying that anything in the way of concessions must first be compensated for by a grant for a Clinton street extension, with an outlet on either Holman or Chestnut street, preferably Holman street.

QUESTION OF FARES.

Ehrman asked whether a Clinton street franchise would make the 7-for-a-quarter proposition look any brighter to him. "No, sir; our fare proposition as embodied in my last communication is our ultimatum." Later he reconsidered that statment. Hosey asked whether it would be fair to base the ticket rate on the gross earnings to which Mr. Scott replied that it would not be and that the only fair way to base reductions would be upon the net earnings above 7 per cent on the capital stock.

Bauer:—"Suppose we agreed to your 6-for-a-quarter rate, gave you the Clinton street extension, gave you an outlet on Holman street, gave you everything you ask for and some more thrown in and extended your franchise 50 years, would you then agree to a revision of fares every ten years?"

Scott:—"No, sir; not for a perpetual franchise."

Lennon inquired whether he would agree to sell 30 tickets for $1.05 to which question Mr. Scott answered by silently shaking his head. Finally the question of selling 30 tickets for $1.05 good only between 6:30 and 7:30 a. m. and 5:30 and 6:30 p. m. was more favorably discussed. Some one asked where these tickets would be purchasable whereupon Bauer said "At the company's down town waiting room."

MAY GIVE WAITING ROOM.

"Well, we have been considering a waiting room down town," said Mr. Scott, "and one is not improbable."

The discussion then ran along the lines of carrying passengers on the park line at the reduced rate. Mr. Scott said many people would take advantage of the cheap fares to go to the park which would at even a four-cent ticket rate mean four cents per passenger per round trip; he said that the company could not discriminate between a man going to work or a man going to a picnic which caused Mr. Ehrman to inquire whether it cost more to carry a man the same distance going to a picnic than it did going to work.

Lennon said directly to Mr. Scott that if he would agree to sell six tickets for a quarter and sell 30 tickets for $1.05 good during certain hours as above named and not good on the park line during the months from April to September, he would agree that the council would fix up the other points to his satisfaction.

Mr. Scott said he would have to refer that matter to the board of directors at Cleveland but intimated that it might be arranged.

Mr. Lennon thereupon made a motion that the council would accept such a revision of the fares in lieu of the flat 7-for-a-quarter proposition ...

said that the council was no closer to a solution than it had been at the most remote time; that Manager Scott had always withheld any proposition on the ticket question and that he was willing to talk about anything except cheaper rates; that tonight was the first time that he had ever agreed to consider ticket concessions and that now he must first refer the matter to the board of directors. He therefore moved that the council take a recess until Mr. Scott's directors could be heard from. This brought Lennon to his feet who immediately withdrew his motion to pass upon the ticket proposition as he had outlined. Several members spoke warmly in support of Bauer's motion and said that it was just as proper for the council to require an absolute statement from the company as it was for the company to expect the council to make its concessions first.

The matter was settled by an agreement to take a recess until next Tuesday night. The committee then rose, resolved itself into a council and adjourned according to the previous motion.

HUNDREDS MADE HOMELESS

DES MOINES FLOOD VICTIMS SLEEP OUTDOORS.

Many Have to Beg for Food, Though Every Effort for Relief is Made —Damage Enormous.

Des Moines, Ia., July 11.—Hundreds of homeless flood sufferers spent the night in school house yards and in downtown parks without so much as a blanket to cover them. Some had to beg for food, although every possible effort is being taken to provide for them.

It is believed the situation in the flooded district cannot be materially relieved for several days and that when the water finally reaches its former channel, an epidemic of malaria and typhoid fever will prevail.

The damage is expected to reach a million dollars.

TOPEKA IS FLOODED.

Topeka, Kansas, July 11.—The Kaw river here has risen one foot since yesterday and is still rising. The lowlands are flooded. In North Topeka several families have abandoned their homes, which together with the First Cumberland church are surrounded by water.

Water is running over both Garfield and City parks in this city and the street railway tracks in the lower districts are submerged. The street railway bridge in Topeka still stands but is in a shaky condition, and the bridges at Willard and Valencia and nearby points are in danger.

HIGH AT KANSAS CITY.

Kansas City, Mo., July 11.—The Kaw river here is nearly one foot higher than yesterday with indications that it will continue to rise gradually for another twenty-four hours at least. The worst damage is at the town of Armourdale, on the Kaw, where several streets are under water from one to four feet deep.

BRYAN WILL NOT BE INVITED

STATE COMMITTEE NOT TO ASK HIM TO SPEAK.

Democratic Organization Disposed to Let Him Alone—Others May Invite Him.

Indianapolis, July 11.—A member of the democratic state committee, who did not care to have his name mentioned, said yesterday that William Jennings Bryan will not be invited by the organization to make speeches in Indiana this year. This course has not been fully determined, but he said that a majority of the district chairmen are in favor of letting Bryan severely alone. If the former leader takes part in the state campaign, the chances are that the organization will not be sponsor for it.

Members of the organization have been debating among themselves whether or not Bryan ought to be invited, but since he has shown his displeasure over the platform and the indorsement of Cleveland's speech by certain Indiana leaders, a sentiment that he ought to be ignored has grown up.

The member who said the organization would not include Bryan in its list of spellbinders this year said it was possible that Bryan might be asked by some of his admirers to make a few speeches in the Second district, where he still has considerable following.

BAD SHAPE OF THE SECOND.

The Second is in so bad shape because of the bitter three-cornered fight among Miers, Davis and Wellman for congress, and the refusal of the congressional delegation to indorse Bryanism, that the party leaders will hardly be surprised at anything that is done there.

Efforts are being made to harmonize the Second, which is one of the strongest democratic districts of the state, but it is admitted that it will be difficult in three or four counties to bring the party workers together.

The state committee will have a meeting some time within the next month at which the list of speakers for the campaign will be considered. It is understood that a majority of the candidates have protested against paying any further attention to Bryan or inviting any one to make speeches who is likely to expound Bryanistic theories.

TELEGRAPHERS GET ADVANCE.

Denver, Col., July 11.—The Denver and Rio Grande railroad has agreed to an advance in wages of its telegraph operators from $2.50 to $10 per month, according to positions. The grievance committee of the telegraphers has been meeting with the officials of the road for several weeks and many matters have been disposed of amicably.

ULTIMATUM TO STRIKERS.

Omaha, Neb., July 11.—The Union Pacific railroad company today gave formal notice to its striking shopmen to return to work at once or forfeit their positions. Vice President Wilson, of the machinists' union, said the notice would have no influence with his men. W. R. McKeen, superintendent of motive power, admitted that the company was preparing to begin operations in all its shops. He said the company now had sufficient men to operate all its shops in a limited capacity and would soon be able to run them at full force.

PERU STORY IS PREMATURE

REV. MEISSNER'S SUCCESSOR IS NOT YET CHOSEN.

Must Follow Prescribed Course in Selection—Other Diocesan News Notes.

A Peru newspaper comes forward with the announcement that Very Rev. J. H. Guendling, formerly vicar general and during the illness of Bishop Rademacher administrator of the Fort Wayne diocese, is to be appointed to succeed the late Rev. Father Meissner as pastor of the Catholic church at Peru. To a reporter for The Sentinel today Bishop Alerding stated that any such announcement was premature, though he would not deny that there was a possibility that the choice might fall upon Father Guendling.

Peru is one of the irremovable rectorships of the diocese, and the mode of procedure in filling a vacancy in points of this kind differs materially from that at other points. Probably on Tuesday next the bishop will send out to the clergy the official notice of Father Meissner's death and the announcement that a vacancy exists there. No priest can be appointed to an irremovable rectorship who has not been in the priesthood at least ten years, and he must have been in charge of a parish at least three years.

Within the twenty days following the bishop's notice, priests who are eligible and desire the appointment at Peru will file with the chancellor of the diocese their application, which entitles them to enter concursus. At the end of the twenty days a date is fixed for the examinations, when candidates for the place must present themselves before the diocesan examiners of the clergy, who are Rev. H. J. Heuser, D. D., of Huntington; Rev. J. H. Oechtering, of Fort Wayne, and Rev. B. Wiedau, of New Haven.

MAY ADD OTHERS.

At present there are but seven irremovable rectorships in the Fort Wayne diocese—Peru, St. Mary's, Fort Wayne; Lafayette, Decatur, Mishawaka, St. Vincent's, at Logansport, and SS. Peter and Paul, Huntington. The third council of Baltimore decreed that 10 per cent. of the parishes of a diocese could be promoted to irremovable rectorships, and this would make it possible for four additional stations of this kind to be created in the Fort Wayne diocese, and Bishop Alerding said today that this might be done later. It is probable that the synod to be held next year will take up the matter.

PARSONAGE IS BURNED.

Rev. Father Zumbuelte, the veteran pastor at Hanover Center, Lake county, today notified Bishop Alerding that his parsonage was struck by lightning Wednesday evening and entirely destroyed by fire, together with all its contents, including records, library, clothing and considerable church property. Arrangements are already under way to rebuild a better home for the pastor.

The chancellor, Rev. Father Bathe, who has been making a tour of Europe, writes that he will sail for home either July 26 or July 29.

The biennial retreat of the clergy of the diocese will be held at Notre Dame from August 18 to August 21, in Sorin hall.

A very excellent life-size portrait of the late Bishop Dwenger, handsomely done in oil by one of the Sisters of Providence connected with St. Augustine's academy; has just been hung in the bishop's residence.

A MYSTERIOUS AFFRAY.

Ironwood, Mich., July 11.—A shooting affray, which occurred at an early hour at Iron Belt, on the west end of the range, is mystifying the authorities. One Finlander named Hill was killed and a fell-countryman named Reibeck was probably fatally wounded. Residents of the town awakened by the reports of firearms found the two men lying in their own blood near the depot. Each had received several bullet wounds from a revolver found lying nearby. It has not yet been determined whether either of the men did the shooting or whether an unknown party is responsible. Reibeck has small chance for recovery.

TO GRACE.

Five years ago today, dear Grace,
Since thou hast faded from our sight;
Thy sunny smile, thy happy face
And loving nature, kind and bright,
Are treasures in our memories.
And, though unseen, we feel the thrill
Of thy sweet presence, like the breeze
That brings the rose's message still;
Although the rose itself is gone—
Death freed its soul. So with mankind;
God gives a human soul at dawn,
As hostage, bound to earth, confined
Within the body till the hour
That death shall come and bring release,
And when, dear Grace, that mighty power
Brought thine, we said farewells and peace;
But thou wert listening, rapt, enthralled,
To loving hosts that welcomed thee
To realms above. So I, when called,
Believe my child will welcome me.

FIVE CASES OF SMALLPOX

THESE ARE ECHOES OF THE FUELLING CASE.

All of the Patients are Children and None is in Serious State From Disease.

Five more cases of smallpox were uncovered to the health department last evening. None of the cases are serious and at least two of them are nearly recovered. Amelia, aged 5, and Emma, aged 9, daughters of Mr. and Mrs. Henry Roesener, of 1108 Stophlet street, are down with mild types of the disease. The outbreak is readily traceable to the William Fuelling case, the gentleman who was married with a well developed case in stock and who was entertained at the Roesener home several Sundays ago, the entertainment being rudely interrupted by the health officer who insisted on vaccinating everybody in sight.

In the double house at 451 and 453 West Williams street three other cases were found. Eliza, aged 10, and Lester, aged 7, children of Mr. and Mrs. William Klingman are down at No. 453. The girl is just getting into the case well but the boy who has been sick over a week, is nearly completely recovered.

Robert Barber, aged 8, living in the other end of the house is practically over the disease. In none of the latter cases was a physician called until last night when Dr. Enslen was called to treat the Klingman girl who is quite ill. The parents of the children did not know and did not even suspect that they were suffering from smallpox.

As stated, none of the cases is serious.

Quarantine was today raised on the home of Miss Shujaker, at the corner of Main and Lafayette streets, the young woman being entirely recovered. Francis Chanton, who has been at the isolation hospital for several weeks is far enough recovered to be discharged today and will be brought to the city and installed as nurse at the Labbe residence on Madison street, where two cases were discovered yesterday.

POISON CASE IS DROPPED

SOUTH BEND PROSECUTOR IN DOUBT OF EVIDENCE.

Mrs. O'Malley and Young Hearin Are Bound Over at Philadelphia —Woman Furnishes Bond.

South Bend, July 11.—Mrs. Aline Ellis O'Malley will not be charged with attempting to murder her husband by administering arsenical poison. The bottom dropped out of the case last night when State's Attorney George E. Clarke said:

"The evidence which I have is purely circumstantial and hardly strong enough to warrant me putting the county to the expense of a prosecution. There is nothing to warrant Indiana officials in asking Mrs. O'Malley's return to the state. I have read letters from Mrs. O'Malley to young Hearin. They were not such letters as a young married woman should write to a man other than her husband. The fact that she had her picture taken with Hearin at Coney Island while her husband was lying ill at St. Agnes' hospital is undisputed. We have the photographs. Beyond this, however, we know little."

COUPLE BOUND OVER.

Philadelphia, July 11.—Magistrate Kochersperger yesterday afternoon held Mrs. O'Malley and William J. Hearin in $1,200 bail each for court on the two-fold charge of larceny and conspiracy to rob. Mrs. O'Malley's father, W. A. Ellis, of New York, attended the hearing and gave bail for his daughter. Mrs. O'Malley and her father left here last night for New York. No bail was forthcoming for young Hearin and he was taken back to prison.

It is said that bail will be given for him today.

Assistant District Attorney Smyth refused to present new evidence, and counsel for the defense demanded the release of the prisoners, claiming that Magistrate Kochersperger had on July 2 ordered a further hearing for yesterday on the ground that the commonwealth had not produced sufficient evidence to warrant his holding the defendants for court. The prosecution maintained that no additional evidence was necessary at this time, and to this the magistrate agreed.

been said on either side. We believe if the council on the one hand and the traction representatives on the other are prepared to make some concessions an agreement can yet be reached that will finally ensue in the building of the extensions so strenuously demanded and so badly needed in sections of the city now remote from street railway service. One encouraging sign is that while each party to the dispute has now and then announced something like an ultimatum, they continue to hold conferences and debate disputed points. The process is tedious and progress scarcely appreciable, but that will be largely overlooked, even by those who are suffering from the delay, if the whole distracting matter is finally brought to issue. Now that the matter is again up, why cannot it be kept under consideration until something is achieved or it is demonstrated positively that nothing can be done?

Thirteen years ago the city of Johnstown felt the weight of a disaster that shocked all humanity. The loss of life in the tremendous flood has placed that terrible event in the list of the world's great cataclysms. The less extensive though still horrible catastrophe which has fallen upon this unfortunate city in the death of some two hundred of its mine-workers will arouse unusual sympathy.

If no settlement of the Chicago freight handlers' strike is reached it will not be the fault of the big business interests of that city. The great mercantile houses have an interest in the affair that is paramount to the interest of either party to the strike. Want of facilities to transport goods means as much loss in business to them as idle freight service means loss of traffic to the railroads or loss of wages to the strikers. If the freight handlers' strike is prolonged there is every probability that the teamsters will be extensively drawn into it and in that event the whole situation is likely to be productive of the most acute commercial distress. As a strike in Chicago is impossible without disorder, the prospect is not pleasant for that city. It would seem that the powerful commercial interests now at work to bring about a settlement ought to find means to succeed.

THE TRUTH OF IT.

(Indianapolis Sentinel.)

Our always good-humored contemporary, the Fort Wayne Sentinel, says that "a few weeks ago The Indianapolis Sentinel administered what it good-naturedly was pleased to term a 'severe rebuke' to Mr. Bryan." Our Fort Wayne namesake is in error. The Indianapolis Sentinel, in the best temper in the world, administered to Brother Watterson what it was pleased to term "A Stern Rebuke," which, by the way, we regret to say, does not seem to have had the desired effect, for Massa Henri continues to be just as "sassy" as ever. But The Sentinel has never referred to its brotherly advice to Mr. Bryan as a "rebuke," "severe" or otherwise.

CITY HALL NOTES.

Building permits were today issued to Winnifred J. Randall to erect four houses on Fairmount place at a cost of $1,000 each and to J. M. Keyser to erect two houses on Pontiac street at a cost of $1,000 each.

At the meeting of the board of works yesterday the city engineer was instructed to prepare plans for paving an alley between Harrison and Webster streets south of Creighton avenue. The Pennsylvania company asked permission to tear up the pavement at Clinton and Holman streets to facilitate the moving of their big office building, and George Murphy asks for a compulsory partition fence along the line of his lot in Prince's addition.

ANNUAL MEETING IS HELD.

The annual meeting of the Fort Wayne Special Furniture works was held last evening and officers for the coming year were elected as follows: President, N. Keltsch; vice president, G. W. Dodson; secretary, H. F. Franke, jr. The report of the business of the past year shows a prosperous condition of affairs. Trade is increasing steadily and the firm has found it necessary to erect an addition and install new machinery to keep up with the orders. The factory is running at full capacity just now, and the firm has booked orders for delivery months ahead.

FUNERAL ANNOUNCEMENTS.

Norton.—Funeral services of Mrs. Matilda E. Norton will be held from the residence, 2129 Lafayette street, Saturday afternoon at 2 o'clock, Rev. J. Webster Bailey officiating, and the interment will be at Lindenwood. Mrs. Norton was formerly Miss Tillie Knight, a daughter of William Knight, who was for many years foreman of the east car shops of the Pennsylvania company. She was long a successful teacher in the public schools of the city. Surviving are her husband, a seven-months-old babe, besides four sisters—Mrs. George Anderson and Mrs. Charles Carter, of this city; Mrs. Charles Traut and Mrs. William Baker, of Logansport. William Knight, of the Lake Erie and Western shops, is an uncle of the deceased.

Mahin.—Funeral services of Rev. A. E. Mahin will be held from the Wayne Street M. E. church Monday afternoon at 2 o'clock.

CALLED HIM DOWN.

Mark Twain, relating several incidents of his travels in India, says the New York Times, told the following story anent the pomposity of the judge of the Bombay high court:

"A judge, whose bearing denoted that never for an instant could he forget his judicial distinction, was walking up and down the platform of a small railway station just before taking his seat in the train. A few minutes after the train had drawn into the station a perspiring Englishman rushed on to the platform and said to the judge:

"'Is this the Bombay train?'

"The judge, looking over the head of the questioner, remarked coldly:

"'I am not the station master.' Whereupon the Englishman retorted, with considerable heat:

"'Then, confound you, sir, why do you swagger about as if you were.'"

STILL THEY COME

No matter how much certain dealers are trying to bluff and mislead the good old fisherman in Fort Wayne we are selling more tackle every day because fishermen are beginning to find out they have at last found an up-to-date tackle store that will guarantee prices with any Chicago store. We do not pay any attention to high-priced dealers in Fort Wayne. We gauarantee you to sell as low and lower than any tackle house in the world. WE BAR NONE.

We have lines from 4 for 1c up. Reels from 5c up to the great Kentucky, of which we have sold many.

Mr. I. Evans, manager of Rhinesmith & Simonson's big factory, being the latest purchaser of the Kentucky Reel. Sorry we can not get the NEW BEETLE BAIT fast enough to supply the enormous demand, but factory has guaranteed us a shipment of 8 dozen for tomorrow's big sale. Now, fishermen, when you want tackle of any description come to the leaders of low prices of the highest grade tackle on earth.

Remember the place, Freiburger Hardware Co., two blocks south of Pennsylvania depot, 1914 Calhoun street. The only up-to-date tackle house in Fort Wayne.

Scotland's largest salmon of the season has been landed from the Tay. It weighed 60 pounds and measured 4 feet 7 inches in length, its girth being 24 inches.

It is via the Pennsylvania, July 24, to Niagara Falls and return for $6.50 via Cleveland and steamer. Cleveland and Buffalo line have assigned one of their best boats for this occasion. 11t11

Such is the abundance of white hawthorn blossom in the Lake district, England, just now that the hedgerows present the appearance generally found at Christmas after a heay fall of snow.

OUR

IMMENSE SALE OF FINE FISHING TACKLE

IS THE ENVY OF ALL OTHER STORES.

Our sales have never been so large; more than double last season. Why? Because we keep every promise and sell tackle for less than any house can buy it in this city, and keep nothing but late novelties in tackle. We buy from first hands and have the goods and the papers to show; no Jumping Jack trade can buy goods from the factories and importers we represent in this city. We do not have to offer a reward for goods we might try to hunt up; we have the goods and do not have to beat around the bush to get them.

P. S.—We do not keep over 50 kinds of Silk Lines as there are only about 10 or 15 good lines on the American market. Buy your Fishing Tackle from the old, reliable house, where you will not have to pay a second and third profit. Do not be misled by bluff advertisements; our stock is too large to enumerate. Call and see for yourselves at

IS DRAGGED BY HER HORSE

ETHEL ROOSEVELT HAS FALL FROM HER SADDLE.

Clings to the Stirrup and Rescued Without Injury—Girl Cool Despite Danger.

Oyster Bay, N. Y., July 11.—There was almost a tragedy in the Roosevelt family yesterday. Little Ethel, out galloping with her older brothers, fell from her horse because the saddle girth slipped. She was dragged fifteen feet in the mud, and the few who witnessed the accident thought she would be killed. But her own pluck and horsemanship saved her. She got up unhurt and finished her ride with the boys.

All the Roosevelts save Baby Quentin were ready for the ride when the grooms brought up the horses after breakfast. It was pouring torrents, but nobody backed out.

"So long; see you later," yelled Teddy, jr., to his father and mother, followed by the rest of the youngsters as they dashed into the woods at a breakneck pace.

Suddenly the girth on little Ethel's saddle slipped. Down into the mud she tumbled, clinging gamely to the reins and commanding "whoa" to her mount. The pony brought up as quickly as he could.

She fell on her right side, but so skillfully did she manage that she was not hurt. Two men were driving by and sprang out of their trap to help her just as her brother Archie dismounted, but they were all too late.

"Oh, I'm all right," laughed Ethel, brushing the mud from her habit.

Archie tightened the saddle girth and Ethel mounted again and galloped off for a ten-mile run.

"Oh, look at Ethel," laughed the boys when they again met their father; "she can't ride at all!"

When he heard of the accident he looked seriously at his little girl, and when he reached home reprimanded the hostlers for sending out the horse improperly saddled. Everybody was drenched to the skin, but there was a merry luncheon for the family, and quite a color, too, in the cheeks of Mrs. Roosevelt, who has been very pale since her arrival at Oyster Bay.

PLAN BIG APARTMENT-HOUSE.

Los Angeles, Cal., July 11.—Plans have been drawn for an immense apartment-house, shops and pleasure grounds to be established on the crest of the hill near Fourth street and Bunker Hill avenue, the total cost of which is expected to reach $4,000,000. The structure is intended for wealthy tourists who do not care to pass the season at the hotels.

It is proposed to erect an immense building in Egyptian style. The rooms will be divided into suites. The corners are square and protruding and large enough to include several rooms, which will give the corners the effect of towers.

AMERICANS GET BUSINESS.

Johannesburg, Transvaal, July 11.—The British Trade commissioners who recently arrived here from England admit that they are amazed at the amount of business in steel building material which is offering and comment on the indolence of the British firms. They say that so far as they are able to discover only one firm, and that an American concern, has a capable representative in South Africa, and he has been securing immense orders in Cape Town and at Johannesburg at his own prices for huge buildings up to fourteen stories by being able to quote prices promptly and promise construction with American speed.

REFUSE TO SIGN OATH.

Bloemfontein, Orange River Colony, July 11.—Difficulty has arisen regarding the oath of allegiance. Many of the Boer commandants, field cornets and officials of the late Free State government refuse to sign the oath, though few of them object to signing the document called "The Declaration," acknowledging King Edward as their sovereign. The oath of allegiance, however, is much more binding.

JURY CUT OFF ITS FEES.

Elkhart, Ind., July 11.—In the city court yesterday a jury heard evidence against Gustav Ludwig, accused of assaulting the wife of his brother, Alvin Ludwig, during a family quarrel arising from the act of their mother in deeding property to Gustav. The jury gave the following verdict: "We, the jury, find the defendant guilty, and recommend that he be assessed $1 fine, provided no jurors' fees are charged against him." Though technically illegal, Judge Blake accepted the verdict, there being no protest from the defendant's attorney, and Ludwig paid the fine and costs, the latter, minus the jurors' fees, all to $12.70.

Ludwig was technically guilty, the foreman and another juror held out for the provisional verdict on the ground that Ludwig's offense was not serious enough to justify mulcting him to the full extent of the court costs.

AT WINONA ASSEMBLY.

Winona Lake, Ind., July 11.—The Woman's club has been reorganized and officers have been elected for the season. They are: President, Mrs. A. K. Clark, Fort Wayne; vice president, Mrs. John Coulter, Chicago; secretary, Miss Margaret Hill, Knightstown. At the first meeting of the year Mrs. F. F. McCrea, of Indianapolis, read a paper on "The Other Side; or, the New Woman."

Ernest Thompson-Seton, with his stories of animal life, was the principal attraction at the assembly yesterday, lecturing both afternoon and evening. The afternoon lecture was on "Personalities of Wild Animals," and at night he gave his lecture on "Wild Animals I Have Known." At 5 o'clock yesterday afternoon Mr. and Mrs. Hugh McGibney gave a musical entertainment in the auditorium.

MONKEYED WITH THEIR GUNS

RIVER MATE TOOK ALARM AND SHOT BOTH DEAD.

Two Long-Haired Medicine Venders Pose as "Bad Men" and are Killed on Steamboat.

Davenport, Iowa, July 11.—A shooting affray on the Diamond Jo liner Dubuque, running between St. Louis and St. Paul, resulted yesterday in the death of two patent medicine sellers, who called themselves "Christopher Leonidas & Son, the Long-Haired Medicine Men."

The men boarded the boat at Rock Island wearing sombreros, guns and bowies, and were soon quarreling with the crew, and finally clashed with Mate Dan Breen. The strangers wore marksmen's medals, and are said to have given shooting exhibitions, but the mate's gun was first out, and before the others got the range they were down, the older man with a bullet in the groin that came out at his back. Both died almost instantly.

QUEER LOOKING PAIR.

The men had been selling medicines in Rock Island and took passage for MacGregor, Iowa. They were a peculiar looking pair, long braided hair hanging over their shoulders, the father wearing a tawny beard. Besides their revolvers and knives each carried a blacksnake whip, with which they struck at the negro roustabouts when they came near. The passengers gave them a wide berth.

Their bullying manners led Mate Breen to suggest that they take off their belts and leave their arms with the clerk. This request brought out profane replies and motions toward their weapons that led the mate to draw and shoot. At the first shot the younger man clasped his hand to his side. "Father, let up," he cried, "I'm shot." By this time the mate's bullets had found the older man, who fell to the deck with two holes through him.

Breen was arrested, but was exonerated by a coroner's jury and released after four hours' detention. He is a veteran river man, about 55 years of age, and has a family at Dubuque.

PLEADS SELF-DEFENSE.

"It was my life or theirs," he said, after his release. "They were bad men, had been bullying the crew, called down the captain and were after me. I knew it was kill or be killed. They wanted to run the boat and we couldn't let them."

The men had been in Rock Island about three days selling their preparations, the principal one an alleged hair restorer. A license signed by Mayor Harrison, of Chicago, showed that they were in that city from May 18 to June 18 this year. A memorandum in the pocket of one of them said:

"April 9, 1902.—We are at and live at 489 Wabash avenue. We are known as Leonidas & Son, the Long-Haired Medicine Men, and our main address is Central City, Colorado."

GIVES HIS WIFE TO ANOTHER.

Evansville, Ind., July 11.—After twelve years of married life, Mrs. Fred L. Ruehmann asked her husband to permit her to join Alexander Edmondson, a railroad fireman, with whom, she said, she had fallen in love. In addition she asked for several thousand dollars as her share of her husband's estate. Failing to dissuade her, Ruehmann told her she might go, gave her $75 and promised to sell some property and send to her the proceeds. Last night he stood in the shadow of a building and watched her and Edmondson board a train. Today Ruehmann said he would sue for divorce. His wife is thirty and Edmondson thirty. Ruehmann is said to be worth $30,000, and he and his wife never had a quarrel.

THE BAPTIST YOUNG PEOPLE

TEN THOUSAND DELEGATES AT PROVIDENCE.

Every State and Territory, With Mexico and Canada Represented There.

Providence, R. I., July 10.—Delegates were present from every state and territory in this country and from Canada and Mexico when the Baptists Young Peoples' Union of America met for their annual convention in this city today. Nearly ten thousand delegates, half of whom arrived here during the night and early today, congregated in infantry hall and at the First Baptist church for the opening praise service which began at 9:30. The convention, which will continue until Saturday, was formally opened by President Chapman, of Chicago.

The program is of unusual interest. Among those scheduled to take part are the Rev. Dr. H. F. Perry, of Chicago; Prof. J. M. Stifler, Chester, Pa.; Rev. Dr. J. W. Weddell, of Davenport, Iowa, and Rev. Dr. Russell H. Conwell, of Philadelphia.

The opening sessions were devoted to addresses of welcome from state and city officials and committee members and responses. Governor Kimball extended the welcome of New England and Mayor Granger that of the city of Providence.

In behalf of the board of managers, Rev. Curtis Lee Laws, D. D., of Baltimore, made the responses.

Eczema, Psoriasis, Salt Rheum, Tetter and Acne

Belong to that class of inflammatory and disfiguring skin eruptions that cause more genuine bodily discomfort and worry than all other known diseases. The impurities or sediments which collect in the system because of poor digestion, inactive Kidneys and other organs of elimination are taken up by the blood, saturating the system with acid poisons and fluids that ooze out through the glands and pores of the skin, producing an indescribable itching and burning, and the yellow, watery discharge forms into crusts and sores or little brown and white scabs that drop off, leaving the skin tender and raw. The effect of the poison may cause the skin to crack and bleed, or give it a scaly, fishy appearance; again the eruptions may consist of innumerable blackheads, and pimples or hard, red bumps upon the face. Purification of the blood is the only remedy for these vicious skin diseases. Washes and powders can only hide for a time the glaring blemishes. S.S.S. eradicates all poisonous accumulations, antidotes the Uric and other acids, and restores the blood to its wonted purity, and stimulates and revitalizes the sluggish organs, and the impurities pass off through the natural channels and relieve the skin. S. S. S. is the only guaranteed purely vegetable blood purifier. It contains no Arsenic, Potash or other harmful mineral.

"I can cheerfully endorse your S. S. S. as a cure for Eczema. I was troubled with it for 25 years and tried many remedies with no good effects, but after using a few bottles of S. S. S. was entirely relieved. Wm. Campbell, 313 W. Central St., Wichita, Kan.

MORGAN WINS THE KAISER

MAGNATE TRANSACTS BUSINESS WITH WILHELM.

Huge Shipping Compact—German and American Lines to Work Together Against Combines.

Berlin, July 11.—J. Pierpont Morgan's interview with the kaiser, on board the Corsair, was not exclusively an exchange of pleasantries and small talk. Mr. Morgan managed to transact some important business.

A well-founded report in financial circles is that not only was the recent treaty between the trans-Atlantic steamship trust and the two principal German lines ratified, but that a still more sweeping and closer compact was made than the public has been given to understand.

The immense tonnage and unequaled speed and capacity of the German steamship lines are such as to offer to the Morgan steamship interests formidable rivalry in case of misunderstanding or rate cutting.

FORM BIG COMPACT.

One of the results of Mr. Morgan's visit to the kaiser and the directors of the Hamburg-American and the North German Lloyd line at Kiel and Hamburg is that the German and American lines are to work together if any third combination, such as the English companies threaten to form, should present itself.

Mr. Morgan promised the kaiser that his ships should not interfere in the trade between New York and Hamburg and Bremen and that no encroachments would be made upon German markets by foreign freight rates up or down.

It is regarded significant that Mr. Morgan was constantly the guest of Herr Ballin, the director general of the Hamburg-American line.

That line provided a splendid banquet for the whole party on the eve of their departure from this city. Magnificent railroad coaches were provided to bring Mr. Morgan and his party hither, and all expenses were paid by the line.

Mr. Morgan's visit has lifted a burden from the hearts of the shareholders of the German steamer stock. The rumor that he intended to swallow the German lines is vanishing, but there is here and there a discordant note, and he is charged with trying to make himself solid and then gradually to extend his influence over the German lines.

CUNARD LINE TO JOIN.

New York, July 11.—The agent of a big line connected with the Morgan steamship trust, said today that he had received a cable message that the Cunard line would enter the "community of interests" as a result of a conference held in London.

"There will be denials all around," he said, "but within a few weeks will come the official announcement that the Cunard line, having seen the futility of fighting the community of interests, has become part and parcel of the syndicate and will come under its management.

"The whole thing is cut and dried. The Cunard line is about to become a member of the Morgan family, if it has not already done so, and all talk of that line fighting the syndicate is at an end."

SAY MORGAN IS DISLOYAL.

Washington, July 11.—Army and navy officers are sorely disappointed over Mr. Morgan's offer to the British admiralty to place British steamers purchased by this combination at the disposal of Great Britain in the event of war during the next fifty years, and they make no effort to disguise the fact. They openly criticise and condemn him, saying that as the ships were purchased with American capital he should have given the United States first call on them in case of war. The Spanish war disclosed a lack of steamers available for the army and navy as transports and auxiliary cruisers. Mr. Morgan has placed himself in the attitude of disloyalty to his own country, they insist. Admitting that the paying of subsidies should give Great Britain the first call on her ships, they contend that it would have been much better had Mr. Morgan not tied his hands and placed at the disposal of a possible enemy ships that would be of invaluable service to the United States.

LEAVES THE JAIL TO MARRY.

Louisville, Ky., July 11.—Albert German, under sentence of seven years in the penitentiary for embezzling from the Third National bank, was allowed to leave the jail Wednesday and marry his secretary, Miss L. Leonard Lee. When Jailer Pflanz heard of it he sent a deputy posthaste after him. The deputy broke open the door and found Rev. John K. Mas Hall through the ceremony by the being pulled out of the door. The federal judge has had the jailer arrested for contempt of court.

LUTHERANS DISCUSS PRAYER.

St. Paul, Minn., July 11.—The Lutheran league convention enjoyed a discussion yesterday that involved indirectly one of the fundamental principles of the Lutheran church. Some of the delegates saw in an apparently harmless resolution the entering wedge for a series of mechanical instead of spontaneous prayers. The trouble was finally settled by eliminating the objectionable matter.

The following officers were elected:

President—W. C. Stoever, Philadelphia.

Recording Secretary—C. G. Grauer, Buffalo.

Statistical Secretary—Rev. C. K. Hunton, Columbus, O.

Literature Secretaries—Rev. Charles L. Fry, Philadelphia, and George H. Schnur, Chillicothe, O.

Treasurer—John F. Dinkey, Rochester, N. Y.

M. C. Olson, of Chicago, read a paper on "Work Without Prayer."

PRESIDENT OF EDUCATORS

ASSOCIATION ELECTS ELIOT OF HARVARD.

Prof. Pearcy, of Indiana, One of the Vice Presidents—J. G. Schurman Speaks.

Minneapolis, Minn., July 10.—Today was another busy day for the members of the National Educational association, whose convention here will be finished tomorrow. The morning was given up to a general session of the association in the exposition auditorium, while the afternoon was devoted to meetings of the various departments.

The nominating committee gathered early in the day and settled on the list of officers to be presented to the association. It was duly ratified later on. President Charles W. Eliot, of Harvard, was unanimously selected for president of the association, after a eulogistic nominating speech by Dr. Nicholas M. Butler, of Columbia university. W. N. Davidson, of Kansas, was selected for treasurer, and, according to custom, the outgoing president, W. B. Beardshear, of Iowa, was named for first vice president. J. B. Pearcy, of Indiana, was elected one of the other vice presidents.

There was a large attendance at the general session, which was signalized by three notable addresses. After Miss Ednah Hall had sung "Elsa's Dream," from "Lohengrin," and Rev. James H. Montgomery, of Wesley M. E. church, had offered prayer, James Wilson, secretary of agriculture, was introduced and spoke on "The Education of the Farmer."

Dr. Jacob Gould Schurman, president of Cornell university and former member of the Philippine commission, then made a most interesting address on "Education in the Philippines," in which h said in part:

"We glory in our applied mechanics which are destined to develop the physical resources of the Philippine islands, but far more glorious is our political philosophy which is full of hope and promise for the Philippine nation and for every people and race on the globe.

"The kind of people we are, the way we govern ourselves, the history we have made and the political philosophy we have given to the world, all consecrate us Americans as the advocates and preachers of liberty, democracy and nationalindependence. And I believe that an independent Philippine republic would be the final result, as it would be the most glorious consummation of our great educational work in the Philippines."

The last speaker was Mrs. Carrie Chapman Catt, of New York. She said in part:

SHOT HIS WIFE AND HIMSELF.

Rising Sun, Ind., July 11.—George Bradford shot his wife and himself on Main street, last night, in the presence of hundreds of persons in town to attend the Sons of Veterans' camp. Mrs. Bradford's wounds are in the breast and hip. Her husband put the muzzle of his revolver at his head and fired. He was instantly killed. Mrs. Bradford is in a critical condition. Her husband's funeral will be held tomorrow morning at the home of his sister, Mrs. Cornelius R. Harris. He drank heavily and recently his wife filed a suit for divorce. They had been married twenty-five years.

SWINDLER JUMPED OFF TRAIN.

Greencastle, Ind., July 11.—At 4 o'clock yesterday morning a man, who has given the names of G. B. Clarke, Arthur Clarke, A. Shaft and Frank C[illegible], jumped from a rapidly southbound passenger train at a point about a mile south of Limedale. Clarke was being taken to Saltlick, Bath county, Kentucky, to face the officers of a bank from which, it is said, he illegally drew $200. Several days later a bank in Chicago asked the Saltlick bank if it would honor a draft on Shaft's account. The reply was to have Shaft arrested. He was being taken to Kentucky when he jumped off the train near here. No trace of him has been found, and it is believed that he has escaped on another train or has secreted himself in the woods near the place where he escaped, the woods in that part of the county being thick and full of sink holes.

GREET KITCHENER

LONDON GIVES WELCOME TO LATEST HERO.

RECEPTION WAS TREMENDOUS

ALL RECENT SIMILAR EVENTS WERE OUTCLASSED.

WORE HIS KHAKI UNIFORM

DISTINGUISHED DIGNITARIES RECEIVE HIM.

London, July 12.—Lord Kitchener reached London at 12:48 p. m. and his passage through the metropolis was one of the most memorable of the many remarkable of the past three years. The small procession of carriages containing the general and his staff in simple, serviceable veldt dress, lacked spectacular features, but, evidently, the crowd was there in its tens of thousands to see the man of the hour and not a pageant. From the moment he set foot in London to the time of his disappearance beneath the portal of St. James palace Kitchener received such an outburst of popular enthusiasm as quite overshadowed the demonstrations on previous and similar occasions.

STATION MADE GORGEOUS.

The platform at Paddington railroad station when Kitchener arrived looked more like a reception room of the war office or India office than a railroad station. It was covered with red carpets and decorated with a profusion of flowers and palms while rows of decorated stands, crowded with spectators, had been erected at all parts from which a view of the returning general could be obtained.

The platform itself was crowded with distinguished personages, including Indian princes in resplendent costume, generals and other officers in full uniform and many ladies in beautiful summer dresses. The prince of Wales, the duke of Connaught, the duke of Cambridge, Lord Roberts, the commander-in-chief; Lord Lansdowne, the foreign secretary; Mr. Broderick, the war secretary; the duchess of Somerset, Lady Roberts, Lady French, Major General Sir Francis R. Wingate, who succeeded Kitchener as sirdar of the Egyptian army and governor general of the Soudan, and Major General Slatin Pacha, British inspector general of the Soudan, were among those who assembled to greet the general.

CHEERS GREET THE HERO.

When Kitchener's train arrived, punctual to the minute, a tremendous cheer greeted the latest hero as he emerged from his car and shook hands with the prince of Wales. He stood head and shoulders above nearly every one on the platform, and his workmanlike khaki uniform, with the large, brown sun helmet made familiar by his pictures, was in striking contrast to the glittering uniforms and rows of medals and orders worn by most of those in waiting. The reception lasted ten or fifteen minutes, when the prince of Wales and other members of the royal family drove off. After an interval Lord Kitchener and Generals French and Ian Hamilton took seats in one of the royal carriages and followed by the brilliant headquarters' staff, headed by Lord Roberts, and an escort, left the station and amidst loud cheers from those inside, which grew into a perfect roar as Kitchener and his companions came in sight of the great gathering outside.

FORCED TO SUBMIT.

In spite of his hatred of "palaver," the popular general was obliged to submit to the presentation of welcoming addresses at Paddington and other points on his way to St. James palace, but his replies were cut as short as politeness permitted and he showed evident signs of relief when the procession was resumed. The route throughout was decorated with Venetian masts, banners, flags and streamers with mottoes of welcome, the house fronts were draped and troops lined most of the way, colonials and Indian soldiers being utilized as well as the local regiments. Every vantage point, even to the house tops, was occupied by sightseers and solid masses of people gathered in all the open spots, such as Hyde park corner, and the space in front of Buckingham palace, while the sidewalks, stands, windows and roofs were packed with gaily dressed spectators who waved flags, hats and handkerchiefs and shouted with a warmth that showed their hearts were in the welcome.

TEN WORDS OF THANKS.

At Victoria gate the mayor of Westminster presented address to [illegible] hero expre[illegible] his duty, and Kitchener, with the brevity habitual to him, uttered ten words of thanks and drove off.

The vast stands on Constitution hill were crowded with people belonging to the highest classes of society and Kichener's well known antipathy to "drawing room folk" immediately became apparent. Whereas, he had been all smiles to the man-in-the-street, his features here became immobile, and he contented himself with a cold salute until he again reached the open ground in front of Buckingham palace, where the popular ovation was repeated. Shortly before the arrival of the procession at Buckingham palace, Queen Alexandra and the princesses appeared on a balcony and remained there until the victor of South Africa had passed on his triumphal journey to St. James palace, which he entered amidst a final hurricane of cheers.

ENTERTAINED AT LUNCHEON.

Kitchener and the generals who accompanied him were entertained at luncheon in the great banqueting hall, where covers were laid for fifty persons. The prince of Wales occupied the central seat, with Kitchener on his right and with Lord Roberts opposite. Among the guests were the premier, Lord Salisbury, Lord Lansdowne, Mr. Broderick and Lord Raglan, the under secretary for war. The hall was hung with pictures representing war scenes.

The luncheon occupied an hour and a half. The prince of Wales toasted King Edward and then proposed a toast to Kitchener. The prince expressed the pleasure which it gave him to extend to the general in behalf of the king, the heartiest congratulations on the successful manner in which he had determined the long and arduous campaign. His royal highness also expressed confidence that the sovereign's sentiments in this matter were shared by the empire, which had watched with admiration the general's tenacity, skill and patience, qualities in which his army had followed his example.

Kitchener made a brief reply, which exhausted the toast list and soon after 3 o'clock the general proceeded to Buckingham palace to see the king and queen.

ARRIVAL AT SOUTHAMPTON.

Southampton, July 12.—The Pacific Steam Navigation company's steamer Oratava, which left Cape Town June 23rd, with Lord Kitchener and staff on board, arrived here at half past 8 o'clock this morning.

Owing to the fact that Major Gordon, who also was a passenger on the steamer, had been stricken with smallpox, Lord Kitchener and his staff only were allowed to land.

The Oratava has been place in quarantine.

Lord Kitchener landed at 9:15 a. m. He was accorded a magnificent welcome from a huge throng of people. After a brief official reception at the docks the general was driven through the decorated and crowded streets to Hartley hall, where he received an address from the chamber of commerce, expressing admiration of the generalship, resource and skill which he had shown in South Africa and hoping that the peace which he had secured would be lasting and mark the beginning of a new epoch of prosperity and commercial development throughout the empire.

In reply Lord Kitchener declared that whatever success had been achieved was due to the rank and file of the army. He thanked those who had looked after the friends and relatives of those left behind in South Africa.

In response to clamorous calls General French and General Ian Hamilton, also spoke, the former remarking that they had throughout been inspired by the example of their chiefs.

The freedom of the borough was conferred on Lord Kitchener and the party was then obliged to hurry away in order to meet their London engagements. The progress of Lord Kitchener and his companions to the railroad station was marked by scenes of remarkable enthusiasm.

MORE BODIES WERE FOUND IN MINE TODAY.

Johnstown, a., July 12.—Saddest of all the scenes of the great disaster were the affecting leave-takings of the dead, which commenced this morning.

All day the Slovak, Croatian and Greek Catholic churches were filled with picturesque throngs who attended the last services for the dead. Knots of women and men stood on street corners, weeping and groaning out their grief.

Many women who attended the last rites at the churches were overcome with grief and fell fainting to the floor.

Most of the funerals today are in St. Stevens Slovak church, where both Slavs and Poles worship. The Rev. John Martvon, the Slovak priest, conducted masses for his countrymen, while the Rev. B. Dombrowsky officiated at the services over the Polish.

The first had twelve funerals scheduled for today, while the latter will have fifty-two.

Rev. Father Cucka said mass at the Greek Catholic church for nine of the dead. Father Kojci, at the Croatian church, said mass over twelve dead. All these places of worship are located within a very few squares of each other and the streets surrounding them were chocked with the great throngs clamoring for admission.

Mayor Pendry at noon made the positive statement to The Associated Press that there were no more than 105 dead and fourteen injured. Some of the latter may die as there is extreme danger of pneumonia setting in.

A report was sent out from the interior of the mine that three dead bodies had been found. This had not been reported at the time of the mayor's statement at noon.

Johnstown, Pa., July 12.—One hundred and five are now dead from Thursday's explosion at the Rolling Mill mine of the Cambria Steel company.

It is not probable that this record will be swelled to any great extent. And in no case is it expected the list will exceed 110 or 115. The mine workings which it was dangerous to enter yesterday were thoroughly explored by a searching party during the night.

At 3 o'clock this morning the charred and mutilated bodies of fifteen victims were brought to the Westmont pit mouth and taken to the morgue. The bodies were found in the upper end of number 6 right heading, where the explosion occurred. The bodies were all lying far in from the point of the explosion and could not be reached until the heading had been cleared of the noxious gases. Three deaths occurred during the night at Cambria hospital. These were among the last victims who were brought out of the mine yesterday afternoon in an unconscious condition.

MINE THOROUGHLY SEARCHED.

Another of these is in a precarious condition. It was learned at the pit mouth today from mine officials that every heading and chamber both to the right and left of the main Klondike heading were penetrated during the night and that not a trace of any dead or living victims were found. It is admitted that some might have crawled into obscure workings in their flight from the after-damp which followed the explosion and thus succumbed to the fatal influence of the gas.

Many funerals will take place today. Every undertaker in Johnstown has as many on his hands as he can well attend to. Inquiries were made at the mine offices and the morgue by relatives of four missing. They are foreigners. Mine Superintendent George T. Robinson says it is probable the men are lost in some pocket of the mine where they went to escape fire-damp and when escape was cut off were caught by it.

RESCUERS LONG IN MINE.

The party of rescuers which completed the exploration of the mine went in at 7 o'clock last evening and came out at 6 o'clock today.

In the crowd [illegible] George Hay [illegible] stor[illegible]

to the right and left of the main Klondike heading were practically free from foul air when they went in. Nothing impeded the progress of the searchers. The long search was rewarded when they reached No. 6 right heading. Far back in the heading the searchers came across the blackened and charred bodies of 15 men. This discovery was made shortly after mid-night.

Mine Superintendent George T. Robinson was at his office early today. He said they would have the mine ready for work by Monday. He said there has not been the slightest danger from explosion since the original and only one of Thursday. The mine, he admitted, especially the section known as Klondike, always contained gas. It did not exist in dangerous quantities, he said, and to cause an explosion, some one must have violated the rules as to lights. Every precaution was taken to guard against accident.

COMMENDS THE DOCTORS.

Superintendent Robinson strongly commends the Johnstown doctors for their bravery that saved the lives of a dozen or more men.

"When we made our first dash into the mine," he said, "we were taking our lives in our hands, as none knew what was beyond in our course. The doctors came on and followed our lead without the slightest tremor." State Mine Inspector J. T. Evans, reached the pit mouth at 8 o'clock this morning. There he was joined by Chief Inspector James E. Roderick, who came here last night.

Mr. Roderick said he had no intention of entering the mine now. He held a private conference with Superintendent Robinson and Mine Engineer Marshall G. Moore, which lasted some time.

Moore had been in the mine up to 5 o'clock this morning. He informed Roderick among other things that the air was making a clean sweep of the workings and that noxious gases were fast diminishing beyond the danger point.

At 9 o'clock this morning there were sixteen bodies left at the morgue.

THINK MANY MORE ARE DEAD.

Dr. J. Frank Taylor, one of the rescuing party, who has made many trips into the mine, is confident that there are many more bodies in the mine and that the list of dead will be greatly increased. A number of rooms have not been entered and in these Dr. Taylor expects many bodies will be found. The total of dead bodies brought out is 108. Of those taken to the Memorial hospital three have died. This brings the dead so far known up to 111. In the Memorial hospital there are still 14 patients, making a total of 125 living and dead, who have been brought out of the mine. How many more dead are in the mine is not known exactly. Estimates vary from four to five in the statements of those who are close to the company to over fifty among the people at large.

SALUTATION OF THE FLAGS

PRETTY CEREMONY AT THE B. Y. P. U. CONVENTION.

Standard Bearer of Each State Reports Development of the Society's Work.

Providence, R. I., July 12.—After the morning prayer meeting the convention of the Baptist Young Peoples Union of America, held in the First Baptist church was addressed by Rev. E. P. Fuller, of Detroit.

The exercises at Infantry hall began with a praise service followed by an address, "Salutation of the Flags," by Rev. Dr. F. L. Wilkins, Gloucester, Mass. A patriotic exercise which aroused an unusual degree of enthusiasm, was begun immediately after the close of the address.

In the presence of nearly 3,000 people, Dr. Wilkins read the roll, and one by one the standard of each state, in the hands of a specially selected bearer, accompanied by a speaker, was advanced to the platform. While each banner was held aloft, in answer to questions by Dr. Wilkins, the speaker responded, giving the development of the young peoples work in his state, its methods of organization and the plans and expectations for future operations. Adjournment was taken at noon and the entire body of delegates went on an excursion down Narragansett bay.

PEACE HELD BACK

FREIGHT HANDLERS' STRIKE CONTINUES.

CONFERENCES ARE DELAYED

TEAMSTERS BECOME SERIOUS FACTOR IN STRUGGLE.

MAY INAUGURATE A STRIKE

TALK OF GETTING SWITCHMEN TO QUIT WORK.

Chicago, July 12.—The freight handlers' strike has assumed graver aspects during the day. The railway managers and committees of the freight handlers' union have not yet got together to discuss the terms of peace. The managers held a meeting in the Monadnock building and adjourned without awaiting the arrival of the strikers' committees.

This had an immediate effect on the teamsters, who have refused today to handle freight for the railways involved in the strike, and they called a meeting for this afternoon at which it is not improbable an official strike order will be declared over the heads of their officers, who are endeavoring to preserve peace between teamsters and railways. The teamsters, while not nominally on strike, are almost to a man idle and in many instances large firms have consented to their men abstaining from work at the freight houses.

MAY GET SWITCHMEN.

At the meeting of teamsters it was stated that a committee will be appointed to call upon the switchmen, numbering 6,000, to strike if the freight handlers strike is not settled by tonight. The teamsters claimed that the switchmen are ready to strike.

At 2:15 it was reported at the strikers' headquarters that practically all the railroads had refused to pay over 17 cents an hour, thus bringing about a deadlock. Several of the conferences, however, were still on.

The executive committee of the freight handlers' union this afternoon decided to formally ask the switchmen to strike. A committee immediately started for the various yards to make the request.

WOULD NOT HAUL FREIGHT.

Members of the truck drivers' union, as individuals in sympathy with the striking freight handlers, refused to haul freight this morning and every freight house in the city was tied up. The men took out their wagons as usual in many instances, only to drive them to the warehouses and block the entrances and exits. Fully 100 drivers went in this way to the freight house of the Illinois Central this morning. They backed their teams up alongside the platforms and proceeded to wait. They chatted and smoked, but would handle no freight. Most of the truckmen who visited the depots were from South Water street, where vegetables, fruit, butter, eggs, poultry and the like are dealt in by wholesalers.

The other truckmen, it is said, in many instances, refused to take out their trucks at all, or having done so, drove to the headquarters of their union and begged permission to refrain from work. They pleaded as an excuse that they feared personal violence at the hands of freight handlers on picket duty, such as befell a number of teamsters yesterday.

ARGUMENT OF NO AVAIL.

J. Thompson, secretary of the union, told the men that it was their duty to work as long as work was possible, but his arguments were not successful. The allegation of fear on the part of the teamsters is believed to be merely an excuse. The real reason, many of the men admitted, was that the truckmen desired to aid the striking freight handlers, and would not deliver or receive freight to or from the non-union men at present in the warehouses. If the freight handlers strike is settled today the teamsters will at once resume work. Should a settlement fail it is said commission merchants on South Water street, will lose $500,000 through the destruction of perishable goods today.

While the teamsters were making the situation extremely embarrassing the freight handlers were holding meetings at which committees were appointed to visit the railroad managers in accordance with the plan proposed by the Chicago board of arbitration last night. So many plans of arbitration and compromise have failed that no one could be found to predict the outcome of these conferences.

PICKETS KEPT [illegible] WAY.

house clear of teams. Two blocks away Canal street was blockaded for a time, but by noon the trucks had been taken away, as practically all the wholesalers had given permission to the men to drop work.

Police guards at all of the depots were reinforced this morning by bringing in more men from the outlying districts. The policemen stand in pairs to increase their efficiency and in order to protect each other against sudden assault. The talk of the drivers was all one matter—"would the freight handlers' strike be settled by noon?" From their words it was evident they were eager to strike officially in sympathy. President Hugh McGee and other officials of the truckmen's organization were importuned ceaselessly to call a strike, but they steadfastly refused. The calling of a strike, however, would merely make the present actions of the drivers authoritative; it would change the practical situation but little.

HAD MEN, BUT NO WORK.

The freight house superintendents were in a perplexing fix. Most of them, by bringing in men from other cities and towns to take the places of striking freight handlers and clerks, had a sufficient force on hand to handle the usual quantity of freight. But the defection of the truckmen left them with no freight to handle. The non-union freight handlers found themselves with almost as little to do as the teamsters who blocked the approaches.

The truckmen adopted a plan of campaign with the ease born of recent experience in the trouble with the packers. At intervals along every street a teamster with his truck drawn up to the curb stood as a picket. Whenever a truck approached the driver was stopped and informed that the men were not working today. In this way a cessation of work was brought about almost as quickly as it would have been had the officials called a strike officially.

AN OBJECT LESSON.

The determined attitude of the truckmen during the forenoon was attributed to a desire to furnish the railroad managers with an object lesson as to what would happen should they fail to reach an agreement with the committees of freight handlers who were delegated to meet them.

Speaking of the situation, Dan Furman, secretary of one of the truckmen's local unions, said:

"The men are out because the officials could not hold them back. It is like trying to stop Niagara to keep the teamsters from going to the assistance of the freight handlers with whom they have been associated in their work for years."

At the headquarters of the Teamsters' union it was said that 8,000 teamsters were out. This, it was said, left less than 200 men in session, and those, it was stated, would drop their reins as soon as word could be got to them. The addition of the teamsters brings the total of men on strike to about 16,000.

PERISHABLES HELD UP.

Twenty-one cars of vegetables and other "green goods" were taken from the cars at the Illinois Central during the forenoon, but none of them reached their destination on South Water street. Butter, cheese and eggs in immense quantities met a like fate at other freight houses. The demand, it is said, was unusually heavy, as the commission houses had attempted to get an extra supply in anticipation of today's situation.

A number of teamsters were assaulted. They were dragged from their seats and the horses either unhitched or the harness cut. One truck, containing lithographs and posters announcing the teamsters' annual picnic, was held up in this way by pickets of the freight handlers before the mistake was discovered.

Up to noon none of the conferences between the strikers' committees and the railroad managers and superintendents had been heard from. The delay was due to the committees who waited to have their demands carefully revised and rewritten.

COULD NOT FIND MANAGERS.

At 1:20 p. m. five committees of freight handlers returned to Union headquarters and reported that they had been unable to find the officials of their respective roads to confer with. It was reported that the managers and superintendents were themselves holding a meeting. President Curran told the freight men to wait a while and see if they could not yet find the railroad officials.

It was learned later that the absent managers and superintendents were holding a meeting in the Monadnock building. A messenger sent there found that the meeting had adjourned after a brief s[illegible] m.

AWFUL RESULTS OF CAMBRIA MINE EXPLOSION.

MANY BODIES BROUGHT OUT

RESCUING PARTY FINDS FEW MEN ALIVE IN MINE.

MANY HARROWING SCENES

THOUSANDS GATHER TO FIND REMAINS OF DEAR ONES.

Johnstown, Pa., July 11.—It is now believed the total number of victims of the explosion in the Cambria company's "Klondike" mine yesterday will not fall far short of 200.

At 5 o'clock this morning eighty-seven bodies had been recovered and the heroic work of rescue had not penetrated near to the seat of the disaster.

All the Johnstown undertakers have been pressed into service and a score of men dressed in blue jumpers is at the temporary morgue to prepare the mutilated bodies of the victims.

The explosion visited horribly on the poor wretches. Heads are missing from many of the bodies, while all are burned and blackened almost beyond recognition. Grief-stricken crowds linger about the mine entrances. Sleep has visited none of them. No attempt at identification was made at the mine. That will have to be left until bodies are put in presentable shape in the morgue here.

The searching party that entered the mines this morning penetrated to the four left headings and which they were unable to reach last night, they found in one group twelve bodies, they believed six of them were living. At 2 o'clock this afternoon they sent out for medical assistance. Drs. Woodruff and Updegraff have just gone in. The names of three of the living men are John Crook, Philip McCann and George Hologyak.

FALSE REPORT.

The report that a rescuing party of twelve, headed by Superintendent Robinson, had met death in a second explosion in the Cambria mine today is pronounced without foundation by the officials of the Cambria company.

Distressing scenes are constant about the temporary morgue and on the side of the river at the foot of the descent from the pit mouth where women and children are awaiting the solution of the awful mystery of the life or death of their relatives, yet unheard from.

Several thousand are congregated at both points. No comfort is extended them by mine officials, as it is now conceded that no living soul who was in the mine after the explosion and not heard from can possibly be alive.

MEN WERE AT LUNCH.

Dr. Lowman said to The Associated Press reporter today that during his stay in the mine last night he counted 85 dead bodies. At that he did not have an opportunity to examine many gas-filled chambers of the big workings.

From the positions of the bodies the miners were evidently eating their lunches when suddenly stricken down by the explosion. They were seated in groups of five and ten, with their buckets and the remains of their lunches scattered over the floor. Evidently their lives were snuffed out quickly and easily.

SIXTEEN LIVING FOUND.

At 3 o'clock this afternoon eight living men were brought out of the West Mont slope. They were found lying face downward. At the Cambria hospital it is thought they may recover.

A little later eight more living men were found, but in a condition that does not permit of their being brought to the surface at once.

THE IDENTIFIED BODIES.

Of the bodies at the morgue, the following have been identified:

John Thomas, mine boss, 60 years old, leaves a wife and child. He escaped but went back to help the others and thus lost his life.

John Whitney, fire boss, 45 years old, survived by wife and family. He also escaped but went back with Thomas and perished with him from the fire-damp.

William Blanch, assistant mine foreman, 38 years old and single.

Mike Siloenec, 45 years old.

Mike Siloenec, aged 18, son of the above.

Emerich Banista, aged 23.

Mike Sabot, aged 19.

Spase Shinko, aged 48, wife and five children.

John Bartok, aged 38; leaves wife and two children in the old country.

John Laske, aged 30, wife and two children.

Mike Presnicki, aged 36, wife and three children.

Stephen Knotz, aged 28, wife and child.

John Novak.

Anton Lazusky, aged 20.

Valentine Flaga, aged 35, leaves wife and two children in Austria.

John Kriger.

Boleslaus Miskabosky, aged 25, wife and two children.

August Struzinsky, aged 35, wife and five children.

John Karaswics, aged 30, leaves wife and two children in the old country.

Mike Cilenebic, and seven-year-old son.

Ladislaus Durboski, aged 34 and single.

Of the forty-seven bodies at the morgue, twenty-one were identified as Poles by Rev. Father Zmbinski.

As fast as identification is completed the bodies are being taken to their houses. At noon the charnel house was about cleared of bodies.

THOUSANDS WERE WAITING.

Johnstown, Pa., July 11.—Just as day broke through the pall of fog this morning the grim details of the awful disaster at the rolling mill mine of the Cambria Steel company dawned with renewed force on the thousands waiting for authentic news as to the extent of the explosion. Forty-seven dead bodies, all contorted and many blackened and burned, lay stretched on rough slabs at the improvised morgue in the armory building. Forty more were in cars in the mine ready to be borne out as fast as room could be made for them. At that time estimates of the number of dead reduced the fatal scope of the calamity. But these, while fixing it at around one hundred, were not conclusive. General Superintendent G. J. Robinson would not say at that time whether he thought there were 100 or 300 dead. He said there was no way of telling until a full investigation of the mine was made. When that would be, he said, he had no means of telling. All rested with the difficulty in clearing the heading of after-damp.

FIRST TRAIN LOAD OF BODIES.

It was 5:55 o'clock when the first train load of victims was brought to the mouth of the main entry. Forty-nine cars were used in bringing out forty-six dead bodies and four living injured. The discovery of the dead bodies was made by a searching party about 10 o'clock last night. They were lying in the main heading two miles in from the main pit mouth. No attempt was made to remove them until certainty was established that no more living remained in the mine. The first official statement of the disaster was given The Associated Press reporter by General Mine Superintendent George Robinson at 7 o'clock this morning.

ROBINSON'S STATEMENT.

He said:

"As to the direct cause of the explosion I cannot exactly say. We know there was an explosion of fire-damp in the sixth right heading of a section of the mine commonly known as the Klondike. So far as I can find out now there were not more than three or four deaths from the explosion itself. The balance was caused by the after-damp.

"Our mine officials, the mine foreman, Henry Rodgers, Firebons John Retallic, Machine Boss William Robinson, who is my brother, and a Slav whose name I do not know, were back eating lunch when the explosion occurred. They immediately went down to the point of the explosion to put up the stoppings in order to carry the air in its proper channel again. These were blown down by the force of the explosion.

They, with the exception of the assistant foreman and one of the fire bosses, were overcome by after-damp. They were found by a rescuing party and the chances are that all will recover with the exception of my brother.

THE RESCUE WORK.

"As to the rescue work I directed it to commence just as soon after the explosion as possible. We started in at 1 p. m. We started working our way down by putting up brattices in order to carry the air with us. I suppose it was 10 o'clock at night before we came across the bodies of the living. Doctors John Lowman and John Hannan went down with us. They carried tanks of oxygen with them which were emptied to good effect on the living.

"We found twenty-five dead on our way to these four living. Twenty more we found later on. They were scattered through that section of the mine. Most of them were on their way out when caught by the fatal after-damp.

MUCH CONCERNED

IS THE PRESIDENT OVER THE FRIAR QUESTION.

HAS THE VATICAN'S REPLY

UNTIL NEGOTIATIONS ISSUE NOTHING WILL BE SAID.

ROOT WILL MAKE STATEMENT

WHEN TIME FOR PUBLICITY HAS ARRIVED.

Oyster Bay, N. Y., July 11.—After a breezy outing in the early morning President Roosevelt and Secretary Cortelyou took up the business which had reached them by wire and in the morning mail.

A question which now is engaging the president's attention and which is giving him no little concern is that respecting the negotiations with the vatican for the withdrawal of the friars from the Philippine archipelago. Mr. Roosevelt has received from Secretary Root the pope's note in reply to Governor Taft's propositions, cabled to the war department from Rome. It is announced that until the negotiations have been brought to an issue successful or otherwise, no formal statement by the administration will be made. When that time shall arrive the statement will be given to the public by Secretary Root in Washington. Nothing will be made public here.

M'LAURIN CALLS.

Senator McLaurin, of South Carolina, accompanied by D. D. Colcock, secretary of the Louisiana Cane Growers' association, arrived here today. Mr. McLaurin took luncheon with the president. Mr. Colcock saw Secretary Cortelyou but did not see the president early in the day. He was desirous of discussing the Cuban reciprocity question with the president, feeling that he could make out a good case for the southern sugar growers. Senator McLaurin said his call was purely social but it is not unlikely that Mr. McLaurin's expected appointment as a judge on the court of claims bench was under discussion.

Father Thomas F. Malone, of Denver, Col., met the president at 12 o'clock today by appointment. They went over together the case of the priest, John H. Cushing, who endeavored to see the president several days ago, but failed.

Secretary Root is expected at Sagamore Hill tomorrow.

WILL NOT FAIL.

Washington, July 11.—The negotiations now in progress at the vatican respecting the Philippine friars and their lands will not fail. Of that the administration officials here feel certain. It was realized at the beginning, when Governor Taft's instructions were framed, that they represented the extreme of our claims and that they did not preclude the idea of reasonable compromise by mutual concessions. The negotiations are proceeding in this spirit. The United States government will not secure everything it desired, because even if the pope were disposed to concede these things, the negotiations have developed the fact that although his power is theoretically unlimited, in actuality the internal politics of the vatican impose conditions even upon the chief prelate of the church which he must observe. Therefore the immediate and complete withdrawal of the Spanish friars from the Philippines is not now expected, but it is believed that the result desired can be accomplished by an arrangement for the substitution of friars of other nationality, and the principal issue at present is as to the time within which this change may be brought about.

HOMES WANTED FOR BOYS.

Humane Officer Schlaudroff is anxious to find homes in the country for three boys ranging in age from 9 to 12 years. Two of the boys are children of parents too poor to properly care for them and the other is the son of a widowed mother who cannot give him support. The boys are bright little fellows. Officer Schlaudroff says, and such as would make useful members of some farm household where they would receive kind treatment and proper rearing. Inquiries addressed to L. C. Schlaudroff, Humane officer, 82 Clinton street, this city, will receive attention.

Master Roger Bailey, son of Mr. and Mrs. L. G. Bailey, of Hunstis avenue, celebrated his ninth birthday anniversary yesterday by entertaining a merry company of his little friends. The time was most delightfully spent by the children and the young host acquitted himself with immense credit. Mrs. Bailey had very pretty favors for the young guests, who will not soon forget Roger Bailey's birthday party.

TO HAVE HEARING LATER.

Mrs. Harriet Davis, mother of the mail wagon driver under charge of stealing from the mails, was taken into custody last evening by Deputy Marshal Scott. After signing a bond for $500 for her appearance at a preliminary hearing next week, Mrs. Davis was released. She is charged with secreting the goods alleged to have been stolen by her son.

Second Day's Session of Convention in Providence—Important Addresses Made.

Providence, R. I., July 11.—The Baptist Young People's union convention began its second day here with prayer meetings in the First Baptist church, where Rev. E. P. Tuller, of Detroit, Mich., spoke upon a "Call to Battle," and in Infantry hall, where Rev. Walter Calley, of Boston, addressed a great audience upon "The Girdle of Consecration."

The order of exercises was taken up at 9:30 o'clock with "the open parliament" led by President E. W. Hunt, D. D.

The nominating committee presented at 10:30 a list of officers for the coming year, all of whom were elected as follows:

SENATOR HANNA MAY COME

LIKELY TO SPEAK IN FORT WAYNE IN OCTOBER.

Republican Central Committee Figures on Sending the Ohio Man Into the Twelfth District.

(Special to The Sentinel.)

Indianapolis, Ind., July 11.—The republican state central committee will probably send Senator Marcus A. Hanna into the Twelfth district for one day in October. He will be booked for a speech at Fort Wayne.

District Chairman Leonard, when questioned by a Sentinel reporter this afternoon as to Senator Hanna's coming, said he was aware the committee desired to secure him for an address in Fort Wayne, but he had no information as to the progress of the arrangements looking to that end.

SAYS CAME ROM FORT WAYNE.

(Special to The Sentinel.)

Richmond, Ind., July 11.—Emmett Packhouse, who says his home is at Fort Wayne, arrived here yesterday with a fully developed case of smallpox.

Inquiry at the city health commissioner's office this afternoon develops the fact that the name is familiar to the commissioner and that it was mentioned in connection with an exposure of recent occurrence.

COUNTY ROAD BUSINESS.

The county commissioners yesterday established the Hoopengarner joint road between Adams and Allen counties and the Ely road in St. Joseph township. They also appointed viewers as follows: Kelso road, Adams township, Henry Hartman, Barney Tibbetts and Herman Rueter; Butt road, Maumee township, Patrick Ryan, Jacob Landing and Henry Furthmiller; Hoffman road, Wayne township, David Dalman, Delphos Martin and John Forbing.

WORK ON TREATY

GETTING CANAL PACT READY FOR SIGNATURE.

DISPUTED POINTS IN HAND

COLOMBIAN MINISTER MEETS AMERICAN AGENT.

CANNOT BE SIGNED AT ONCE

DOCUMENT MUST HAVE COLOMBIA'S APPROVAL.

Washington, July 11.—With the expectation of signing the treaty by which Colombia will confer all the necessary rights incident to the building of the Panama canal by the United States government, Senor Concha, the Colombian minister; Mr. Herran, first secretary of the legation, and William Nelson Cromwell, representing the Panama canal and railroad companies, are busily engaged in going over certain points in the treaty which must be modified before the instrument can be signed.

Neither the state department nor the Colombian officials here care to disclose the nature of the modifications which it has now become necessary to make in the treaty, but it is understood that all of them, either directly or indirectly, involve the question of sovereignty.

The close study now in progress of the Isthmian canal act and the treaty presented by the Colombian government, develops apparently important differences and obscurities in the letter of the documents, which may not, however, exist in their spirit. For instance, section 2 of the canal act authorizes the president to acquire from Colombia "perpetual control of a strip of land, * * * which control shall include * * * jurisdiction over said strip and the ports at the ends thereof, to make such police and sanitary rules and regulations as shall be necessary to preserve order and preserve the public health thereon, and to establish such judicial tribunals as may be agreed upon thereon as may be necessary to enforce such rules and regulations."

From this portion of the act it would appear that the United States alone is to make police and sanitary regulations for the canal strip and establish judicial tribunals for their enforcement. Yet article 3, of the draft of the canal treaty, provides for the creation of "a joint commission by the governments of Colombia and the United States that shall establish and enforce sanitary and police regulations."

Article 4 of the treaty deals specifically with the question of sovereignty, as follows:

"The rights and privileges granted to the United States by the terms of this convention shall not affect the sovereignty of the republic of Colombia over the territory within whose boundaries such rights and privileges are to be exercised.

"The United States freely acknowledges and recognizes this sovereignty and disavows any intention to impair it in any way whatever, or to increase its territory at the expense of Colombia or of any of the sister republics in Central or South America, but, on the contrary, it desires to strengthen the power of the republics on this continent and to promote, develop and maintain their prosperity and independence."

Briefly summing up, it appears to be the task now before the parties to the proposed convention to define with absolute clarity the extent and limits of the control or joint control to be exercised over the canal strip. For while control is not sovereignty in the common acceptance of the terms, yet in practice the two often merge so closely as to defy identification, and it has all along been recognized that any provision of the treaty which threatens in any measure the sovereignty of the South American republic over the canal land, will not be acceptable to the Colombian congress.

Minister Concha has been in poor health during the spring and summer and contemplates a journey out of town to recuperate in the near future. It is confidently hoped that the treaty may be signed before his departure.

Mr. Cromwell called again at the state department today to confer further with Secretary Hay respecting the proposed treaty. It now appears that, contrary to the first expectation, this treaty cannot be signed before next fall. It was expected that, with his full powers, Minister Concha would be able to quickly adjust the points of difference above indicated, but it develops that to prevent any disagreement with his own government and any consequent repudiation by it of what he has accomplished, the minister deems it essential that it shall be made acquainted with the smallest details of the negotiations.

CANADA GREATLY SURPRISED

COMPLAINT OF THE UNITED STATES UNFOUNDED.

Cases of Gaynor and Greene Delayed Only So Far as the Law Makes it Possible.

Toronto, Ont., July 11.—A dispatch to the Globe, government organ, from Ottawa, says:

Surprise is expressed here at the complaint by a legal representative of the United States that vexatious delays have occurred in connection with the extradition of Messrs. Gaynor and Greene, and the reported intention of the Washington authorities to complain to the imperial government is scarcely credited. The case is in the courts, and if counsel for the prisoners take advantage of the technicalities in the interest of their clients delays are unavoidable. But for this, perhaps, the federal authorities are not to be held responsible. The law clearly sets forth the course to be followed in an extradition case. Judgment must be rendered in accordance with the facts brought out. Should the evidence justify a commitment for extradition the judge or extradition commissioner forwards the evidence to the department of justice at Ottawa, together with his report, when the latter issues a warrant for extradition. The department has no right to intervene unless the offence for which extradition is sought is a political one. If sufficient grounds for the extradition of the accused can be established the two men will be handed over in due course.

JUDGE OLDS SAYS IT'S BOSH

QUEER STORY COMES FROM INDIANAPOLIS.

Reply in Lawsuit Says Southwestern is Figuring on Lighting Plant Here.

(Special to The Sentinel.)

Indianapolis, Ind., July 11.—In the plaintiff's reply filed today in the case of Townsend, Reed & Co., vs. the Fort Wayne and Southwestern Traction company, the terms of sale and agreement are given under which the constructing company sold the road to its present owners. It is alleged as a part of the agreement that the Fort Wayne and Southwestern company figures on building lines to Marion and Lafayette, and to also operate an electric lighting plant at Fort Wayne.

General Manager Nelson was out of the city this afternoon, but when a reporter for The Sentinel submitted the above telegram to Judge Walter Olds, one of the attorneys for the Southwestern, Judge Olds pronounced the electric lighting idea all bosh. The suit of Townsend, Reed & Co. is for a sum of money alleged to be due them for completing the line to Huntington after its sale to the McKinley syndicate. The idea of building a line to Marion has long been under consideration.

TRACY VANISHES

NOTED BANDIT AGAIN GIVES POSSE THE SLIP.

HIS ESCAPE IS MARVELOUS

GUARDS UPON HIM WHEN HE DISSOLVED FROM VIEW.

THE CHASE IS CONTINUED

BANDIT'S BULLETS MISS, BUT HIS POWDER BURNS.

Covington, Wash., July 11.—Tracy has performed the marvelous again and slipped like a phantom through a cordon of guards at the mouth of Sluice Creek, fought a battle with the deputies and is now in the timber. In the fighting no one was hurt, though when the outlaw fired twice at T. F. Crowe he was so close that the deputy was burned by the powder.

When darkness fell Tracy was thought to be securely penned on the point of the western bluff, where he had been concealed all afternoon. Though the guards were stationed thickly, one being posted every fifty feet, he successfully eluded them and traveled up the roadbed of the Palmer cut-off toward Covington, five miles distant.

RUNS INTO THE GUARDS.

At 11:45 last night Tracy arrived at a saw mill plant a mile from this place. Deputy Sheriffs J. C. Bunce, Fred Bunce, Galvin and Crowe had been sent to guard this point. Deputies Crowe and the Bunces, father and son, had posted themselves on the railroad near the saw mill at the entrance of a big cut near a rise of ground, the Bunces being on the outer guard line. They were hardly settled when they heard footsteps and Tracy soon put in an appearance. When challenged to halt Tracy started to run. The Bunces opened fire, shooting four times each. Tracy ran up the track and a few yards further encountered Crowe. To the officer's challenge the outlaw coolly responded that he was a deputy. Crowe, thinking it was the elder Bunce, started to approach, when Tracy commenced shooting at close range, firing two shots. The bullets whistled harmlessly by, but Crowe suffered slightly from the burning powder.

ESCAPES IN DARKNESS.

After the shooting Tracy turned and entered the brush along the side of the track, where he was lost in the darkness. The deputies made a hurried circle through the woods to Covington to head Tracy off, but on their arrival found that he had not passed the station.

Later it was learned that since his escape from the north side of Sluice Creek Tracy attempted to board one of the eastbound freights. The grade is heavy at this point, but the train was running light and at such speed that Tracy was unable to board it.

Another train passed and the conductor reports that while running near the saw mill some one called for him to stop. There were no deputies present and it is thought Tracy is the man who called, and the opinion is advanced that he may have been wounded in the battle just before midnight.

A man thought to be Merrill, the other escaped convict, appeared yesterday at the home of a farmer a few miles east of Ravendale, near here, and wanted food. He remained in the vicinity all day.

OUT WITH BLOODHOUNDS.

Seattle, Wash., July 11.—Sheriff Cudihee and Guard Carson, with bloodhounds and a small posse, left Auburn at 6 o'clock this morning for the point where Tracy was last seen.

THINK BANDIT CORNERED.

Tacoma, Wash., July 11.—This forenoon Sheriff Cudihee and numerous posses were in the vicinity of Covington, where Outlaw Tracy eluded the posse at midnight. Every train going toward the Northern Pacific tunnel through the Cascades was stopped and searched. The formation of the country is such that Tracy may be said to be cornered in the point of a triangle, and developments are momentarily expected.

OLD ISSUE AGAIN

COUNCIL RESUMES DEBATE OF FRANCHISE.

TRACTION FARES DISCUSSED

COMPANY REPRESENTED AT A CONFERENCE.

NOTHING DEFINITE IS DONE

ANOTHER MEETING TO TAKE PLACE NEXT WEEK.

The city council met last night as a council and referred the Macbeth garbage ordinance, resolved itself into a committee of the whole, labored until 11 o'clock on the Fort Wayne Traction company's extension franchise, accomplished nothing definite and then took a recess until next Tuesday night to further consider the matter.

When the city clerk called the body to order he announced that Mayor Bergdoff was out of the city, whereupon Councilman Bauer was selected as temporary president of the council. The call of the roll showed all the members present excepting Glenn. The pleasure of the council being asked for Clerk Schmidt read the ordinance drafted by the health commissioner and City Attorney Shambaugh, which was signed by Councilmen Hench and Figel; it was read the second time and referred to the committee on health.

FRANCHISE CALLED UP.

President Bauer then stated the object of the meeting, whereupon Councilman Miller moved that the council go into committee of the whole in open session, to consider the franchise as amended by the council, granting to the Fort Wayne Traction company the right to make further extensions and hear the manager and attorney of the company in regard to the same. The motion prevailed and the council was so resolved with Councilman Scheid as chairman and Councilman Hench as secretary.

The communication of Manager Scott, under date of June 12, was then read, after which Lennon moved that the contract be taken up section by section and passed until objection was offered by the company's representatives, when the objectionable features should be discussed.

THE WRONG DOCUMENT.

Secretary Hench then proceeded to read the first section of the franchise when it was discovered that the section read was part of the original franchise submitted by the Traction company and not the amended section. Lennon said that it was all right and that the company's attorney was present and that if there was anything objectionable he would have the privilege of kicking.

Ehrman said he did not doubt that, but that it was doubtful whether the attorney would kick on a franchise that he had himself drawn; what he wanted was the revised franchise, the one that the council had decided upon and not the one that the company wanted. Then came a pitiable scene. For over half an hour the members of the council and the special committee, assisted by the city attorney and the clerk, floundered around trying to find the amended contract.

A COPY IS FOUND.

Finally a copy interwoven with almost unintelligible interlineations was found and everybody was trying to explain just what this or that insertion or erasure signified. Somebody suggested that with a $2,500 clerk, a $500 stenographer, a $2,000 city attorney and five $150 councilmen on the special committee it would appear as though the time from before the 1st of June to the present should have been sufficient to enable a correct copy of the revision to have been made; if not more assistance should be employed so as to give the salaried officers more rest. The matter was compromised by reading the franchise partly from the original manuscript and partly from the printed report and between the two a pretty fair out was finally made of it.

Miller wanted to take up the direct communication of Manager Scott and Hosey thought the best way to get at it would be to hear from Mr. Scott what concessions he was willing to make.

MR. BARRETT SPOKE.

After debate Attorney Barrett was given the floor. He spoke at some length detailing the motives of the street car company and suggested that a mistake had been made in drawing the franchise in asking to go as far south on Calhoun street as John avenue and looping around to the north to get to the organ factory and said a shorter route would be preferable. He called attention to the fact that the Fleming franchise introduced a competing line in the southeastern part of the city and that therefore the Pontiac and Winter street lines would be impracticable. He objected to striking out a paragraph in paragraph 10 of section 1, providing for curves and turnouts, objected to cutting out the freight loop on Lafayette street and made some other objections.

THE FREIGHT LOOP.

Bordelet interrupted to inquire whether it was not the understanding that the Traction company was asking for a personal franchise independent of interurbans, and upon being informed that was the case, wanted to know what the company wanted with a freight loop. There was no further discussion about freight loops. Zurbuch wanted to know why Lieth street could not be used to go east into an unexplored territory if Pontiac street was found objectionable, but the question was not pressed.

MR. SCOTT TALKS.

Section 2 was then taken up, being the one relating to fares. Mr. Scott was asked to take the witness stand, which he did standing in front of the secretary's desk, where he could readily hear and see, and for over an hour he dilated upon street car expenses, absence of profits and actual losses as sustained by his company under present conditions, which embrace practically a flat five cent fare, with the exception of the $4 books and the $3.50 limited workingmen's tickets. He showed conclusively that it cost just a fraction less than 5 cents to carry a passenger. He said in answer to questions that 3½ cent tickets had a very limited sale, but that seven tickets for 25c would be universally used, he thought. He said that the reduced fare tickets were an experiment and that they were put on at the solicitation of the Commercial club with the distinct agreement that they should have no influence upon subsequent street car legislation. Asked about school children's tickets at 30 for $1, he said that they were always a failure wherever tried. He said that cheap tickets were used principally during busy hours, when the company could get flat fares if there were no tickets, but immediately afterwards stated that only 20,000 3½ cent tickets were used in 1901, 324,801 4 cent tickets and that 3,587,802 cash fares had been paid. The June receipts for this year showed a decrease of over $1,000 compared with the corresponding month last year. Inferrentially he tried to explain that the cold weather was responsible for this decrease. He continued by saying that anything in the way of concessions must first be compensated for by a grant for a Clinton street extension, with an outlet on either Holman or Chestnut street, preferably Holman street.

QUESTION OF FARES.

Ehrman asked whether a Clinton street franchise would make the 7-for-a-quarter proposition look any brighter to him. "No, sir; our fare proposition as embodied in my last communication is our ultimatum." Later he reconsidered that statment. Hosey asked whether it would be fair to base the ticket rate on the gross earnings to which Mr. Scott replied that it would not be and that the only fair way to base reductions would be upon the net earnings above 7 per cent on the capital stock.

Bauer:—"Suppose we agreed to your 6-for-a-quarter rate, gave you the Clinton street extension, gave you an outlet on Holman street, gave you everything you ask for and some more thrown in and extended your franchise 50 years, would you then agree to a revision of fares every ten years?"

Scott:—"No, sir; not for a perpetual franchise."

Lennon inquired whether he would agree to sell 30 tickets for $1.05 to which question Mr. Scott answered by silently shaking his head. Finally the question of selling 30 tickets for $1.05 good only between 6:30 and 7:30 a. m. and 5:30 and 6:30 p. m. was more favorably discussed. Some one asked where these tickets would be purchasable whereupon Bauer said "At the company's down town waiting room."

MAY GIVE WAITING ROOM.

"Well, we have been considering a waiting room down town," said Mr. Scott, "and one is not improbable."

The discussion then ran along the lines of carrying passengers on the park line at the reduced rate. Mr. Scott said many people would take advantage of the cheap fares to go to the park which would at even a four-cent ticket rate mean four cents per passenger per round trip; he said that the company could not discriminate between a man going to work or a man going to a picnic when caused Mr. Ehrman to inquire whether it cost more to carry a man the same distance going to a picnic than it did going to work.

Lennon said directly to Mr. Scott that if he would agree to sell six tickets for a quarter and sell 30 tickets for $1.05 good during certain hours as above named and not good on the park line during the months from April to September, he would agree that the council would fix up the other points to his satisfaction.

Mr. Scott said he would have to refer that matter to the board of directors at Cleveland but intimated that it might be arranged.

Mr. Lennon thereupon made a motion that the council would accept such a revision of the fares in lieu of the flat 7-for-a-quarter proposition as embodied in the franchise.

Then there was a muddle. Bauer said that the council was no closer to a solution than it had been at the most remote time; that Manager Scott had always withheld any proposition on the ticket question and that he was willing to talk about anything except cheaper rates; that tonight was the first time that he had ever agreed to consider ticket concessions and that now he must first refer the matter to the board of directors. He therefore moved that the council take a recess until Mr. Scott's directors could be heard from. This brought Lennon to his feet who immediately withdrew his motion to pass upon the ticket proposition as he had outlined. Several members spoke warmly in support of Bauer's motion and said that it was just as proper for the council to require an absolute statement from the company as it was for the company to expect the council to make its concessions first.

The matter was settled by an agreement to take a recess until next Tuesday night. The committee then rose, resolved itself into a council and adjourned according to the previous motion.

HUNDREDS MADE HOMELESS

DES MOINES FLOOD VICTIMS SLEEP OUTDOORS.

Many Have to Beg for Food, Though Every Effort for Relief is Made —Damage Enormous.

Des Moines, Ia., July 11.—Hundreds of homeless flood sufferers spent the night in school house yards and in downtown parks without so much as a blanket to cover them. Some had to beg for food, although every possible effort is being taken to provide for them.

It is believed the situation in the flooded district cannot be materially relieved for several days and that when the water finally reaches its former channel, an epidemic of malaria and typhoid fever will prevail.

The damage is expected to reach a million dollars.

TOPEKA IS FLOODED.

Topeka, Kansas, July 11.—The Kaw river here has risen one foot since yesterday and is still rising. The lowlands are flooded. In North Topeka several families have abandoned their homes, which together with the First Cumberland church are surrounded by water.

Water is running over both Garfield and City parks in this city and the street railway tracks in the lower districts are submerged. The street railway bridge in Topeka still stands but is in a shaky condition, and the bridges at Willard and Valencia and nearby points are in danger.

HIGH AT KANSAS CITY.

Kansas City, Mo., July 11.—The Kaw river here is nearly one foot higher than yesterday with indications that it will continue to rise gradually for another twenty-four hours at least. The worst damage is at the town of Armourdale, on the Kaw, where several streets are under water from one to four feet deep.

BRYAN WILL NOT BE INVITED

STATE COMMITTEE NOT TO ASK HIM TO SPEAK.

Democratic Organization Disposed to Let Him Alone—Others May Invite Him.

Indianapolis, July 11.—A member of the democratic state committee, who did not care to have his name mentioned, said yesterday that William Jennings Bryan will not be invited by the organization to make speeches in Indiana this year. This course has not been fully determined, but he said that a majority of the district chairmen are in favor of letting Bryan severely alone. If the former leader takes part in the state campaign, the chances are that the organization will not be sponsor for it.

Members of the organization have been debating among themselves whether or not Bryan ought to be invited, but since he has shown his displeasure over the platform and the indorsement of Cleveland's speech by certain Indiana leaders, a sentiment that he ought to be ignored has grown up.

The member who said the organization would not include Bryan in its list of spellbinders this year said it was possible that Bryan might be asked by some of his admirers to make a few speeches in the Second district, where he still has considerable following.

BAD SHAPE OF THE SECOND.

The Second is in so bad shape because of the bitter three-cornered fight among Miers, Davis and Wellman for congress, and the refusal of the congressional delegation to indorse Bryanism, that the party leaders will hardly be surprised at anything that is done there.

Efforts are being made to harmonize the Second, which is one of the strongest democratic districts of the state, but it is admitted that it will be difficult in three or four counties to bring the party workers together.

The state committee will have a meeting some time within the next month at which the list of speakers for the campaign will be considered. It is understood that a majority of the candidates have protested against paying any further attention to Bryan or inviting any one to make speeches who is likely to expound Bryanistic theories.

TELEGRAPHERS GET ADVANCE.

Denver, Col., July 11.—The Denver and Rio Grande railroad has agreed to an advance in wages of its telegraph operators from $2.50 to $10 per month, according to positions. The grievance committee of the telegraphers has been meeting with the officials of the road for several weeks and many matters have been disposed of amicably.

ULTIMATUM TO STRIKERS.

Omaha, Neb., July 11.—The Union Pacific railroad company today gave formal notice to its striking shopmen to return to work at once or forfeit their positions. Vice President Wilson, of the machinists' union, said the notice would have no influence with his men. W. R. McKeen, superintendent of motive power, admitted that the company was preparing to begin operations in all its shops. He said the company now had sufficient men to operate all its shops in a limited capacity and would soon be able to run them at full force.

PERU STORY IS PREMATURE

REV. MEISSNER'S SUCCESSOR IS NOT YET CHOSEN.

Must Follow Prescribed Course in Selection—Other Diocesan News Notes.

A Peru newspaper comes forward with the announcement that Very Rev. J. H. Guendling, formerly vicar general and during the illness of Bishop Rademacher administrator of the Fort Wayne diocese, is to be appointed to succeed the late Rev. Father Meissner as pastor of the Catholic church at Peru. To a reporter for The Sentinel today Bishop Alerding stated that any such announcement was premature, though he would not deny that there was a possibility that the choice might fall upon Father Guendling.

Peru is one of the irremovable rectorships of the diocese, and the mode of procedure in filling a vacancy in points of this kind differs materially from that at other points. Probably on Tuesday next the bishop will send out to the clergy the official notice of Father Meissner's death and the announcement that a vacancy exists there. No priest can be appointed to an irremovable rectorship who has not been in the priesthood at least ten years, and he must have been in charge of a parish at least three years.

Within the twenty days following the bishop's notice, priests who are eligible and desire the appointment at Peru will file with the chancellor of the diocese their application, which entitles them to enter concursus. At the end of the twenty days a date is fixed for the examinations, when candidates for the place must present themselves before the diocesan examiners of the clergy, who are Rev. H. J. Heuser, D. D., of Huntington; Rev. J. H. Oechtering, of Fort Wayne, and Rev. B. Wiedau, of New Haven.

MAY ADD OTHERS.

At present there are but seven irremovable rectorships in the Fort Wayne diocese—Peru, St. Mary's, Fort Wayne; Lafayette, Decatur, Mishawaka, St. Vincent's, at Logansport, and SS. Peter and Paul, Huntington. The third council of Baltimore decreed that 10 per cent. of the parishes of a diocese could be promoted to irremovable rectorships, and this would make it possible for four additional stations of this kind to be created in the Fort Wayne diocese, and Bishop Alerding said today that this might be done later. It is probable that the synod to be held next year will take up the matter.

PARSONAGE IS BURNED.

Rev. Father Zumbuelta, the veteran pastor at Hanover Center, Lake county, today notified Bishop Alerding that his parsonage was struck by lightning Wednesday evening and entirely destroyed by fire, together with all its contents, including records, library, clothing and considerable church property. Arrangements are already under way to rebuild a better home for the pastor.

The chancellor, Rev. Father Bathe, who has been making a tour of Europe, writes that he will sail for home either July 26 or July 29.

The biennial retreat of the clergy of the diocese will be held at Notre Dame from August 18 to August 21, in Sorin hall.

A very excellent life-size portrait of the late Bishop Dwenger, handsomely done in oil by one of the Sisters of Providence connected with St. Augustine's academy, has just been hung in the bishop's residence.

A MYSTERIOUS AFFRAY.

Ironwood, Mich., July 11.—A shooting affray, which occurred at an early hour at Iron Belt, on the west end of the range, is mystifying the authorities. One Finlander named Hill was killed and a fell-countryman named Belbeck was probably fatally wounded. Residents of the town awakened by the reports of firearms found the two men lying in their own blood near the depot. Each had received several bullet wounds from a revolver found lying nearby. It has not yet been determined whether either of the men did the shooting or whether an unknown party is responsible. Belbeck has small chance for recovery.

TO GRACE.

Five years ago today, dear Grace,
Since thou hast faded from our sight;
Thy sunny smile, thy happy face
And loving nature, kind and bright,
Are treasures in our memories.
And, though unseen, we feel the thrill
Of thy sweet presence, like the breeze
That brings the rose's message still;
Although the rose itself is gone—
Death freed its soul. Go with mankind;
God gives a human soul at dawn.
As hostage, bound to earth, confined
Within the body till the hour
That death shall come and bring release,
And when, dear Grace, that mighty power
Brought thine, we said farewells and peace;
But thou wert listening, rapt, enthralled,
To loving hosts that welcomed thee
To realms above. So I, when called,
Believe my child will welcome me.

FIVE CASES OF SMALLPOX

THERE ARE ECHOES OF THE FUELLING CASE.

All of the Patients are Children and None is in Serious State From Disease.

Five more cases of smallpox were uncovered to the health department last evening. None of the cases are serious and at least two of them are nearly recovered. Amelia, aged 5, and Emma, aged 9, daughters of Mr. and Mrs. Henry Roesener, of 1106 Stophlet street, are down with mild types of the disease. The outbreak is readily traceable to the William Fuelling case, the gentleman who was married with a well developed case in stock and who was entertained at the Roesener home several Sundays ago, the entertainment being rudely interrupted by the health officer who insisted on vaccinating everybody in sight.

In the double house at 451 and 453 West Williams street three other cases were found. Eliza, aged 10, and Lester, aged 7, children of Mr. and Mrs. William Klingman are down at No. 453. The girl is just getting into the case well but the boy who has been sick over a week, is nearly completely recovered.

Robert Barber, aged 8, living in the other end of the house is practically over the disease. In none of the latter cases was a physician called until last night when Dr. Enslen was called to treat the Klingman girl who is quite ill. The parents of the children did not know and did not even suspect that they were suffering from smallpox.

As stated, none of the cases is serious.

Quarantine was today raised on the home of Miss Shujaker, at the corner of Main and Lafayette streets, the young woman being entirely recovered. Francis Charton, who has been at the isolation hospital for several weeks is far enough recovered to be discharged today and will be brought to the city and installed as nurse at the Labbe residence on Madison street, where two cases were discovered yesterday.

POISON CASE IS DROPPED

SOUTH BEND PROSECUTOR IN DOUBT OF EVIDENCE.

Mrs. O'Malley and Young Hearin Are Bound Over at Philadelphia —Woman Furnishes Bond.

South Bend, July 11.—Mrs. Aline Ellis O'Malley will not be charged with attempting to murder her husband by administering arsenical poison. The bottom dropped out of the case last night when State's Attorney George E. Clarke said:

"The evidence which I have is purely circumstantial and hardly strong enough to warrant me putting the county to the expense of a prosecution. There is nothing to warrant Indiana officials in asking Mrs. O'Malley's return to the state. I have read letters from Mrs. O'Malley to young Hearin. They were not such letters as a young married woman should write to a man other than her husband. The fact that she had her picture taken with Hearin at Coney Island while her husband was lying ill at St. Agnes' hospital is undisputed. We have the photographs. Beyond this, however, we know little."

COUPLE BOUND OVER.

Philadelphia, July 11.—Magistrate Kochersperger yesterday afternoon held Mrs. O'Malley and William J. Hearin in $1,200 bail each for court on the two-fold charge of larceny and conspiracy to rob. Mrs. O'Malley's father, W. A. Ellis, of New York, attended the hearing and gave bail for his daughter. Mrs. O'Malley and her father left here last night for New York. No bail was forthcoming for young Hearin and he was taken back to prison.

It is said that bail will be given for him today.

Assistant District Attorney Smyth refused to present new evidence, and counsel for the defense demanded the release of the prisoners, claiming that Magistrate Kochersperger had on July 2 ordered a further hearing for yesterday on the ground that the commonwealth had not produced sufficient evidence to warrant his holding the defendants for court. The prosecution maintained that no additional evidence was necessary at this time, and to this the magistrate agreed.

A man of Mr. Tracy's resourcefulness in dodging officers and the law and all that ought to head a merger or a trust. A tremendous genius is dissipating his talents and taking chances on getting shot.

The friar question in the Philippines is full of unpleasant prospects for this government. A thoroughly amicable agreement with the vatican on this issue is specifically desired, but the vatican does not view in the desired light the main point at issue—removal of the friars. Upon this it is understood the Washington government will immovably insist.

King Edward has fixed the new date for his coronation less than a month hence. His majesty apparently wants the job disposed of while his vermiform appendix continues to be mollified by the doctors. Science has not yet discovered the utility of the vermiform appendix in the economy of the human system, but when it can trip a king and hold up a royal procession like the coronation show it is bound to command respect, if not appreciation.

J. P. Morgan and Wilhelm Hohenzollern have negotiated an understanding that the big German shipping companies shall be in the Morgan trans-Atlantic combine and that Morgan and Hohenzollern will stand together to batter the hand sights, likewise the front lamps, off any other shipping combine that tries to break into the field, or we should say, paddle in the briny. Our American king and the German emperor seem to have hit upon a new version of hands across the sea.

There is some reason to believe from accounts of the discussion of the Traction company's franchise at last night's meeting of the council some ground of compromise may be found upon which the matter may be finally disposed of. The outlook is not especially flattering, but it is disclosed that the last word has not been said on either side. We believe if the council on the one hand and the traction representatives on the other are prepared to make some concessions an agreement can yet be reached that will finally ensue in the building of the extensions so strenuously demanded and so badly needed in sections of the city now remote from street railway service. One encouraging sign is that while each party to the dispute has now and then announced something like an ultimatum, they continue to hold conferences and debate disputed points. The process is tedious and progress scarcely appreciable, but that will be largely overlooked, even by those who are suffering from the delay, if the whole distracting matter is finally brought to issue. Now that the matter is again up, why cannot it be kept under consideration until something is achieved or it is demonstrated positively that nothing can be done?

Thirteen years ago the city of Johnstown felt the weight of a disaster that shocked all humanity. The loss of life in the tremendous flood has placed that terrible event in the list of the world's great cataclysms. The less extensive though still horrible catastrophe which has fallen upon this unfortunate city in the death of some two hundred of its mine-workers will arouse unusual sympathy.

If no settlement of the Chicago freight handlers' strike is reached it will not be the fault of the big business interests of that city. The great mercantile houses have an interest in the affair that is paramount to the interest of either party to the strike. Want of facilities to transport goods means as much loss in business to them as idle freight service means loss of traffic to the railroads or loss of wages to the strikers. If the freight handlers' strike is prolonged there is every probability that the teamsters will be extensively drawn into it and in that event the whole situation is likely to be productive of the most acute commercial distress. As a strike in Chicago is impossible without disorder, the prospect is not pleasant for that city. It would seem that the powerful commercial interests now at work to bring about a settlement ought to find means to succeed.

THE TRUTH OF IT.

(Indianapolis Sentinel.)

Our always good-humored contemporary, the Fort Wayne Sentinel, says that "a few weeks ago The Indianapolis Sentinel administered what it good-naturedly was pleased to term a 'severe rebuke' to Mr. Bryan." Our Fort Wayne namesake is in error. The Indianapolis Sentinel, in the best temper in the world, administered to Brother Watterson what it was pleased to term "A Stern Rebuke," which, by the way, we regret to say, does not seem to have had the desired effect, for Mamma Henri continues to be just as "sassy" as ever. But The Sentinel has never referred to its brotherly advice to Mr. Bryan as a "rebuke," "severe" or otherwise.

CITY HALL NOTES.

Building permits were today issued to Winnifred J. Rundall to erect four houses on Fairmount place at a cost of $1,000 each and to J. M. Kyser to erect two houses on Pontiac street at a cost of $1,000 each.

At the meeting of the board of works yesterday the city engineer was instructed to prepare plans for paving an alley between Harrison and Webster streets south of Creighton avenue. The Pennsylvania company asked permission to tear up the pavement at Clinton and Holman streets to facilitate the moving of their big office building, and George Murphy asks for a compulsory petition fence along the line of his lot in Prince's addition.

ANNUAL MEETING IS HELD.

The annual meeting of the Fort Wayne Special Furniture works was held last evening and officers for the coming year were elected as follows: President, N. Keltsch; vice president, G. W. Dodson; secretary, H. F. Franke, jr. The report of the business of the past year shows a prosperous condition of affairs. Trade is increasing steadily and the firm has found it necessary to erect an addition and install new machinery to keep up with the orders. The factory is running at full capacity just now, and the firm has booked orders for delivery months ahead.

Miss May Hallenstein gave a lawn party yesterday in celebration of her fifteenth birthday anniversary.

VIEWS HAD CHANGED.

One of the most interesting men on the Yale faculty is Professor Brewer of the scientific department. Men who have studied under him declare that there is no subject on which he is not a competent authority.

They tell at Yale of a student who once posted himself on some esoteric Chinese subject by reading a recondite encyclopedic article, and, fully primed, sought to "stick" the professor, says the New York Times. Professor Brewer talked familiarly on the subject, but, to the student's delight, expressed views radically different from the encyclopedia's.

"You must admit that you are wrong for once, professor," said the student triumphantly. "I have looked the matter up, and So-and-So's encyclopedia utterly disagrees with you."

"Very true," replied the professor, composedly, "but a great deal of new information has come to light that has changed my mind completely since I wrote the article for the encyclopedia you mention."

WILL FIGHT CASE

ACCUSED MEN SAY OFFICERS HAVE WRONG PARTIES.

EXTRADITION MATTER IS UP

TWO MEN ARRESTED ON A BURGLARY CHARGE.

CRIME COMMITTED IN CANADA

ONE TAKEN AT BLUFFTON; THE OTHER AT CONVOY.

Two men, arrested last evening by Fort Wayne officers, and identified by Canadian authorities as the men wanted in Canada on a charge of burglary, will institute a vigorous fight at the extradition proceedings which have been commenced before United States Commissioner Logan.

The men under detention were arrested under the names of William Acker and Benjamin Reilly. Acker was captured at Bluffton, where he has resided for several years and where he is known as William Julian, the arrest being made by Deputy Marshal John A Scott and Deputy Sheriff Reichelderfer. Reilly, who insists that his name is John, and not Benjamin, as specified in the warrant, was gathered in near Convoy, Ohio, by Superintendent Goraline and Inspector Murray, the highest official in the Canadian police system.

Both prisoners were brought to Fort Wayne to comply with the extradition laws by hearing testimony bearing upon the identification of the accused men. Should this be established, Commissioner Logan will so report to the department of state at Washington. When his finding is approved it will be transmitted to the British legation, with orders for the surrender of the prisoners to Canadian authorities. From thence the order will go to Inspector Murray, who could then take his men to Canada for trial.

SAY IT'S A MISTAKE.

The men arrested, however, stoutly protest their innocence, deny being the parties named in the affidavits and assert that they will be able to establish a conclusive alibi by citizens of Wells county who have known them for several years. On the other hand, Constable David Mills, of Ridgeton, Canada, who is in the city with his superior officer, is equally positive they are the men wanted.

Attorney Henry Colerick has been retained to represent the prisoners, and the hearing will begin late this afternoon before Commissioner Logan. It is believed the accused men will demand the right to summon witnesses to establish their alibi, and it is hardly probable more will be done today than fix a future date for the hearing.

Julian, or Acker, has resided in Bluffton some years, and has two sons there, one of whom conducts a bicycle shop and the other a barber shop. Reilly has been engaged in roofing in Ohio. He formerly lived in Bluffton.

CHASE A LONG ONE.

For nearly two years Canadian police authorities have been endeavoring to get hold of the men accused of the crime, and their protracted efforts were brought to development Thursday when J. W. Murray, chief inspector of criminal investigation in Canada, arrived in Fort Wayne, presented his credentials to United States Commissioner Logan, and with them a transcript of much evidence taken in Canada. Under the law it was necessary for the commissioner to secure special authority from Judge Baker to hear evidence intended to establish the identity of the men, and this was done. Inspector Murray, accompanied by David Mills, a constable at Ridgeton, Canada, where the crime was committed, had visited Bluffton and located one suspect. Mills remained there, and after learning that the other man wanted had gone to Ohio, Mr. Murray returned to Fort Wayne and invoked the aid of Superintendent Gorsline. The story of the arrest has been told. Acker was lodged in the county jail for the night, while Reilly occupied a cell at the police station.

NODDED A RECOGNITION.

Neither was informed of the other's arrest, and Reilly was the first to be brought into court this morning. Later Acker was brought in by the officers. Glancing up at him, Reilly said: "How d'ye do, John." Acker merely nodded a reply.

Assistant District Attorney Lafollette, who is in this case, is representing the Canadian government instead of the United States, read the formal charge to the men separately. Each emphatically denied every allegation, and each was positive he had never been inside the dominion of Canada, and entered a plea of "not guilty," with much vehemence. Before the case proceeded further, Acker asked leave to secure an attorney, and said that Henry Colerick had been suggested to him by Judge Mock, at Bluffton. Reilly said he had no money, but he wanted an attorney, and Commissioner Logan ruled that they were entitled to be represented by counsel. Mr. Colerick was summoned by telephone and when he appeared in court a conference resulted in setting the hearing for this afternoon.

VERY SERIOUS CHARGE.

The title of the action against the men is "The King vs. Acker and Reilly, Burglary," and Inspector Murray says the depredations with which the men are charged embrace a long series of thievery, the most serious instance of which is the breaking into the house of an old farmer on two separate occasions, torturing the inmates in the attempt to extort money.

It is alleged that on the night of September 16, 1900, two masked and armed men entered the home of George Jacks, a retired farmer in Dover, Kent county, Ontario, and demanded money. Inmates of the house declared there was no money in the house, but the burglars instituted a search and with threats of death and flourishing of weapons kept the family in a state of terror for two hours. They asked concerning firearms and were told the only thing of the kind there was an old musket. While one of the men was searching a bureau drawer his handkerchief mask was brushed aside and one of the daughters saw his face in the mirror. The robbers secured about $7.

WENT BACK AGAIN.

A few weeks later, on the night before Christmas, the Jacks home was again invaded by two men, and under threats of death the robbers demanded money which they stated he had received on that day. Luckily Jacks had placed the money in the bank, and he was compelled to produce the certificates. One of the men asked about the old musket, thus making it clear that the robbers were identical with those who did the first job. Securing little money, the fellows gathered up jewelry and clothing, stacked it in a pile on the floor. Then they compelled one of the daughters to cook them a lunch, which they leisurely ate and decamped with their plunder. Reilly is charged with the robbery of the house, while the specific charge against Acker is the theft of about twenty-five bushels of clover seed from the premises of David Hastings, near the Jacks home. Acker is said to have been a paper hanger, working in the vicinity for some time, and in this way gained a knowledge of the interior of the houses.

DEAD NUMBER 200

(Continued From First Page.)

searching party and go in at 9 o'clock this morning. There is damp in the left headings which will make our progress toilsome. Part of the mine is so filled with after-damp we cannot get in until we turn the current of air in."

WAGONS FOR THE DEAD.

When the bodies of the victims came from the mine a long line of undertakers' wagons and picnic wagons were in waiting to take them on the roundabout route to the morgue in the city. There they were backed up to a door and a large force of police were ready to check the great throng from pressing in too close. Body after body was dragged from the wagons and borne inside. All of them were blackened and unrecognizable, until the undertakers got to work. The head of one man was crushed and the only means of identifying will be by his check number. All of the bodies were cold and stiff. The arms of most of them were twisted in front of them as if to shield their faces from fire. The left hand of one man was torn off at the wrist. The bodies now recovered were all found about two miles in from the main pit mouth. The headings leading from that region off to the left, where it is expected most of the dead will be got may not be entered by the searchers today.

IS AN OLD MINE.

The rolling mill mine has been worked for about fifty years. Five or six years ago the section where the disaster of yesterday occurred was opened. The miners fancifully called it the Klondike. It is said that for the past three years gas has been noticed in it and careful inspections were kept up. In the last three years safety lamps had been carried by the men. Frank Sabot, one of the boys who met death in a heroic endeavor to save his comrades, was safely out of the mine after the explosion. He worked in the mine ever since the Klondike was opened up. He had "trapped" in the mine longer back than that. After the explosion he hastened into the vault of death to do what he could to close the traps and check the spread of the after-damp. He was found lying near a partly closed door leading off to one of the left headings.

Soon after the discovery of the first corpses the mine officials began to make arrangements for the removal of the bodies from the scene of the disaster.

USE ARMORY FOR MORGUE.

At the armory of Company H, a big barn-like frame building on the outskirts of the city, preparations were methodically forwarded to transform the place into a temporary morgue. Chairs were placed in rows opposite each other and rough boards and planks placed upon them to serve instead of the marble or slate slabs that receive the dead in metropolitan morgues. Nearly a score of young men were called in to assist the dozen undertakers of the city; dry goods establishments were opened and hundreds of yards of muslin, toweling and other goods gotten out for the purpose of preparing the bodies for burial.

Sleepless mothers and wives waited all night for news from the missing ones and peeped through drawn blinds as the cortege passed on its way to the morgue. Many trips were necessary and the gray dawn had come long before the last trip had been made.

President Powell Stackhouse and Supt. C. E. Price were on hand for the arrival of the bodies at the morgue, and the wives, sweethearts and relatives of the missing crowded around the building.

Outside of the property loss this catastrophe will cost the Cambria Steel company a large sum.

The company has for many years past paid to the family of every person killed in its employ $1,000, outside of what is expended for medical purposes, and it has paid every man who has lost an eye, limb or became otherwise partially disabled the sum of $500

It is understood that the rule will not be deviated from.

ABOUT THE COURT HOUSE.

The court house today looked very much like after business hours on a holiday. None of the courts are in session and the weather was apparently too pleasant to induce trouble or marriage as the very brief record will show:

The will of Francis Rancis was filed for probate. The testator leaves all of his property to the disposition of his widow.

Edward Wickliffe has commenced suit against Hezekiah Hillegas and a number of others, designated as trustees of the Huntertown Cemetery church, on a mechanic's lien for $302.

The county commissioners today were wrestling with ditch matters and had no trouble whatever. There were no remonstrances, no kickers and only a few petitions for new ditches. They were disposed of as follows: On the petition for the Leininger ditch in Jackson township, George Townsend, Celestin Gladieux and John Orrick were appointed viewers; Huguenard ditch, Jefferson township, J. B. Emenhiser, Jasper Jones and W. S. Spindler were appointed viewers; Felger ditch, Lake township, Florentine Roy, August Tonkel and James Mercomb were appointed viewers; Heck ditch, Lake township, George Geoglein, Frederick Bleke and Samuel Fulkerson were appointed viewers; Harber ditch, Pleasant township, William Brindle, Sylvester Reed and Judson Emrick were appointed viewers.

Nora Parks, the insane woman delivered to the sheriff from police court yesterday, continues to be very violent. She tears off her clothing and requires constant care and attention. Her home formerly was in Eel River township, from where she was once sent to the asylum. Sheriff Stout realizes that a commission of lunacy cannot be held in her case, she having once before having been declared insane and now the only thing to do is to have her recommitted. Steps looking to that end will be taken today.

Deputy Sheriff Huguenard was today surprised by having delivered to him a handsome engraving which he was told he had drawn at a church fair held at Besancon last week. It is a representation of the "Lord's Supper" and is a very handsome piece of art.

THOUGHT HIM A DRIVER.

Mr. Minor of Wisconsin is fastidious about headgear. He eschews the glossy silk tile, except on the most formal public occasions and affects a neat looking fedora, says the Washington Post.

"Five years ago," said he to a republican group, "on the occasion of President McKinley's first inaugural, I was feeling especially good, as were many other republican citizens the country over. Just before March 4 I went downtown and purchased a new silk hat. That night several friends were visiting me at my house here. I togged out in a new Prince Albert, and walked down the stairs with this silk hat perched jauntily on my head.

"My little tot daughter observed me at the foot of the stairs. 'Oh, papa,' she cried, 'whose coach do you drive tonight?'

"That was more than I could stand. It convinced me that I did not look right in a silk hat, and I felt like boxing up my new purchase and shipping it back to Wisconsin."

Mrs. Grace Kappel has returned home after a week's visit in Toledo.

Miss Lillian Ehle has gone to Bluffton to be the guest of Miss Margaret Hiely for several weeks.

WILL END STRIKE

ARBITRATION WILL WIN IN CHICAGO LABOR WAR.

BUSINESS MEN MEDIATORS

GET RAILWAYS AND FREIGHT MEN TOGETHER.

THE POINTS OF THE DISPUTE

STRIKE IN ALL PROBABILITY WILL END TONIGHT.

Chicago, July 11.—The board of arbitration early this morning decided to meet at 10 a. m. and arrange a plan of settlement of the freight handlers' strike, to be submitted to the railroads.

Members of the board say they believe the strike will be settled by this evening.

Following are the points remaining to be settled, finally, and which both sides are said to be willing to agree:

1. The new wage scale to be effective at once.

2. Straight time for overtime, instead of time and a half.

3. Freight handlers to receive 17½ cents an hour instead of the 18 cents asked by the men and the 17 cents previously offered.

Recognition of the union is waived, although this is merely to facilitate the bringing about of a settlement of the other questions and is not now in dispute.

At 11:30 o'clock Chairman Seifridge, with other members of the arbitration committee, left his office to try to hasten a meeting of the railroad managers, which had been set for 2 p. m.

At the meeting of the railroad managers, the arbitration committee will be informed of the willingness of the roads to settle on the basis given.

The committee will then carry the terms to the officials of the strikers, who will, it is said, accept it and the strike will then be called off by President Curran.

John Driscoll, secretary of the team owners' association, declared that a settlement would be reached within half an hour after the two sides got together.

"There were concessions the railroads would not grant to the freight handlers," said he, "that they will grant to the business men of Chicago. The managers, I am reliably informed, have already agreed privately to grant at the conference practically all the strikers' demands, in order to protect Chicago business interests against a general strike of the most serious proportions."

The railroad general managers at 1:15 went into session with that section of the arbitration committee representing the team owners' association. All indications are regarded as still favorable to an early settlement of the strike.

TEAMSTERS ARE RIOTOUS.

About noon fifty or sixty striking teamsters attacked a wagon loaded with coffee which was being driven along Jackson boulevard. The driver took fright at the threatening demonstration and deserted his wagon, fleeing for safety to a nearby restaurant. Here he was given shelter by the waitresses, and when his pursuers finally left the surroundings he was quietly let out the back door. In the meantime the strikers had taken possession of the load of coffee and, after cutting open the sacks, strewed the contents along the street. A riot call was sent in and a squad of policemen quickly dispersed the crowd that had gathered. No arrests were made.

A meeting of the full arbitration committee will be held at 4 o'clock President Curran, of the Freight Handlers' union, said he believed the strike would be settled at that time.

IN JUSTICES' COURTS.

Deputy Sheriff Huguenard last evening arrested Frank Craig, wanted in France's court to answer to a charge of illegitimate parentage, preferred by Miss Moliasa Hiser. Craig was taken before Justice France this forenoon and bound over until next Monday morning in the sum of $300. In default of the necessary bond the young man took up temporary lodgings at the county jail.

Frederick Baus, an old man well known about town as a chair mender and sort of jack-of-all-trades, is defendant in two cases filed in France's court. One charges him with assault and battery upon Emma Mansdorfer and the other charges public intoxication. He has not yet had a hearing and the charges may be compromised.

The case in which Maria Henninger charges Edward Etch with trespass is being tried in Taney's court this afternoon.

THE MARKETS.

Chicago, July 11.—Wheat opened easier on weak cables and a continuation of good weather. There was a rush to buy early in the session, and the northwest and southwest were credited with covering short lines. September opened ½c to ¾@1c lower at 73c to 73½@73¾c, and on active buying quickly advanced to 74½c. Local receipts were 70 cars, with 3 of contract grade. Minneapolis and Duluth reported 247 cars, making a total for the three points of 317 cars, compared with 279 cars a year ago.

Reports of damage to wheat in the shock induced a considerable buying, and after touching 74½c the close was ¾@7/8c higher at 74½c.

Evidences of the "squeezing" process were apparent in July corn at the opening, and there seemed more disposition to cover on the part of shorts. The opening was 1c to 2c higher at 83c to 84c and in the early part of the day the price advanced steadily, sales being made at 86½c before the end of the first half hour of trading. September corn also advanced with the July option and after opening a shade to ⅛@¼c lower at 60¾c to 61c soon sold to 62¼c. Local receipts were 287 cars with 52 of contract grade.

July corn closed at 85½c, a gain over yesterday's close of 3¼c. September held firm throughout the session and closing figures were 1@1½c higher at 62c.

Oats opened heavier on good weather and better government report than had been expected. Sympathy with other grains imparted strength to the situation, however, and the September delivery advanced to 34½c, after opening ⅛@¼c to ¼@⅜c lower at 33½c to 33¾c. Local receipts were 91 cars.

Provisions were steady with moderate trade. September pork opened 2½c higher at $18.75. September lard was 2½@5c higher at $11.10@11.12½, but ribs were 2½c lower at $10.90.

THE DAY ON WALL STREET.

New York, July 11.—The stock market opened active and strong, the demand for some of the grain-carrying railroads showing urgency. Missouri Pacific opened wide on the purchase of 4,000 shares at 111½ to 112, compared with 110¾ last night, and St. Paul rose a point on the taking of 1,500 shares. United States Steel opened unchanged with the transfer of 2,000 shares and the purchase of another 2,000 shares lifted it ⅛. Louisville, Rock Island and North American rose 1 to 1¼. There were 4,000 shares of Sugar sold at 130 to 129¼, compared with 130 for the last price last night.

Realizing orders met the opening bulge in St. Paul and Missouri Pacific and they reacted sharply. Sugar also sagged to 128½ and Amalgamated became heavy. The general market was not much affected by these declines and hardened again when Rock Island and the local stocks were bid up. Rock Island rose 3¼ to 185 and Brooklyn Transit, Metropolitan Street Railway and Consolidated Gas a point. Virginia-Carolina Chemical, Colorado and Southern, General Electric and Tennessee Coal advanced 1 and New York Airbrake and Nashville, Chattanooga and St. Louis 2. The short interest took Sugar readily on the break and their buying forced a rally to 130½ at 11 o'clock.

Sugar reached 130¼ and then sagged to 128¾, pulling the general list down. Dealings in this stock were on a large scale and its erratic course repressed activity elsewhere. Louisville was marked up to near 142. Des Moines and Fort Dodge, Fuller Construction and Chicago Union Traction rose 1¼ to 2. Reading was active for a time and made a slight improvement. Fluctuations in the general market were narrow. Missouri Pacific rebounded to above 112 before noon.

Bonds were irregular.

New Lease of Life for an Iowa Postmaster.

Postmaster R. H. Randall of Dunlap, Ia., says: "I have been a great sufferer from indigestion and resulting evils for years. Being unable to obtain permanent relief, I resolved to try Kodol Dyspepsia Cure. Before I had taken one bottle I knew I had found what I had long looked for. After a few bottles I was cured of a soreness in my left side that I had not been free from for over ten years. I am better today than for years. Kodol Dyspepsia Cure has given me a new lease of life.

"If any suffering person will use Kodol Dyspepsia Cure, I believe, if it is a diseased stomach from which they suffer, that they will receive permanent relief. Anyone wishing can have a sworn statement as to the genuineness and truthfulness of this statement."

This testimonial is the voluntary statement of a man who has suffered, found relief and wants others to receive the same benefits. Kodol Dyspepsia Cure will cure any case of stomach trouble. It rests the stomach by digesting what you eat. The rest alone would restore health. But Kodol Dyspepsia Cure also contains tonics which build up the organ and hasten the good results. You don't have to diet. Kodol Dyspepsia Cure will digest what you eat. Helps children, too.

KILLED AT LIMA

AN AGED RAILWAY EMPLOYE MEETS SUDDEN DEATH.

WAS STRUCK BY MAIL TRAIN

PARTICULARS OF ACCIDENT NOT KNOW HERE.

DYER GETS NEW POSITION

APPOINTED SUPERINTENDENT OF SANDUSKY DIVISION.

The officials of the police department of the Pennsylvania company in this city received a telegram this morning stating that one of the watchmen employed by that department had been killed at Lima, Ohio. The victim of the accident was Andrew Stueber, aged about 65, who was the crossing watchman at Elizabeth street, in that city. No particulars of the accident have been received other than that the unfortunate man was struck by No. 18, the mail train. Dr. F. G. Stueber, of Lima, one of the most prominent specialists in Ohio, is a son of the dead man.

NEW OFFICE ADDITION.

Another improvement commenced at the Western Gas Construction works is an addition to the main office. The vacant space between the present office and the machine shop will be the site of the new addition, which will have an entrance into the machine shop. This building has been made necessary by the increase of the office force at the works, which is at the present time somewhat cramped for room.

STORY MAY BE "FAKE."

A correspondent at Marion, Ind., sends out the following interesting story: "For some time Marion men have considered the establishment of an automobile route from this city to Huntington. For years an old stage wagon has run from here to Banquo, one of the principal towns on the road to Huntington. While the traffic on the stage route has never been large, it has always been a paying investment. Of late the business of the line has been steadily increasing, as Banquo is becoming a prosperous little town. The distance from Marion to Huntington is about thirty miles. C. A. Kurtz, of Fort Wayne, was in Marion today conferring with local men interested in the enterprise. The autos contemplated will carry fifty persons and will be operated by gasoline. Baggage wagons also will be operated." A search through the city directory reveals the existence of only one person of the name of Kurtz in Fort Wayne, and that one is a woman employed as a domestic at the Hayes hotel.

FASTEST TRACK IN AMERICA.

The fastest race track in America is in Indiana. It has a record of a mile in less than fifty seconds, and it is asserted that considerable money is banked on the races that occur on this track, which is a stretch of about ten miles between Elkhart and Goshen. The speeders are the fast trains on the Big Four and Lake Shore railroads. The tracks of the two roads run side by side, and the Big Four trains pull out of Elkhart every afternoon about the same time as the Twentieth Century limited leaves that station. It is understood between the enginemen that it means a race, and as there are no stops until Goshen is reached, there is a pretty display of scientific running. Honors thus far are about even between the trains, each one having won several races. The Lake Shore train is much larger and heavier than the other, but it is also hauled by a more powerful engine. The passengers on both trains enter wildly into the excitement of the races.

ASSUMES NEW DUTIES.

George Dyer, superintendent of the Fort Wayne and Tipton divisions of the Lake Erie and Western road, has been appointed acting superintendent of the Sandusky division to fill the vacancy caused by the serious illness of Supt. H. F. Bickell at his home in Lima, Ohio. The Sandusky division is the main one on the road. Mr. Dyer will have charge of the three divisions, with headquarters at both Muncie and Sandusky, until Mr. Bickell is able to resume his duties.

W. F. Troutman, a trainman on the Pennsylvania road, was caught between two cars while making a coupling and slightly injured. He is laying off as a result.

M. J. Murphy, an apprentice in the Wabash machine shop, who had his hand cut by a saw several days ago, has reported that he will be ready for work Monday morning.

C. A. Robbins, of the train dispatcher's office of the Pennsylvania lines west, has resigned and accepted the position of train dispatcher on the Wheeling and Lake Erie.

Victor Newman has been transferred from the Wabash round house to the tin shop. He was the victim of an accident at the former place some time ago, being severely scalded.

During the temporary absence of Operator J. M. Dale from the telegraph office at the Nickel Plate yards, B. M. Herold, who was at Hibbard, has been assigned to duty at the yards.

On August 1 the Wabash will put in operation its block signal safety service between Peru and Detroit. All regular telegraph stations will be included in the service and a number will be added.

One of the large furnaces at the Pittsburg blacksmith shop, which had been undergoing repairs for several days, is again in use. The lining of the furnace had burned out and had to be replaced.

H. G. Quivey, conductor on the Grand Rapids and Indiana road, was thrown to the floor of a caboose by the sudden application of the air brakes, injuring his side. Dr. McOscar attended him.

The axle of a car loaded with ice on Nickel Plate train 54, broke yesterday about a mile west of the yards and it was five hours before new trucks could be placed under the crippled car, delaying trains 54 and 36 that length of time.

Mr. and Mrs. L. B. Campbell, of Chicago, returned home yesterday after a visit with friends and relatives in this city. Mr. Campbell was a clerk in the office of the Pittsburg blacksmith shop years ago, but is now in the employ of the Great Northern road.

William C. Heine, a boilermaker at the Wabash shops, met with an accident at the shops just before noon today. He was engaged in driving a rivet out of a tank, when a piece of steel lacerated the inside of the left arm and remained imbedded in the flesh. He was attended by the company surgeon.

H. S. Storrs, assistant general superintendent of the Lake Erie and Western, since appointed to the position has been out on the road most of the time planning new improvements and introducing the Vanderbilt ideas of operating a road. He is making excellent headway and is proving an efficient man for the road, which needed a general rebuilding. Its roadbed and stations and in equipment there is large room for improvement, which Mr. Storrs says will come in due time.

Mrs. John Moring and children have gone to Columbia City to spend a week with friends. Mrs. Moring is the wife of the Pittsburg blacksmith.

J. M. Garvin, manager of the Rock Run, Ala., branch of the Bass Foundry and Machine works, is in the city on business and visited the main offices today.

E. C. Rehling, a machinist in the Pittsburg shops, had his hand caught between a steam chest which he was placing on an engine and the casing, bruising the member severely.

John Scully, the veteran watchman at the gate of the Pittsburg blacksmith shop, has returned from a visit of several weeks in New York and this morning assumed his duties as watchman.

Kasper Vorndran, night watchman for the Pennsylvania company at the Broadway crossing, was taken suddenly sick last night and had to return home. Watchman Gachreiter was transferred to the Broadway crossing temporarily.

Workmen are today cutting new windows in the west side of the down town car shops office building. This part of the building will be occupied by Chief Draughtsman Stephan and his assistants until the present building occupied by them is removed to its new site and made ready for them.

Indianapolis Journal: "J. B. Barnes, superintendent of motive power of the Wabash, is in Fort Wayne, and denies the report that W. S. Cooper, of the Moberly shops, is to come to Fort Wayne as master mechanic. He intimates that the shops will continue in charge of Mr. Coutant."

The statement has been made by one of the officials of the road that the branch of the Lake Erie and Western between Fort Wayne and Connersville will be equipped with new track next summer. He says the present intention is to take up all the old rails and lay seventy-pound steel in their stead.

A meeting of Vice President McCrea, of the Pennsylvania; Joseph Ramsey, president of the Wabash; W. B. Leeds, president of the Rock Island, and Julius Walsh, with George Gould, in New York city, has been planned, when it is expected to recognize the St. Louis Terminal association, of which the Rock Island road is now a member.

The Haley-Haberkorn Engine company has closed a contract with the Plymouth Electric Light company, Plymouth, Ind., for a 200-horse power engine of a new model, patents upon which have only recently been granted. The new engine is to be connected to an electrical generator and is said to be the most even running engine on the market.

The new cars which have been fitted up at the east car shops for the occupancy of the officials and others of the dispatcher's and trainmaster's department of the Pennsylvania, were today taken to the down town yards. The cars will be placed upon a side track near the warehouse, and while not yet completely equipped they will be so within a few days.

The following enginemen, who have been off duty for various reasons, the principal one being sickness, have reported at the office of the Pennsylvania road foreman of engines that they are ready for duty: W. E. Arick, J. McMullen, R. C. Elliott, E. Janney, M. A. Darnell, engineers; W. E. Van Buskirk, J. E. Perkins, E. M. Osborn, W. F. Fitcher, M. C. Welford, W. B. Miller, S. Gable, T. Titus, firemen.

Three suits for damages were yesterday instituted against the Big Four et Wabash, Ind., the demands aggregating $45,000. The suits were brought by Michael R. Crabill, his son and daughter-in-law, and are the result of an accident near Wabash last September, when the plaintiffs were struck by a Big Four engine while attempting to cross the railway tracks. The plaintiffs claim permanent injury.

YOUTHFUL INEBRIATE FINED

ARRESTED ON THE STREET FOR INTOXICATION.

Will Give No Information as to Who Sold Him Liquor—General News of the Police.

The only case at police court this morning was that of Charles Spann, a young lad of 19 who was arrested for drunkenness and was sent over for 11 days. There is little difference between young Spann's case and that of too many other young lads who are frequently found in an intoxicated condition on the public streets. Spann is no better and probably no worse than the average but appears to be more mature for his years than the ordinary 19-year-old youth. He was found in company with a number of other lads of about the same age and younger, on Calhoun street and was very drunk when arrested. The others got away. An attempt was made at court this morning to find out where he procured his liquor but the attempt was unsuccessful beyond learning that the boys got drunk on beer which they had bought in bottles and drank in alleys. Young Spann did not know, or at least pretended not to know where the beer was procured and the other fellows are not known. Superintendent Gorsline says that he will vigorously prosecute any saloonkeeper who he knows sells liquor to minors.

POLICE NOTES.

As a bike detective Officer Chevlron is an unqualified success. He last night corralled two more which he deposited in the collection at the police station.

There are still a few more revolvers left over at the police station, the product of the ante-Fourth-of-July raid. Over forty guns of various descriptions were seized and all but half a dozen or so have been called for.

James Ryan would like to have the police apprehend two girls who stole his bicycle yesterday afternoon. If the girls can't be apprehended he would like to compromise on a return of the wheel.

Reuben Smith and Percy Conners are being looked for by the police. They are runaway boys from the feebleminded school.

Carl, the little son of Gottlieb Hartman, the Broadway baker, was taken to Hope hospital yesterday by the patrol wagon, very ill. The father of the young man is still missing, having disappeared nearly two weeks ago. The family is anxious concerning his whereabouts although not seriously alarmed over his absence. This freak of the elder Hartman is not unusual although his absence this time is more protracted than usual.

Mahin.—Funeral services of Rev. A. E. Mahin will be held from the Wayne Street M. E. church Monday afternoon at 2 o'clock.

CALLED HIM DOWN.

Mark Twain, relating several incidents of his travels in India, says the New York Times, told the following story anent the pomposity of the judge of the Bombay high court:

"A judge, whose bearing denoted that never for an instant could he forget his judicial distinction, was walking up and down the platform of a small railway station just before taking his seat in the train. A few minutes after the train had drawn into the station a perspiring Englishman rushed on to the platform and said to the judge:

"'Is this the Bombay train?'

"The judge, looking over the head of the questioner, remarked coldly:

"'I am not the station master.' Whereupon the Englishman retorted, with considerable heat:

"'Then, confound you, sir, why do you swagger about as if you were.'"

STILL THEY COME

We do not pay any attention to high-priced dealers in Fort Wayne. We guarantee you to sell as low and lower than any tackle house in the world. WE BAR NONE.

We have lines from 4 for 1c up. Reels from 5c up to the great Kentucky, of which we have sold many.

Mr. I. Evans, manager of Rhinesmith & Simonson's big factory, being the latest purchaser of the Kentucky Reel. Now, fishermen, when you want tackle of any description come to the leaders of low prices of the highest grade tackle on earth.

Remember the place, Freiburger Hardware Co., two blocks south of Pennsylvania depot, 1914 Calhoun street. The only up-to-date tackle house in Fort Wayne.

OUR

IMMENSE SALE OF FINE FISHING TACKLE

IS THE ENVY OF ALL OTHER STORES.

Our sales have never been so large; more than double last season. Why? Because we keep every promise and sell tackle for less than any house can buy it in this city, and keep nothing but late novelties in tackle. We buy from first hands and have the goods and the papers to show; no Jumping Jack trade can buy goods from the factories and importers we represent in this city. We do not have to offer a reward for goods we might try to hunt up; we have the goods and do not have to beat around the bush to get them.

P. S.—We do not keep over 50 kinds of Silk Lines as there are only about 10 or 15 good lines on the American market. Buy your Fishing Tackle from the old, reliable house, where you will not have to pay a second and third profit. Do not be misled by bluff advertisements; our stock is too large to enumerate. We invite you to call and give these refrigerators a critical inspection after viewing all other lines and we feel certain of showing you points in which they excel any competing goods.

We have sold RANNEY REFRIGERATORS AND ICE CHESTS for five years and know whereof we speak. We offer you only the best at any cost to us, and at a fair price to you.

IS DRAGGED BY HER HORSE

ETHEL ROOSEVELT HAS FALL FROM HER SADDLE.

Clings to the Stirrup and Rescued Without Injury—Girl Cool Despite Danger.

Oyster Bay, N. Y., July 11.—There was almost a tragedy in the Roosevelt family yesterday. Little Ethel, out galloping with her older brothers, fell from her horse because the saddle girth slipped. She was dragged fifteen feet in the mud, and the few who witnessed the accident thought she would be killed. But her own pluck and horsemanship saved her. She got up unhurt and finished her ride with the boys.

All the Roosevelts save Baby Quentin were ready for the ride when the grooms brought up the horses after breakfast. It was pouring torrents, but nobody backed out.

"So long; see you later," yelled Teddy, jr., to his father and mother, followed by the rest of the youngsters as they dashed into the woods at a breakneck pace.

Suddenly the girth on little Ethel's saddle slipped. Down into the mud she tumbled, clinging gamely to the reins and commanding "whoa" to her mount. The pony brought up as quickly as he could.

She fell on her right side, but so skillfully did she manage that she was not hurt. Two men were driving by and sprang out of their trap to help her just as her brother Archie dismounted, but they were all too late.

"Oh, I'm all right," laughed Ethel, brushing the mud from her habit.

Archie tightened the saddle girth and Ethel mounted again and galloped off for a ten-mile run.

"Oh, look at Ethel," laughed the boys when they again met their father; "she can't ride at all!"

When he heard of the accident he looked seriously at his little girl, and when he reached home reprimanded the hostlers for sending out the horse improperly saddled. Everybody was drenched to the skin, but there was a merry luncheon for the family, and quite a color, too, in the cheeks of Mrs. Roosevelt, who has been very pale since her arrival at Oyster Bay.

PLAN BIG APARTMENT-HOUSE.

Los Angeles, Cal., July 11.—Plans have been drawn for an immense apartment-house, shops and pleasure grounds to be established on the crest of the hill near Fourth street and Bunker Hill avenue, the total cost of which is expected to reach $4,000,000. The structure is intended for wealthy tourists who do not care to pass the season at the hotels.

It is proposed to erect an immense building in Egyptian style. The rooms will be divided into suites. The corners are square and protruding and large enough to include several rooms, which will give the corners the effect of towers.

AMERICANS GET BUSINESS.

Johannesburg, Transvaal, July 11.—The British Trade commissioners who recently arrived here from England admit that they are amazed at the amount of business in steel building material which is offering and comment on the indolence of the British firms. They say that so far as they are able to discover only one firm, and that an American concern, has a capable representative in South Africa, and he has been securing immense orders in Cape Town and at Johannesburg at his own prices for huge buildings up to fourteen stories by being able to quote prices promptly and promise construction with American speed.

REFUSE TO SIGN OATH.

Bloemfontein, Orange River Colony, July 11.—Difficulty has arisen regarding the oath of allegiance. Many of the Boer commandants, field cornets and officials of the late Free State government refuse to sign the oath, though few of them object to signing the document called "The Declaration," acknowledging King Edward as their sovereign. The oath of allegiance, however, is much more binding.

JURY CUT OFF ITS FEES.

Elkhart, Ind., July 11.—In the city court yesterday a jury heard evidence against Gustav Ludwig, accused of assaulting the wife of his brother, Alvin Ludwig, during a family quarrel arising from the act of their mother in deeding property to Gustav. The jury gave the following verdict: "We, the jury, find the defendant guilty, and recommend that he be assessed $1 fine, provided no jurors' fees are charged against him." Though technically illegal, Judge Blake accepted the verdict, there being no protest from the defendant's attorney, and Ludwig paid the fine and costs, the latter, minus the jurors' fees, amounting to $12.70. Though all jurymen conceded that Ludwig was technically guilty, the foreman and another juror held out for the provisional verdict on the ground that Ludwig's offense was not serious enough to justify mulcting him to the full extent of the court costs.

AT WINONA ASSEMBLY.

Winona Lake, Ind., July 11.—The Woman's club has been reorganized and officers have been elected for the season. They are: President, Mrs. A. K. Clark, Fort Wayne; vice president, Mrs. John Coulter, Chicago; secretary, Miss Margaret Hill, Knightstown. At the first meeting of the year Mrs. F. F. McCrea, of Indianapolis, read a paper on "The Other Side; or, the New Woman."

Ernest Thompson-Seton, with his stories of animal life, was the principal attraction at the assembly yesterday, lecturing both afternoon and evening. The afternoon lecture was on "Personalities of Wild Animals," and at night he gave his lecture on "Wild Animals I Have Known." At 5 o'clock yesterday afternoon Mr. and Mrs. Hugh McGibney gave a musical entertainment in the auditorium.

MONKEYED WITH THEIR GUNS

RIVER MATE TOOK ALARM AND SHOT BOTH DEAD.

Two Long-Haired Medicine Venders Pose as "Bad Men" and are Killed on Steamboat.

Davenport, Iowa, July 11.—A shooting affray on the Diamond Jo liner Dubuque, running between St. Louis and St. Paul, resulted yesterday in the death of two patent medicine sellers, who called themselves "Christopher Leonidas & Son, the Long-Haired Medicine Men."

The men boarded the boat at Rock Island wearing sombreros, guns and bowies, and were soon quarreling with the crew, and finally clashed with Mate Dan Breen. The strangers wore marksmen's medals, and are said to have given shooting exhibitions, but the mate's gun was first out, and before the others got the range they were down, the older man with a bullet in the groin that came out at his back. Both died almost instantly.

QUEER LOOKING PAIR.

The men had been selling medicines in Rock Island and took passage for MacGregor, Iowa. They were a peculiar looking pair, long braided hair hanging over their shoulders, the father wearing a tawny beard. Besides their revolvers and knives each carried a blacksnake whip, with which they struck at the negro roustabouts when they came near. The passengers gave them a wide berth.

Their bullying manners led Mate Breen to suggest that they take off their belts and leave their arms with the clerk. This request brought out profane replies and motions toward their weapons that led the mate to draw and shoot. At the first shot the younger man clasped his hand to his side. "Father, let up," he cried, "I'm shot." By this time the mate's bullets had found the older man, who fell to the deck with two holes through him.

Breen was arrested, but was exonerated by a coroner's jury and released after four hours' detention. He is a veteran river man, about 55 years of age, and has a family at Dubuque.

PLEADS SELF-DEFENSE.

"It was my life or theirs," he said, after his release. "They were bad men, had been bullying the crew, called down the captain and were after me. I knew it was kill or be killed. They wanted to run the boat and we couldn't let them."

The men had been in Rock Island about three days selling their preparations, the principal one an alleged hair restorer. A license signed by Mayor Harrison, of Chicago, showed that they were in that city from May 18 to June 18 this year. A memorandum in the pocket of one of them said:

"April 9, 1902.—We are at and live at 469 Wabash avenue. We are known as Leonidas & Son, the Long-Haired Medicine Men, and our main address is Central City, Colorado."

GIVES HIS WIFE TO ANOTHER.

Evansville, Ind., July 11.—After twelve years of married life, Mrs. Fred L. Ruehmann asked her husband to permit her to join Alexander Edmondson, a railroad fireman, with whom, she said, she had fallen in love. In addition she asked for several thousand dollars as her share of her husband's estate. Failing to dissuade her, Ruehmann told her she might go, gave her $75 and promised to sell some property and send to her the proceeds. Last night he stood in the shadow of a building and watched her and Edmondson board a train. Today Ruehmann said he would sue for divorce. His wife and Edmondson have gone to Terre Haute.

Ruehmann is thirty-five years old, his wife thirty and Edmondson thirty. Ruehmann is said to be worth $30,000, and he and his wife never had a quarrel.

THE BAPTIST YOUNG PEOPLE

TEN THOUSAND DELEGATES AT PROVIDENCE.

Every State and Territory, With Mexico and Canada Represented There.

Providence, R. I., July 10.—Delegates were present from every state and territory in this country and from Canada and Mexico when the Baptists Young Peoples' Union of America met for their annual convention in this city today. Nearly ten thousand delegates, half of whom arrived here during the night and early today, congregated in Infantry hall and at the First Baptist church for the opening praise service which began at 9:30. The convention, which will continue until Saturday, was formally opened by President Chapman, of Chicago.

The program is of unusual interest. Among those scheduled to take part are the Rev. Dr. H. F. Perry, of Chicago; Prof. J. M. Stifler, Chester, Pa.; Rev. Dr. J. W. Weddell, of Davenport, Iowa, and Rev. Dr. Russell H. Conwell, of Philadelphia.

The opening sessions were devoted to addresses of welcome from state and city officials and committee members and responses. Governor Kimball extended the welcome of New England and Mayor Granger that of the city of Providence.

In behalf of the board of managers, Rev. Curtis Lee Laws, D. D., of Baltimore, made the responses.

Eczema, Psoriasis, Salt Rheum, Tetter and Acne

Belong to that class of inflammatory and disfiguring skin eruptions that cause more genuine bodily discomfort and worry than all other known diseases. The impurities or sediments which collect in the system because of poor digestion, inactive Kidneys and other organs of elimination are taken up by the blood, saturating the system with acid poisons and fluids that ooze out through the glands and pores of the skin, producing an indescribable itching and burning, and the yellow, watery discharge forms into crusts and sores or little brown and white scabs that drop off, leaving the skin tender and raw. The effect of the poison may cause the skin to crack and bleed, or give it a scaly, flaky appearance; again the eruptions may consist of innumerable blackheads and pimples or hard, red bumps upon the face. Purification of the blood is the only remedy for these vicious skin diseases. Washes and powders can only hide for a time the glaring blemishes. S. S. S. eradicates all poisonous accumulations, antidotes the Uric and other acids, and restores the blood to its wonted purity, and stimulates and revitalizes the sluggish organs, and the impurities pass off through the natural channels and relieve the skin. S. S. S. is the only guaranteed purely vegetable blood purifier. It contains no Arsenic, Potash or other harmful mineral.

"I can cheerfully endorse your S. S. S. as a cure for Eczema. I was troubled with it for 35 years and tried many remedies with no good effects, but after using a few bottles of S. S. S. was entirely relieved. Wm. Campbell, 313 W. Central St., Wichita, Kan.

MORGAN WINS THE KAISER

MAGNATE TRANSACTS BUSINESS WITH WILHELM.

Huge Shipping Compact—German and American Lines to Work Together Against Combines.

Berlin, July 11.—J. Pierpont Morgan's interview with the kaiser, on board the Corsair, was not exclusively an exchange of pleasantries and small talk. Mr. Morgan managed to transact some important business.

A well-founded report in financial circles is that not only was the recent treaty between the trans-Atlantic steamship trust and the two principal German lines ratified, but that a still more sweeping and closer compact was made than the public has been given to understand.

The immense tonnage and unequaled speed and capacity of the German steamship lines are such as to offer to the Morgan steamship interests formidable rivalry in case of misunderstanding or rate cutting.

FORM BIG COMPACT.

One of the results of Mr. Morgan's visit to the kaiser and the directors of the Hamburg-American and the North German Lloyd line at Kiel and Hamburg is that the German and American lines are to work together if any third combination, such as the English companies threaten to form, should present itself.

Mr. Morgan promised the kaiser that his ships should not interfere in the trade between New York and Hamburg and Bremen and that no encroachments would be made upon German markets by foreign freight rates up or down.

It is regarded significant that Mr. Morgan was constantly the guest of Herr Ballin, the director general of the Hamburg-American line.

That line provided a splendid banquet for the whole party on the eve of their departure from this city. Magnificent railroad coaches were provided to bring Mr. Morgan and his party hither, and all expenses were paid by the line.

Mr. Morgan's visit has lifted a burden from the hearts of the shareholders of the German steamer stock. The rumor that he intended to swallow the German lines is vanishing, but there is here and there a discordant note, and he is charged with trying to make himself solid and then gradually to extend his influence over the German lines.

CUNARD LINE TO JOIN.

New York, July 11.—The agent of a big line connected with the Morgan steamship trust, said today that he had received a cable message that the Cunard line would enter the "community of interests" as a result of a conference held in London.

"There will be denials all around," he said, "but within a few weeks will come the official announcement that the Cunard line, having seen the futility of fighting the community of interests, has become part and parcel of the syndicate and will come under its management.

"The whole thing is cut and dried. The Cunard line is about to become a member of the Morgan family, if it has not already done so, and all talk of that line fighting the syndicate is at an end."

SAY MORGAN IS DISLOYAL.

Washington, July 11.—Army and navy officers are sorely disappointed over Mr. Morgan's offer to the British admiralty to place British steamers purchased by his combination at the disposal of Great Britain in the event of war during the next fifty years, and they make no effort to disguise the fact. They openly criticise and condemn him, saying that as the ships were purchased with American capital he should have given the United States first call on them in case of war. The Spanish war disclosed a lack of steamers available for the army and navy as transports and auxiliary cruisers. Mr. Morgan has placed himself in the attitude of disloyalty to his own country, they insist. Admitting that the paying of subsidies should give Great Britain the first call on her ships, they contend that it would have been much better had Mr. Morgan not tied his hands and placed at the disposal of a possible enemy ships that would be of invaluable service to the United States.

LEAVES THE JAIL TO MARRY.

Louisville, Ky., July 11.—Albert German, under sentence of seven years in the penitentiary for embezzling from the Third National bank, was allowed to leave the jail Wednesday and marry his secretary, Miss L. Leonard Lee. When Jailer Pfanz heard of it he sent a deputy posthaste after him. The deputy broke open the door and found Rev. John K. Mason half way through the ceremony. He seized German by the arm and dragged him out of the room. Dr. Mason followed and finished the ceremony as German was being pulled out of the door. The federal judge has had the jailer arrested for contempt of court.

LUTHERANS DISCUSS PRAYER.

St. Paul, Minn., July 11.—The Lutheran league convention enjoyed a discussion yesterday that involved indirectly one of the fundamental principles of the Lutheran church. Some of the delegates saw in an apparently harmless resolution the entering wedge for a series of mechanical instead of spontaneous prayers. The trouble was finally settled by eliminating the objectionable matter.

The following officers were elected:

President—W. C. Stoever, Philadelphia.

Recording Secretary—C. G. Grauer, Buffalo.

Statistical Secretary—Rev. C. K. Hunton, Columbus, O.

Literature Secretaries—Rev. Charles L. Fry, Philadelphia, and George H. Schnur, Chillicothe, O.

Treasurer—John F. Dinkey, Rochester, N. Y.

M. C. Olson, of Chicago, read a paper on "Work Without Prayer."

PRESIDENT OF EDUCATORS

ASSOCIATION ELECTS ELIOT OF HARVARD.

Prof. Pearry, of Indiana, One of the Vice Presidents—J. G. Schurman Speaks.

Minneapolis, Minn., July 10.—Today was another busy day for the members of the National Educational association, whose convention here will be finished tomorrow. The morning was given up to a general session of the association in the exposition auditorium, while the afternoon was devoted to meetings of the various departments.

The nominating committee gathered early in the day and settled on the list of officers to be presented to the association. It was duly ratified later on. President Charles W. Eliot, of Harvard, was unanimously selected for president of the association, after a eulogistic nominating speech by Dr. Nicholas M. Butler, of Columbia university. W. N. Davidson, of Kansas, was selected for treasurer, and, according to custom, the outgoing president, W. B. Beardsheer, of Iowa, was named for first vice president. J. B. Pearcy, of Indiana, was elected one of the other vice presidents.

There was a large attendance at the general session, which was signalized by three notable addresses. After Miss Ednah Hall had sung "Elsa's Dream," from "Lohengrin," and Rev. James H. Montgomery, of Wesley M. E. church, had offered prayer, James Wilson, secretary of agriculture, was introduced and spoke on "The Education of the Farmer."

Dr. Jacob Gould Schurman, president of Cornell university and former member of the Philippine commission, then made a most interesting address on "Education in the Philippines," in which h said in part:

"We glory in our applied mechanics which are destined to develop the physical resources of the Philippine islands, but far more glorious is our political philosophy which is full of hope and promise for the Philippine nation and for every people and race on the globe.

"The kind of people we are, the way we govern ourselves, the history we have made and the political philosophy we have given to the world, all consecrate us Americans as the advocates and preachers of liberty, democracy and national independence. And I believe that an independent Philippine republic would be the final result, as it would be the most glorious consummation of our great educational work in the Philippines."

The last speaker was Mrs. Carrie Chapman Catt, of New York. She said in part:

SHOT HIS WIFE AND HIMSELF.

Rising Sun, Ind., July 11.—George Bradford shot his wife and himself on Main street, last night, in the presence of hundreds of persons in town to attend the Sons of Veterans' camp. Mrs. Bradford's wounds are in the breast and hip. Her husband put the muzzle of his revolver at his head and fired. He was instantly killed. Mrs. Bradford is in a critical condition. Her husband's funeral will be held tomorrow morning at the home of his sister, Mrs. Cornelius R. Harris. He drank heavily and recently his wife filed a suit for divorce. They had been married twenty-five years.

ASKS FIFTY-YEAR FRANCHISE.

Warsaw, Ind., July 11.—The Winona, Elkhart and South Bend Electric Railway company has petitioned the Warsaw city council for a fifty-year franchise. The project includes the possibility of a line from Nappanee to Warsaw and Winona almost immediately. The promoters of the enterprise are Samuel F. George, Dayton, O., president, also president of the Fort Wayne, Dayton and Cincinnati Traction company; George W. Scott, Troy, O.; J. A. Norris, Baltimore, and Charles Geihart, Dayton, O., secretary of the Fort Wayne, Dayton and Cincinnati Traction company. The council is favorably disposed toward granting the franchise.

SWINDLER JUMPED OFF TRAIN.

Greencastle, Ind., July 11.—At 4 o'clock yesterday morning a man, who has given the names of O. B. Clarke, Arthur Clarke, A. Shaft and Frank Clarke, jumped from a rapidly moving Monon south-bound passenger train as it passed a point about a mile south of Limedale. Clarke was being taken to Saltlick, Bath county, Kentucky, to face the officers of a bank from which, it is said, he illegally drew $200. Several days later a bank in Chicago asked the Saltlick bank if it would honor a draft on Shaft's account. The reply was to have Shaft arrested. He was being taken to Kentucky when he jumped off the train near here. No trace of him has been found, and it is believed that he has escaped on another train or has secreted himself in the woods near the place where he escaped, the woods in that part of the county being thick and full of sink holes.

BASE BALL.

That was a right clever game played by Brooklyn and St. Louis yesterday at the later named city. For the second consecutive day the two clubs played twelve innings to a tie and had to stop on account of darkness. In yesterday's game each club made two runs and not an error was charged to either side. Over 3,000 people attended against 300 the day before. Chicago put the blocks to Philadelphia in great shape and New York, the rank tailenders, beat Pittsburg, the leaders, in a well fought game. The total attendance at four cities was 7,113. In the American league Detroit must have been a trifle muddled over Mullin's escapade because they couldn't hit the ball at Cleveland and couldn't make any runs at all. Other American games were rather tame and none presented any features out of the ordinary. The attendance at three cities was 9,707. In the American association no games were scheduled yesterday but in three cities postponed games were played and at Indianapolis a double-header was pulled off with Columbus, the two clubs having been up against a tough wet spell at the previous series. Unfortunately for Columbus, Indianapolis was in good fettle and won both games. St. Paul broke the season's record by making 11 errors and the correspondent says that Minneapolis won simply because she could not make as many errors as St. Paul. The attendance at the three cities averaged very good aggregating 4,156. Milwaukee being low with 450. The results will be found below:

HORSES KILLED BY LIGHTNING.

A fine team of horses, belonging to Henry Dobbins, of Sheldon, was killed by lightning during the severe storm on Wednesday afternoon. When the storm came up Mr. Dobbins made haste to get his team under shelter in the barn and had left the building but a few minutes when a lightning bolt came through the roof, badly damaging the barn and instantly killing the horses. A large barn on the Blackhawk farm, northeast of the city, was also struck during the storm, and a herd of about 100 cows was badly shocked, some of the animals being thrown to the ground. When milked a short time afterward only a few quarts of milk were secured from the entire herd.

REUNION OF COLLEGE CIRCLE.

Six of the original twelve members of the M. E. Circle of Correspondence, organized years ago in the old M. E. college, attended the reunion given yesterday at the Randall hotel. They were W. H. Turner, of Detroit, a son of Harvey K. Turner, of this county; Mrs. Dr. J. W. Cartwright, of Payne, O.; Mrs. D. A. Walmer and J. W. Goodyear, of Bluffton; Dr. J. T. Dickes, of Portland, and Mrs. M. A. Mason, of this city. When the Circle was formed twenty years ago the members adopted a plan to keep in touch with one another in the years to come. One member was to write a letter on one sheet of paper and forward it to another member, who was to add a sheet and send it on and to continue the Circle until the letters came back to the first sender, who detached his sheet and sent the others on until all had read the letters of the others. There are no officers in the Circle, and reunions are held every two years, the next being held in Bluffton. Several members of the Circle were accompanied by members of their family and fourteen sat down to the banquet.

Other cruelties and drunkenness are also charged.

DREAM OF FIRE IS REALIZED.

Derby, Conn., July 11.—Charles Rotteck dreamed that his phonographic supply store on lower Main street was afire, and so vivid was the impression that he awoke and walked to the building, a mile away. He was so ashamed of his superstition that he took back streets that no one might ask him where he was going. To his surprise he found the interior in flames. He was able to give the alarm in time to save the block of crowded wooden and brick buildings.

SUICIDES IN A MILL RACE.

South Bend, Ind., July 11.—Charles G. Hodson, one of the oldest and best known residents of this city, committed suicide yesterday by jumping in what is known as the West race. The deed was committed within sight of the building representing a series of lumber ventures in which he had figured for a generation and in the very stream which had furnished the motive power for these various enterprises. His lifeless body was discovered by Joseph Zeidler, a night watchman. His arms were clutching the bars of a flume belonging to the plow company and his body was standing erect, the upper portion of his head protruding a trifle from the water. Business reverses and a multitude of other troubles are assigned as a cause for the act. Mr. Hodson had been connected with various manufacturing industries of the city since 1855.

VIEWS HAD CHANGED.

One of the most interesting men on the Yale faculty is Professor Brewer of the scientific department. Men who have studied under him declare that there is no subject on which he is not a competent authority.

They tell at Yale of a student who once posted himself on some esoteric Chinese subject by reading a recondite encyclopedic article, and, fully primed, sought to "stick" the professor, says the New York Times. Professor Brewer talked familiarly on the subject, but, to the student's delight, expressed views radically different from the encyclopedia's.

"You must admit that you are wrong for once, professor," said the student triumphantly. "I have looked the matter up, and So-and-So's encyclopedia utterly disagrees with you."

"Very true," replied the professor, composedly, "but a great deal of new information has come to light that has changed my mind completely since I wrote the article for the encyclopedia you mention."

WILL FIGHT CASE

ACCUSED MEN SAY OFFICERS HAVE WRONG PARTIES.

EXTRADITION MATTER IS UP

TWO MEN ARRESTED ON A BURGLARY CHARGE.

CRIME COMMITTED IN CANADA

ONE TAKEN AT BLUFFTON; THE OTHER AT CONVOY.

Two men, arrested last evening by Fort Wayne officers, and identified by Canadian authorities as the men wanted in Canada on a charge of burglary, will institute a vigorous fight at the extradition proceedings which have been commenced before United States Commissioner Logan.

The men under detention were arrested under the names of William Acker and Benjamin Reilly. Acker was captured at Bluffton, where he has resided for several years and where he is known as William Julian, the arrest being made by Deputy Marshal John A Scott and Deputy Sheriff Reichelderfer. Reilly, who insists that his name is John, and not Benjamin, as specified in the warrant, was gathered in near Convoy, Ohio, by Superintendent Gorsline and Inspector Murray, the highest official in the Canadian police system.

Both prisoners were brought to Fort Wayne to comply with the extradition laws by hearing testimony bearing upon the identification of the accused men. Should this be established, Commissioner Logan will so report to the department of state at Washington. When his finding is approved it will be transmitted to the British legation, with orders for the surrender of the prisoners to Canadian authorities. From thence the order will go to Inspector Murray, who could then take his men to Canada for trial.

SAY IT'S A MISTAKE.

The men arrested, however, stoutly protest their innocence, deny being the parties named in the affidavits and assert that they will be able to establish a conclusive alibi by citizens of Wells county who have known them for several years. On the other hand, Constable David Mills, of Ridgeton, Canada, who is in the city with his superior officer, is equally positive they are the men wanted.

Attorney Henry Colerick has been retained to represent the prisoners, and the hearing will begin late this afternoon before Commissioner Logan. It is believed the accused men will demand the right to summon witnesses to establish their alibi, and it is hardly probable more will be done today than fix a future date for the hearing.

Julian, or Acker, has resided in Bluffton some years, and has two sons there, one of whom conducts a bicycle shop and the other a barber shop. Reilly has been engaged in roofing in Ohio. He formerly lived in Bluffton.

CHASE A LONG ONE.

For nearly two years Canadian police authorities have been endeavoring to get hold of the men accused of the crime, and their protracted efforts were brought to development Thursday when J. W. Murray, chief inspector of criminal investigation in Canada, arrived in Fort Wayne, presented his credentials to United States Commissioner Logan, and with them a transcript of much evidence taken in Canada. Under the law it was necessary for the commissioner to secure special authority from Judge Baker to hear evidence intended to establish the identity of the men, and this was done. Inspector Murray, accompanied by David Mills, a constable at Ridgeton, Canada, where the crime was committed, had visited Bluffton and located one suspect. Mills remained there, and after learning that the other man wanted had gone to Ohio, Mr. Murray returned to Fort Wayne and invoked the aid of Superintendent Gorsline. The story of the arrest has been told. Acker was lodged in the county jail for the night, while Reilly occupied a cell at the police station.

NODDED A RECOGNITION.

Neither was informed of the other's arrest, and Reilly was the first to be brought into court this morning. Later Acker was brought in by the officers. Glancing up at him, Reilly said: "How d'ye do, John." Acker merely nodded a reply.

Assistant District Attorney Lafollette, who is in this case, is representing the Canadian government instead of the United States, read the formal charge to the men separately. Each emphatically denied every allegation, and each was positive he had never been inside the dominion of Canada, and entered a plea of "not guilty," with much vehemence. Before the case proceeds further, Acker asked leave to secure an attorney, and said that Henry Colerick had been suggested to him by Judge Mock, at Bluffton. Reilly said he had no money, but he wanted an attorney, and Commissioner Logan ruled that they were entitled to be represented by counsel. Mr. Colerick was summoned by telephone and when he appeared in court a conference resulted in setting the hearing for this afternoon.

VERY SERIOUS CHARGE.

The title of the action against the men is "The King vs. Acker and Reilly, Burglary," and Inspector Murray says the depredations with which the men are charged embrace a long series of thievery, the most serious instance of which is the breaking into the house of an old farmer on two separate occasions, torturing the inmates in the attempt to extort money.

It is alleged that on the night of September 16, 1900, two masked and armed men entered the home of George Jacks, a retired farmer in Dover, Kent county, Ontario, and demanded money. Inmates of the house declared there was no money in the house, but the burglars instituted a search and with threats of death and flourishing of weapons kept the family in a state of terror for two hours. They asked concerning firearms and were told the only thing of the kind there was an old musket. While one of the men was searching a bureau drawer his handkerchief mask was brushed aside and one of the daughters saw his face in the mirror. The robbers secured about $7.

WENT BACK AGAIN.

A few weeks later, on the night before Christmas, the Jacks home was again invaded by two men, and under threats of death the robbers demanded money which they stated he had received on that day. Luckily Jacks had placed the money in the bank, and he was compelled to produce the certificates. One of the men asked about the old musket, thus making it clear that the robbers were identical with those who did the first job. Securing little money, the fellows gathered up jewelry and clothing, stacked it in a pile on the floor. Then they compelled one of the daughters to cook them a lunch, which they leisurely ate and decamped with their plunder. Reilly is charged with the robbery of the house, while the specific charge against Acker is the theft of about twenty-five bushels of clover seed from the premises of David Hastings, near the Jacks home. Acker is said to have been a paper hanger, working in the vicinity for some time, and in this way gained a knowledge of the interior of the houses.

DEAD NUMBER 200

(Continued From First Page.)

searching party and go in at 9 o'clock this morning. There is damp in the left headings which will make our progress toilsome. Part of the mine is so filled with after-damp we cannot get in until we turn the current of air in."

WAGONS FOR THE DEAD.

When the bodies of the victims came from the mine a long line of undertakers wagons and picnic wagons were in waiting to take them on the roundabout route to the morgue in the city. There they were backed up to a door and a large force of police were ready to check the great throng from pressing in too close. Body after body was dragged from the wagons and borne inside. All of them were blackened and unrecognizable, until the undertakers got to work. The head of one man was crushed and the only means of identifying will be by his check number. All of the bodies were cold and stiff. The arms of most of them were twisted in front of them as if to shield their faces from fire. The left hand of one man was torn off at the wrist. The bodies now recovered were all found about two miles in from the main pit mouth. The headings leading from that region off to the left, where it is expected most of the dead will be got may not be entered by the searchers today.

IS AN OLD MINE.

The rolling mill mine has been worked for about fifty years. Five or six years ago the section where the disaster of yesterday occurred was opened. The miners fancifully called it the Klondike. It is said that for the past three years gas has been noticed in it and careful inspections were kept up. In the last three years safety lamps had been carried by the men. Frank Sabot, one of the boys who met death in a heroic endeavor to save his comrades, was safely out of the mine after the explosion. He worked in the mine ever since the Klondike was opened up. He had "trapped" in the mine longer back than that. After the explosion he hastened into the vault of death to do what he could to close the traps and check the spread of the after-damp. He was found lying near a partly closed door leading off to one of the left headings.

Soon after the discovery of the first corpses the mine officials began to make arrangements for the removal of the bodies from the scene of the disaster.

USE ARMORY FOR MORGUE.

At the armory of Company H, a big barn-like frame building on the outskirts of the city, preparations were methodically forwarded to transform the place into a temporary morgue. Chairs were placed in rows opposite each other and rough boards and planks placed upon them to serve instead of the marble or slate slabs that receive the dead in metropolitan morgues. Nearly a score of young men were called in to assist the dozen undertakers of the city; dry goods establishments were opened and hundreds of yards of muslin, toweling and other goods gotten out for the purpose of preparing the bodies for burial.

Sleepless mothers and wives waited all night for news from the missing ones and peeped through drawn blinds as the cortege passed on its way to the morgue. Many trips were necessary and the gray dawn had come long before the last trip had been made.

President Powell Stackhouse and Supt. C. S. Price were on hand for the arrival of the bodies at the morgue, and the wives, sweethearts and relatives of the missing crowded around the building.

Outside of the property loss this catastrophe will cost the Cambria Steel company a large sum.

The company has for many years past paid to the family of every person killed in its employ $1,000, outside of what is expended for medical purposes, and it has paid every man who has lost an eye, limb or became otherwise partially disabled the sum of $500

It is understood that the rule will not be deviated from.

ABOUT THE COURT HOUSE.

The court house today looked very much like after business hours on a holiday. None of the courts are in session and the weather was apparently too pleasant to induce trouble or marriage as the very brief record will show:

The will of Francis Rancis was filed for probate. The testator leaves all of his property to the disposition of his widow.

Edward Wickliffe has commenced suit against Hezekiah Hillegas and a number of others, designated as trustees of the Huntertown Cemetery church, on a mechanic's lien for $302.

The county commissioners today were wrestling with ditch matters and had no trouble whatever. There were no remonstrances, no kickers and only a few petitions for new ditches. They were disposed of as follows: On the petition for the Leininger ditch in Jackson township, George Townsend, Celestin Gladieux and John Orrick were appointed viewers; Huguenard ditch, Jefferson township, J. R. Emenhiser, Jasper Jones and W. S. Spindler were appointed viewers; Felger ditch, Lake township, Florentine Roy, August Tonkel and James Mccomb were appointed viewers; Heck ditch, Lake township, George Geoglein, Frederick Bleke and Samuel Fulkerson were appointed viewers; Harber ditch, Pleasant township, William Brindle, Sylvester Reed and Judson Emrick were appointed viewers.

Nora Parks, the insane woman delivered to the sheriff from police court yesterday, continues to be very violent. She tears off her clothing and requires constant care and attention. Her home formerly was in Eel River township, from where she was once sent to the asylum. Sheriff Stout realizes that a commission of lunacy cannot be held in her case, she having once before having been declared insane and now the only thing to do is to have her recommitted. Steps looking to that end will be taken today.

Deputy Sheriff Huguenard was today surprised by having delivered to him a handsome engraving which he was told he had drawn at a church fair held at Besancon last week. It is a representation of the "Lord's Supper" and is a very handsome piece of art.

THOUGHT HIM A DRIVER.

Mr. Minor of Wisconsin is fastidious about headgear. He eschews the glossy silk tile, except on the most formal public occasions and affects a neat looking fedora, says the Washington Post.

"Five years ago," said he to a republican group, "on the occasion of President McKinley's first inaugural, I was feeling especially good, as were many other republican citizens the country over. Just before March 4 I went downtown and purchased a new silk hat. That night several friends were visiting me at my house here. I togged out in a new Prince Albert, and walked down the stairs with this silk hat perched jauntily on my head.

"My little tot daughter observed me at the foot of the stairs. 'Oh, papa,' she cried, 'whose coach do you drive tonight?'

"That was more than I could stand. It convinced me that I did not look right in a silk hat, and I felt like boxing up my new purchase and shipping it back to Wisconsin."

Mrs. Grace Kappel has returned home after a week's visit in Toledo.

Miss Lillie Ehle has gone to Bluffton to be the guest of Miss Margaret Ruby for several weeks.

WILL END STRIKE

ARBITRATION WILL WIN IN CHICAGO LABOR WAR.

BUSINESS MEN MEDIATORS

GET RAILWAYS AND FREIGHT MEN TOGETHER.

THE POINTS OF THE DISPUTE

STRIKE IN ALL PROBABILITY WILL END TONIGHT.

Chicago, July 11.—The board of arbitration early this morning decided to meet at 10 a. m. and arrange a plan of settlement of the freight handlers' strike, to be submitted to the railroads.

Members of the board say they believe the strike will be settled by this evening.

Following are the points remaining to be settled, finally, and which both sides are said to be willing to agree:

1. The new wage scale to be effective at once.

2. Straight time for overtime, instead of time and a half.

3. Freight handlers to receive 17½ cents an hour instead of the 16 cents asked by the men and the 17 cents previously offered.

Recognition of the union is waived, although this is merely to facilitate the bringing about of a settlement of the other questions and is not now in dispute.

At 11:30 o'clock Chairman Selfridge, with other members of the arbitration committee, left his office to try to hasten a meeting of the railroad managers, which had been set for 2 p. m.

At the meeting of the railroad managers, the arbitration committee will be informed of the willingness of the roads to settle on the basis given.

The committee will then carry the terms to the officials of the strikers, who will, it is said, accept it and the strike will then be called off by President Curran.

John Driscoll, secretary of the team owners' association, declared that a settlement would be reached within half an hour after the two sides got together.

"There were concessions the railroads would not grant to the freight handlers," said he, "that they will grant to the business men of Chicago. The managers, I am reliably informed, have already agreed privately to grant at the conference practically all the strikers' demands, in order to protect Chicago business interests against a general strike of the most serious proportions."

The railroad general managers at 1:15 went into session with that section of the arbitration committee representing the team owners' association. All indications are regarded as still favorable to an early settlement of the strike.

TEAMSTERS ARE RIGTOUS.

About noon fifty or sixty striking teamsters attacked a wagon loaded with coffee which was being driven along Jackson boulevard. The driver took fright at the threatening demonstration and deserted his wagon, fleeing for safety to a nearby restaurant. Here he was given shelter by the waitresses, and when his pursuers finally left the surroundings he was quietly let out the back door. In the meantime the strikers had taken possession of the load of coffee and, after cutting open the sacks, strewed the contents along the street. A riot call was sent in and a squad of policemen quickly dispersed the crowd that had gathered. No arrests were made.

A meeting of the full arbitration committee will be held at 4 o'clock President Curran, of the Freight Handlers' union, said he believed the strike would be settled at that time.

IN JUSTICES' COURTS.

Deputy Sheriff Huguenard last evening arrested Frank Craig, wanted in France's court to answer to a charge of illegitimate parentage, preferred by Miss Molissa Hiser. Craig was taken before Justice France this forenoon and bound over until next Monday morning in the sum of $300. In default of the necessary bond the young man took up temporary lodgings at the county jail.

Frederick Baus, an old man well known about town as a chair mender and sort of jack-of-all-trades, is defendant in two cases filed in France's court. One charges him with assault and battery upon Emma Mansdorfer and the other charges public intoxication. He has not yet had a hearing and the charges may be compromised.

The case in which Maria Henninger charges Edward Etch with trespass is being tried in Tancey's court this afternoon.

THE MARKETS.

Chicago, July 11.—Wheat opened easier on weak cables and a continuation of good weather. There was a rush to buy early in the session, and the northwest and southwest were credited with covering short lines. September opened ¼c to ⅜@½c lower at 73c to 73⅛@73¼c, and on active buying quickly advanced to 74½c. Local receipts were 70 cars, with 3 of contract grade. Minneapolis and Duluth reported 247 cars, making a total for the three points of 317 cars, compared with 279 cars a year ago.

Reports of damage to wheat in the shock induced a considerable buying, and after touching 74⅜c the close was ¾@⅞c higher at 74¼c.

Evidences of the "squeezing" process were apparent in July corn at the opening, and there seemed more disposition to cover on the part of shorts. The opening was 1c to 2c higher at 83c to 84c and in the early part of the day the price advanced steadily, sales being made at 86½c before the end of the first half hour of trading. September corn also advanced with the July option and after opening a shade to ⅛@⅞c lower at 60¾c to 61c soon sold to 62¼c. Local receipts were 287 cars with 52 of contract grade.

July corn closed at 85¼c, a gain over yesterday's close of 3½c. September held firm throughout the session and closing figures were 1@1⅛c higher at 62c.

Oats opened heavier on good weather and better government report than had been expected. Sympathy with other grains imparted strength to the situation, however, and the September delivery advanced to 34½c, after opening ½@⅝c to ½@¾c lower at 33½c to 33⅝c. Local receipts were 91 cars.

Provisions were steady with moderate trade. September pork opened 2½c higher at $18.75, September lard was 2½@5c higher at $11.10@11.12½, but ribs were 2½c lower at $10.80.

THE DAY ON WALL STREET.

New York, July 11.—The stock market opened active and strong, the demand for some of the grain-carrying railroads showing urgency. Missouri Pacific opened wide on the purchase of 4,000 shares at 111½ to 112, compared with 110¾ last night, and St. Paul rose a point on the taking of 1,500 shares. United States Steel opened unchanged with the transfer of 2,000 shares and the purchase of another 2,000 shares lifted it ½. Louisville, Rock Island and North American rose 1 to 1¼. There were 4,000 shares of Sugar sold at 129 to 129¼, compared with 130 for the last price last night.

Realizing orders met the opening bulge in St. Paul and Missouri Pacific and they reacted sharply. Sugar also sagged to 128½ and Amalgamated became heavy. The general market was not much affected by these declines and hardened again when Rock Island and the local stocks were bid up. Rock Island rose 3¾ to 185 and Brooklyn Transit, Metropolitan Street Railway and Consolidated Gas a point. Virginia-Carolina Chemical, Colorado and Southern, General Electric and Tennessee Coal advanced 1 and New York Air Brake and Nashville, Chattanooga and St. Louis 2. The short interest took Sugar readily on the break and their buying forced a rally to 130½ at 11 o'clock.

Sugar reached 130½ and then sagged to 128¾, pulling the general list down. Dealings in this stock were on a large scale and its erratic course expressed activity elsewhere. Louisville was marked up to near 142. Des Moines and Fort Dodge, Fuller Construction and Chicago Union Traction rose 1½ to 2. Reading was active for a time and made a slight improvement. Fluctuations in the general market were narrow. Missouri Pacific rebounded to above 112 before noon.

Bonds were irregular.

KILLED AT LIMA

AN AGED RAILWAY EMPLOYE MEETS SUDDEN DEATH.

WAS STRUCK BY MAIL TRAIN

PARTICULARS OF ACCIDENT NOT KNOW HERE.

DYER GETS NEW POSITION

APPOINTED SUPERINTENDENT OF SANDUSKY DIVISION.

The officials of the police department of the Pennsylvania company in this city received a telegram this morning stating that one of the watchmen employed by that department had been killed at Lima, Ohio. The victim of the accident was Andrew Stueber, aged about 65, who was the crossing watchman at Elizabeth street, in that city. No particulars of the accident have been received other than that the unfortunate man was struck by No. 18, the mail train. Dr. F. G. Stueber, of Lima, one of the most prominent specialists in Ohio, is a son of the dead man.

NEW OFFICE ADDITION.

Another improvement commenced at the Western Gas Construction works is an addition to the main office. The vacant space between the present office and the machine shop will be the site of the new addition, which will have an entrance into the machine shop. This building has been made necessary by the increase of the office force at the works, which is at the present time somewhat cramped for room.

STORY MAY BE "FAKE."

A correspondent at Marion, Ind., sends out the following interesting story: "For some time Marion men have considered the establishment of an automobile route from this city to Huntington. For years an old stage wagon has run from here to Banquo, one of the principal towns on the road to Huntington. While the traffic on the stage route has never been large, it has always been a paying investment. Of late the business of the line has been steadily increasing, as Banquo is becoming a prosperous little town. The distance from Marion to Huntington is about thirty miles. C. A. Kurtz, of Fort Wayne, was in Marion today conferring with local men interested in the enterprise. The autos contemplated will carry fifty persons and will be operated by gasoline. Baggage wagons also will be operated." A search through the city directory reveals the existence of only one person of the name of Kurtz in Fort Wayne, and that one is a woman employed as a domestic at the Hayes hotel.

FASTEST TRACK IN AMERICA.

The fastest race track in America is in Indiana. It has a record of a mile in less than fifty seconds, and it is asserted that considerable money is banked on the races that occur on this track, which is a stretch of about ten miles between Elkhart and Goshen. The speeders are the fast trains on the Big Four and Lake Shore railroads. The tracks of the two roads run side by side, and the Big Four trains pull out of Elkhart every afternoon about the same time as the Twentieth Century limited leaves that station. It is understood between the enginemen that it means a race, and as there are no stops until Goshen is reached, there is a pretty display of scientific running. Honors thus far are about even between the trains, each one having won several races. The Lake Shore train is much larger and heavier than the other, but it is also hauled by a more powerful engine. The passengers on both trains enter wildly into the excitement of the races.

ASSUMES NEW DUTIES.

George Dyer, superintendent of the Fort Wayne and Tipton divisions of the Lake Erie and Western road, has been appointed acting superintendent of the Sandusky division to fill the vacancy caused by the serious illness of Supt. H. F. Bickell at his home in Lima, Ohio. The Sandusky division is the main one on the road. Mr. Dyer will have charge of the three divisions, with headquarters at both Lima and Sandusky, until Mr. Bickell is able to resume his duties.

The axle of a car loaded with ice on Nickel Plate train 54, broke yesterday about a mile west of the yards and it was five hours before new trucks could be placed under the crippled car, delaying trains 54 and 36 that length of time.

Mr. and Mrs. L. B. Campbell, of Chicago, returned home yesterday after a visit with friends and relatives in this city. Mr. Campbell was a clerk in the office of the Pittsburg blacksmith shop years ago, but is now in the employ of the Great Northern road.

H. S. Storrs, assistant general superintendent of the Lake Erie and Western, since appointed to the position has been out on the road most of the time planning new improvements and introducing the Vanderbilt ideas of operating a road. He is making excellent headway and is proving an efficient man for the road, which needed a general rebuilding. In roadbed and stations and in equipment there is large room for improvement, which Mr. Storrs says will come in due time.

Mrs. John Moring and children have gone to Columbia City to spend a week with friends. Mrs. Moring is the wife of the Pittsburg blacksmith.

J. M. Garvin, manager of the Rock Run, Ala., branch of the Bass Foundry and Machine works, is in the city on business and visited the main offices today.

Indianapolis Journal: "J. B. Barnes, superintendent of motive power of the Wabash, is in Fort Wayne, and denies the report that W. S. Cooper, of the Moberly shops, is to come to Fort Wayne as master mechanic. He intimates that the shops will continue in charge of Mr. Countant."

Leeds, president of the Rock Island, and Julius Walsh, with George Gould, in New York city, has been planned, when it is expected to reorganize the St. Louis Terminal association, of which the Rock Island road is now a member.

The Haley-Haberkorn Engine company has closed a contract with the Plymouth Electric Light company, Plymouth, Ind., for a 300-horse power engine of a new model, patents upon which have only recently been granted. The new cars which have been fitted up at the east car shops for the occupancy of the officials and others of the dispatcher's and trainmaster's department of the Pennsylvania, were today taken to the down town yards. The cars will be placed upon a side track near the warehouse, and while not yet completely equipped they will be so within a few days.

YOUTHFUL INEBRIATE FINED

ARRESTED ON THE STREET FOR INTOXICATION.

Will Give No Information as to Who Sold Him Liquor—General News of the Police.

The only case at police court this morning was that of Charles Spann, a young lad of 19 who was arrested for drunkenness and was sent over for 11 days. There is little difference between young Spann's case and that of too many other young lads who are frequently found in an intoxicated condition on the public streets. Spann is no better and probably no worse than the average but appears to be more mature for his years than the ordinary 19-year-old youth. He was found in company with a number of other lads of about the same age and younger, on Calhoun street and was very drunk when arrested. The others got away. An attempt was made at court this morning to find out where he procured his liquor but the attempt was unsuccessful beyond learning that the boys got drunk on beer which they had bought in bottles and drank in alleys. Young Spann did not know, or at least pretended not to know where the beer was procured and the other fellows are not known. Superintendent Gorsline says that he will vigorously prosecute any saloonkeeper who he knows sells liquor to minors.

POLICE NOTES.

As a bike detective Officer Cheviron is an unqualified success. He last night corralled two more which he deposited in the collection at the police station.

There are still a few more revolvers left over at the police station, the product of the ante-Fourth-of-July raid. Over forty guns of various descriptions were seized and all but half a dozen or so have been called for.

James Ryan would like to have the police apprehend two girls who stole his bicycle yesterday afternoon. If the girls can't be apprehended he would like to compromise on a return of the wheel.

Reuben Smith and Percy Conners are being looked for by the police. They are runaway boys from the feebleminded school.

Carl, the little son of Gottlieb Hartman, the Broadway baker, was taken to Hope hospital yesterday by the patrol wagon, very ill. The father of the young man is still missing, having disappeared nearly two weeks ago. The family is anxious concerning his whereabouts although not seriously alarmed over his absence. This freak of the elder Hartman is not unusual although his absence this time is more protracted than usual.

FUNERAL ANNOUNCEMENTS.

Norton.—Funeral services of Mrs. Matilda E. Norton will be held from the residence, 2129 Lafayette street, Saturday afternoon at 2 o'clock, Rev. J. Webster Bailey officiating, and the interment will be at Lindenwood. Mrs. Norton was formerly Miss Tillie Knight, a daughter of William Knight, who was for many years foreman of the east car shops of the Pennsylvania company. She was long a successful teacher in the public schools of the city. Surviving are her husband, a seven-months-old babe, besides four sisters—Mrs. George Anderson and Mrs. Charles Carter, of this city; Mrs. Charles Traut and Mrs. William Baker, of Logansport. William Knight, of the Lake Erie and Western shops, is an uncle of the deceased.

Mahin.—Funeral services of Rev. A. E. Mahin will be held from the Wayne Street M. E. church Monday afternoon at 2 o'clock.

CALLED HIM DOWN.

Mark Twain, relating several incidents of his travels in India, says the New York Times, told the following story anent the pomposity of the judge of the Bombay high court:

"A judge, whose bearing denoted that never for an instant could he forget his judicial distinction, was walking up and down the platform of a small railway station just before taking his seat in the train. A few minutes after the train had drawn into the station a perspiring Englishman rushed on to the platform and said to the judge:

"'Is this the Bombay train?'

"The judge, looking over the head of the questioner, remarked coldly:

"'I am not the station master.' Whereupon the Englishman retorted, with considerable heat:

"'Then, confound you, sir, why do you swagger about as if you were.'"

STILL THEY COME

No matter how much certain dealers are trying to bluff and mislead the good old fisherman in Fort Wayne we are selling more tackle every day because fishermen are beginning to find out they have at last found an up-to-date tackle store that will guarantee prices with any Chicago store. We do not pay any attention to high-priced dealers in Fort Wayne. We guarantee you to sell as low and lower than any tackle house in the world. WE BAR NONE.

We have lines from 4 for 1c up. Reels from 5c up to the great Kentucky, of which we have sold many.

Mr. I. Evans, manager of Rhinesmith & Simonson's big factory, being the latest purchaser of the Kentucky Reel. Sorry we can not get the NEW BEETLE BAIT fast enough to supply the enormous demand, but factory has guaranteed us a shipment of 8 dozen for tomorrow's big sale. Now, fishermen, when you want tackle of any description come to the leaders of low prices of the highest grade tackle on earth.

Remember the place, Freiburger Hardware Co., two blocks south of Pennsylvania depot, 1014 Calhoun street. The only up-to-date tackle house in Fort Wayne.

Scotland's largest salmon of the season has been landed from the Tay. It weighed 60 pounds and measured 4 feet 7 inches in length, its girth being 24 inches.

It is via the Pennsylvania, July 24, to Niagara Falls and return for $6.50 via Cleveland and steamer. Cleveland and Buffalo line have assigned one of their best boats for this occasion.

OUR

IMMENSE SALE OF FINE FISHING TACKLE

IS THE ENVY OF ALL OTHER STORES.

Our sales have never been so large; more than double last season. Why? Because we keep every promise and sell tackle for less than any house can buy it in this city, and keep nothing but late novelties in tackle. We buy from first hands and have the goods and the papers to show; no Jumping Jack trade can buy goods from the factories and importers we represent in this city. We do not have to offer a reward for goods we might try to hunt up; we have the goods and do not have to beat around the bush to get them.

P. S.—We do not keep over 50 kinds of Silk Lines as there are only about 10 or 15 good lines on the American market. Buy your Fishing Tackle from the old, reliable house, where you will not have to pay a second and third profit. Do not be misled by bluff advertisements; our stock is too large to enumerate. Call and see for yourselves at

IS DRAGGED BY HER HORSE

ETHEL ROOSEVELT HAS FALL FROM HER SADDLE.

Clings to the Stirrup and Rescued Without Injury—Girl Cool Despite Danger.

Oyster Bay, N. Y., July 11.—There was almost a tragedy in the Roosevelt family yesterday. Little Ethel, out galloping with her older brothers, fell from her horse because the saddle girth slipped. She was dragged fifteen feet in the mud, and the few who witnessed the accident thought she would be killed. But her own pluck and horsemanship saved her. She got up unhurt and finished her ride with the boys.

All the Roosevelts save Baby Quentin were ready for the ride when the grooms brought up the horses after breakfast. It was pouring torrents, but nobody backed out.

"So long; see you later," yelled Teddy, jr., to his father and mother, followed by the rest of the youngsters as they dashed into the woods at a breakneck pace.

Suddenly the girth on little Ethel's saddle slipped. Down into the mud she tumbled, clinging gamely to the reins and commanding "whoa" to her mount. The pony brought up as quickly as he could.

She fell on her right side, but so skillfully did she manage that she was not hurt. Two men were driving by and sprang out of their trap to help her just as her brother Archie dismounted, but they were all too late.

"Oh, I'm all right," laughed Ethel, brushing the mud from her habit.

Archie tightened the saddle girth and Ethel mounted again and galloped off for a ten-mile run.

"Oh, look at Ethel," laughed the boys when they again met their father; "she can't ride at all!"

When he heard of the accident he looked seriously at his little girl, and when he reached home reprimanded the hostlers for sending out the horse improperly saddled. Everybody was drenched to the skin, but there was a merry luncheon for the family, and quite a color, too, in the cheeks of Mrs. Roosevelt, who has been very pale since her arrival at Oyster Bay.

PLAN BIG APARTMENT-HOUSE.

Los Angeles, Cal., July 11.—Plans have been drawn for an immense apartment-house, shops and pleasure grounds to be established on the crest of the hill near Fourth street and Bunker Hill avenue, the total cost of which is expected to reach $4,000,000. The structure is intended for wealthy tourists who do not care to pass the season at the hotels.

It is proposed to erect an immense building in Egyptian style. The rooms will be divided into suites. The corners are square and protruding and large enough to include several rooms, which will give the corners the effect of towers.

AMERICANS GET BUSINESS.

Johannesburg, Transvaal, July 11.—The British Trade commissioners who recently arrived here from England admit that they are amazed at the amount of business in steel building material which is offering and comment on the indolence of the British firms. They say that so far as they are able to discover only one firm, and that an American concern, has a capable representative in South Africa, and he has been securing immense orders in Cape Town and at Johannesburg at his own prices for huge buildings up to fourteen stories by being able to quote prices promptly and promise construction with American speed.

REFUSE TO SIGN OATH.

Bloemfontein, Orange River Colony, July 11.—Difficulty has arisen regarding the oath of allegiance. Many of the Boer commandants, field cornets and officials of the late Free State government refuse to sign the oath, though few of them object to signing the document called "The Declaration," acknowledging King Edward as their sovereign. The oath of allegiance, however, is much more binding.

JURY CUT OFF ITS FEES.

Elkhart, Ind., July 11.—In the city court yesterday a jury heard evidence against Gustav Ludwig, accused of assaulting the wife of his brother, Alvin Ludwig, during a family quarrel arising from the act of their mother in deeding property to Gustav. The jury gave the following verdict: "We, the jury, find the defendant guilty, and recommend that he be assessed $1 fine, provided no jurors' fees are charged against him." Though technically illegal, Judge Blake accepted the verdict, there being no protest from the defendant's attorney, and Ludwig paid the fine and costs, the latter, minus the jurors' fees, amounting to $12.70. Though all jurymen conceded that Ludwig was technically guilty, the foreman and another juror held out for the provisional verdict on the ground that Ludwig's offense was not serious enough to justify muleting him to the full extent of the court costs.

AT WINONA ASSEMBLY.

Winona Lake, Ind., July 11.—The Woman's club has been reorganized and officers have been elected for the season. They are: President, Mrs. A. K. Clark, Fort Wayne; vice president, Mrs. John Coulter, Chicago; secretary, Miss Margaret Hill, Knightstown. At the first meeting of the year Mrs. F. F. McCrea, of Indianapolis, read a paper on "The Other Side; or, the New Woman."

Ernest Thompson-Seton, with his stories of animal life, was the principal attraction at the assembly yesterday, lecturing both afternoon and evening. The afternoon lecture was on "Personalities of Wild Animals," and at night he gave his lecture on "Wild Animals I Have Known." At 5 o'clock yesterday afternoon Mr. and Mrs. Hugh McGibney gave a musical entertainment in the auditorium.

MONKEYED WITH THEIR GUNS

RIVER MATE TOOK ALARM AND SHOT BOTH DEAD.

Two Long-Haired Medicine Venders Pose as "Bad Men" and are Killed on Steamboat.

Davenport, Iowa, July 11.—A shooting affray on the Diamond Jo liner Dubuque, running between St. Louis and St. Paul, resulted yesterday in the death of two patent medicine sellers, who called themselves "Christopher Leonidas & Son, the Long-Haired Medicine Men."

The men boarded the boat at Rock Island wearing sombreeros, guns and bowies, and were soon quarreling with the crew, and finally clashed with Mate Dan Breen. The strangers wore marksmen's medals, and are said to have given shooting exhibitions, but the mate's gun was first out, and before the others got the range they were down, the older man with a bullet in the groin that came out at his back. Both died almost instantly.

QUEER LOOKING PAIR.

The men had been selling medicines in Rock Island and took passage for MacGregor, Iowa. They were a peculiar looking pair, long braided hair hanging over their shoulders, the father wearing a tawny beard. Besides their revolvers and knives each carried a blacksnake whip, with which they struck at the negro roustabouts when they came near. The passengers gave them a wide berth.

Their bullying manners led Mate Breen to suggest that they take off their belts and leave their arms with the clerk. This request brought out profane replies and motions toward their weapons that led the mate to draw and shoot. At the first shot the younger man clasped his hand to his side. "Father, let up," he cried, "I'm shot." By this time the mate's bullets had found the older man, who fell to the deck with two holes through him.

Breen was arrested, but was exonerated by a coroner's jury and released after four hours' detention. He is a veteran river man, about 55 years of age, and has a family at Dubuque.

PLEADS SELF-DEFENSE.

"It was my life or theirs," he said, after his release. "They were bad men, had been bullying the crew, called down the captain and were after me. I knew it was kill or be killed. They wanted to run the boat and we couldn't let them."

The men had been in Rock Island about three days selling their preparations, the principal one an alleged hair restorer. A license signed by Mayor Harrison, of Chicago, showed that they were in that city from May 18 to June 18 this year. A memorandum in the pocket of one of them said:

"April 9, 1902.—We are at and live at 489 Wabash avenue. We are known as Leonidas & Son, the Long-Haired Medicine Men, and our main address is Central City, Colorado."

GIVES HIS WIFE TO ANOTHER.

Evansville, Ind., July 11.—After twelve years of married life, Mrs. Fred L. Ruehmann asked her husband to permit her to join Alexander Edmondson, a railroad fireman, with whom, she said, she had fallen in love. In addition she asked for several thousand dollars as her share of her husband's estate. Failing to dissuade her, Ruehmann told her she might go, gave her $75 and promised to sell some property and send to her the proceeds. Last night he stood in the shadow of a building and watched her and Edmondson board a train. Today Ruehmann said he would sue for divorce. His wife and Edmondson have gone to Terre Haute. Ruehmann is thirty-five years old, his wife thirty and Edmondson thirty. Ruehmann is said to be worth $30,000, and he and his wife never had a quarrel.

THE BAPTIST YOUNG PEOPLE

TEN THOUSAND DELEGATES AT PROVIDENCE.

Every State and Territory, With Mexico and Canada Represented There.

Providence, R. I., July 10.—Delegates were present from every state and territory in this country and from Canada and Mexico when the Baptists Young Peoples' Union of America met for their annual convention in this city today. Nearly ten thousand delegates, half of whom arrived here during the night and early today, congregated in infantry hall and at the First Baptist church for the opening praise service which began at 9:30. The convention, which will continue until Saturday, was formally opened by President Chapman, of Chicago.

The program is of unusual interest. Among those scheduled to take part are the Rev. Dr. H. F. Perry, of Chicago; Prof. J. M. Stifler, Chester, Pa.; Rev. Dr. J. W. Weddell, of Davenport, Iowa, and Rev. Dr. Russell H. Conwell, of Philadelphia.

The opening sessions were devoted to addresses of welcome from state and city officials and committee members and responses. Governor Kimball extended the welcome of New England and Mayor Granger that of the city of Providence.

In behalf of the board of managers, Rev. Curtis Lee Laws, D. D., of Baltimore, made the responses.

Eczema, Psoriasis, Salt Rheum, Tetter and Acne

Belong to that class of inflammatory and disfiguring skin eruptions that cause more genuine bodily discomfort and worry than all other known diseases. The impurities or sediments which collect in the system because of poor digestion, inactive Kidneys and other organs of elimination are taken up by the blood, saturating the system with acid poisons and fluids that ooze out through the glands and pores of the skin, producing an indescribable itching and burning, and the yellow, watery discharge forms into crusts and sores or little brown and white scabs that drop off, leaving the skin tender and raw. The effect of the poison may cause the skin to crack and bleed, or give it a scaly, fishy appearance; again the eruptions may consist of innumerable blackheads and pimples or hard, red bumps upon the face. Purification of the blood is the only remedy for these vicious skin diseases. Washes and powders can only hide for a time the glaring blemishes. S. S. S. eradicates all poisonous accumulations, antidotes the Uric and other acids, and restores the blood to its wonted purity, and stimulates and revitalizes the sluggish organs, and the impurities pass off through the natural channels and relieve the skin. S. S. S. is the only guaranteed purely vegetable blood purifier. It contains no Arsenic, Potash or other harmful mineral.

"I can cheerfully endorse your S. S. S. as a cure for Eczema. I was troubled with it for 25 years and tried many remedies with no good effects, but after using a few bottles of S. S. S. was entirely relieved. Wm. Campbell, 313 W. Central St., Wichita, Kan.

MORGAN WINS THE KAISER

MAGNATE TRANSACTS BUSINESS WITH WILHELM.

Huge Shipping Compact—German and American Lines to Work Together Against Combines.

Berlin, July 11.—J. Pierpont Morgan's interview with the kaiser, on board the Corsair, was not exclusively an exchange of pleasantries and small talk. Mr. Morgan managed to transact some important business.

A well-founded report in financial circles is that not only was the recent treaty between the trans-Atlantic steamship trust and the two principal German lines ratified, but that a still more sweeping and closer compact was made than the public has been given to understand.

The immense tonnage and unequaled speed and capacity of the German steamship lines are such as to offer to the Morgan steamship interests formidable rivalry in case of misunderstanding or rate cutting.

FORM BIG COMPACT.

One of the results of Mr. Morgan's visit to the kaiser and the directors of the Hamburg-American and the North German Lloyd line at Kiel and Hamburg is that the German and American lines are to work together if any third combination, such as the English companies threaten to form, should present itself.

Mr. Morgan promised the kaiser that his ships should not interfere in the trade between New York and Hamburg and Bremen and that no encroachments would be made upon German markets by foreign freight rates up or down.

It is regarded significant that Mr. Morgan was constantly the guest of Herr Ballin, the director general of the Hamburg-American line.

That line provided a splendid banquet for the whole party on the eve of their departure from this city. Magnificent railroad coaches were provided to bring Mr. Morgan and his party hither, and all expenses were paid by the line.

Mr. Morgan's visit has lifted a burden from the hearts of the shareholders of the German steamer stock. The rumor that he intended to swallow the German lines is vanishing, but there is here and there a discordant note, and he is charged with trying to make himself solid and then gradually to extend his influence over the German lines.

CUNARD LINE TO JOIN.

New York, July 11.—The agent of a big line connected with the Morgan steamship trust, said today that he had received a cable message that the Cunard line would enter the "community of interests" as a result of a conference held in London.

"There will be denials all around," he said, "but within a few weeks will come the official announcement that the Cunard line, having seen the futility of fighting the community of interests, has become part and parcel of the syndicate and will come under its management.

"The whole thing is cut and dried. The Cunard line is about to become a member of the Morgan family, if it has not already done so, and all talk of that line fighting the syndicate is at an end."

SAY MORGAN IS DISLOYAL.

Washington, July 11.—Army and navy officers are sorely disappointed over Mr. Morgan's offer to the British admiralty to place British steamers purchased by his combination at the disposal of Great Britain in the event of war during the next fifty years, and they make no effort to disguise the fact. They openly criticise and condemn him, saying that as the ships were purchased with American capital he should have given the United States first call on them in case of war. The Spanish war disclosed a lack of steamers available for the army and navy as transports and auxiliary cruisers. Mr. Morgan has placed himself in the attitude of disloyalty to his own country, they insist. Admitting that the paying of subsidies should give Great Britain the first call on her ships, they contend that it would have been much better had Mr. Morgan put died his hands and placed at the disposal of a possible enemy ships that would be of invaluable service to the United States.

LEAVES THE JAIL TO MARRY.

Louisville, Ky., July 11.—Albert German, under sentence of seven years in the penitentiary for embezzling from the Third National bank, was allowed to leave the jail Wednesday and marry his secretary, Miss L. Leonard Lee. When Jailer Pilanz heard of it he sent a deputy posthaste after him. The deputy broke open the door and found Rev. John K. Mason half way through the ceremony. He seized German by the arm and dragged him out of the room. Dr. Mason followed and finished the ceremony as German was being pulled out of the door. The federal judge has had the jailer arrested for contempt of court.

LUTHERANS DISCUSS PRAYER.

St. Paul, Minn., July 11.—The Lutheran league convention enjoyed a discussion yesterday that involved indirectly one of the fundamental principles of the Lutheran church. Some of the delegates saw in an apparently harmless resolution the entering wedge for a series of mechanical instead of spontaneous prayers. The trouble was finally settled by eliminating the objectionable matter.

The following officers were elected:

President—W. C. Stoever, Philadelphia.

Recording Secretary—C. G. Grauer, Buffalo.

Statistical Secretary—Rev. C. K. Hunton, Columbus, O.

Literature Secretaries—Rev. Charles L. Fry, Philadelphia, and George H. Schnur, Chillicothe, O.

Treasurer—John F. Dinkey, Rochester, N. Y.

M. C. Olson, of Chicago, read a paper on "Work Without Prayer."

PRESIDENT OF EDUCATORS

ASSOCIATION ELECTS ELIOT OF HARVARD.

Prof. Pearcy, of Indiana, One of the Vice Presidents—J. G. Schurman Speaks.

Minneapolis, Minn., July 10.—Today was another busy day for the members of the National Educational association, whose convention here will be finished tomorrow. The morning was given up to a general session of the association in the exposition auditorium, while the afternoon was devoted to meetings of the various departments.

The nominating committee gathered early in the day and settled on the list of officers to be presented to the association. It was duly ratified later on. President Charles W. Eliot, of Harvard, was unanimously selected for president of the association, after a eulogistic nominating speech by Dr. Nicholas M. Butler, of Columbia university. W. N. Davidson, of Kansas, was selected for treasurer, and, according to custom, the outgoing president, W. B. Beardshear, of Iowa, was named for first vice president. J. B. Pearcy, of Indiana, was elected one of the other vice presidents.

There was a large attendance at the general session, which was signalized by three notable addresses. After Miss Ednah Hall had sung "Elsa's Dream," from "Lohengrin," and Rev. James H. Montgomery, of Wesley M. E. church, had offered prayer, James Wilson, secretary of agriculture, was introduced and spoke on "The Education of the Farmer."

Dr. Jacob Gould Schurman, president of Cornell university and former member of the Philippine commission, then made a most interesting address on "Education in the Philippines," in which h said in part:

"We glory in our applied mechanics which are destined to develop the physical resources of the Philippine islands, but far more glorious is our political philosophy which is full of hope and promise for the Philippine nation and for every people and race on the globe.

"The kind of people we are, the way we govern ourselves, the history we have made and the political philosophy we have given to the world, all consecrate us Americans as the advocates and preachers of liberty, democracy and national independence. And I believe that an independent Philippine republic would be the final result, as it would be the most glorious consummation of our great educational work in the Philippines."

The last speaker was Mrs. Carrie Chapman Catt, of New York. She said in part:

SHOT HIS WIFE AND HIMSELF.

Rising Sun, Ind., July 11.—George Bradford shot his wife and himself on Main street, last night, in the presence of hundreds of persons in town to attend the Sons of Veterans' camp. Mrs. Bradford's wounds are in the breast and hip. Her husband put the muzzle of his revolver at his head and fired. He was instantly killed. Mrs. Bradford is in a critical condition. Her husband's funeral will be held tomorrow morning at the home of his sister, Mrs. Cornelius R. Harris. He drank heavily and recently his wife filed a suit for divorce. They had been married twenty-five years.

ASKS FIFTY-YEAR FRANCHISE.

Warsaw, Ind., July 11.—The Winona, Elkhart and South Bend Electric Railway company has petitioned the Warsaw city council for a fifty-year franchise. The project includes the possibility of a line from Nappanee to Warsaw and Winona almost immediately. The promoters of the enterprise are Samuel F. George, Dayton, O., president, also president of the Fort Wayne, Dayton and Cincinnati Traction company; George W. Scott, Troy, O.; J. A. Norris, Baltimore, and Charles Geihart, Dayton, O., secretary of the Fort Wayne, Dayton and Cincinnati Traction company. The council is favorably disposed toward granting the franchise.

SWINDLER JUMPED OFF TRAIN.

Greencastle, Ind., July 11.—At 4 o'clock yesterday morning a man, who has given the names of G. B. Clarke, Arthur Clarke, A. Shaft and Frank Clarke, jumped from a rapidly moving Monon south-bound passenger train as it passed a point about a mile south of Limedale. Clarke was being taken to Saltlick, Bath county, Kentucky, to face the officers of a bank from which, it is said, he illegally drew $200. Several days later a bank in Chicago asked the Saltlick bank if it would honor a draft on Shaft's account. The reply was to have Shaft arrested. He was being taken to Kentucky when he jumped off the train near here. No trace of him has been found, and it is believed that he has escaped on another train or has secreted himself in the woods near the place where he escaped, the woods in that part of the county being thick and full of sink holes.
